

**OKLAHOMA STATE BOARD OF LICENSURE FOR
PROFESSIONAL ENGINEERS AND LAND SURVEYORS**

220 N.E. 28th Street, Suite 120
Oklahoma City, OK 73105-2802 (405) 521-2874

Please select in the space below your discipline(s) of engineering for which you will be offering your services in Oklahoma.

Selecting a discipline of engineering does not necessarily indicate competency to practice all aspects of that discipline of engineering. The licensee is required by law to only practice within the discipline of engineering in areas in which the licensee is competent.

As an example, listing "Civil" as your primary discipline does not necessarily mean that you are competent to do all types of civil engineering projects. The civil engineer's specialty may be in wastewater, but not transportation. In this case, the engineer would simply list "Civil".

The following criteria must be met to designate a discipline of engineering:

- a. A degree in the discipline of engineering, **or**
- b. An experience record documenting at least 4 years of experience in the discipline of engineering under the supervision of a PE, verified by at least one PE reference provider that has personal knowledge of the license holder's character, reputation, suitability for licensure, and engineering experience, **or**
- c. Verification of successful passage of the examination on the principles and practice of engineering exam in the discipline of engineering designated.

(If you are currently applying to take the PE exam in a discipline of engineering other than the discipline of engineering in which you have a degree or the required experience listed in a & b above, you may list the discipline for which you are examining but it will not be granted until you have successfully passed the examination.)

Please choose your discipline(s) from the list below.

- | | |
|------------------------------|-----------------------------|
| 1. Architectural | 15. Geotechnical |
| 2. Aeronautical | 16. Industrial |
| 3. Agricultural | 17. Manufacturing |
| 4. Biomedical/Bioengineering | 18. Mechanical |
| 5. Ceramic | 19. Metallurgical |
| 6. Chemical | 20. Mining and Mineral |
| 7. Civil | 21. Naval Arch/Marine |
| 8. Construction | 22. Nuclear |
| 9. Control Systems | 23. Petroleum |
| 10. Electrical | 24. Software |
| 11. Engineering Physics | 25. Structural (without SE) |
| 12. Environmental | 26. *Structural (with SE) |
| 13. Fire Protection | 27. Textile |
| 14. Geological | |

*** Structural (with SE): Applicant must have completed 16 hours of NCEES Structural exams or the PE exam and the NCEES Structural II exam to choose this discipline.**

PRIMARY DISCIPLINE: _____

SECONDARY DISCIPLINE(S): (if applicable) _____

Once an applicant is licensed and has declared the discipline(s) in which they are competent, they may request to add an additional discipline by application to the Board using the same criteria listed in a-c above and paying the required fee.

I certify that I have read the criteria for designating a discipline of engineering and meet this criteria for the discipline(s) listed above.
