

**INFORMATION FOR FAILING P.E. CANDIDATES FROM THE
OKLAHOMA STATE BOARD OF LICENSURE FOR PROFESSIONAL ENGINEERS & LAND SURVEYORS**

Beginning in 2022, all PE exam disciplines besides the PE Structural exams are computer-based and administered at NCEES-approved Pearson VUE test centers. Please visit the NCEES website: www.ncees.org/engineering/pe for exam-specific registration deadlines, test dates, and other important information. Registration for the April 22-23, 2022 PE Structural exams will **open on December 13, 2021, and will close at 2:00 pm CST on February 24, 2022.** No late registrations are allowed by NCEES. Please note that it is your responsibility to register with NCEES to reserve your seat for the exam.

If this was your third unsuccessful attempt, your application will be closed. Pursuant to new Administrative Rules that went into effect on November 1, 2020, you will register directly with NCEES for future exam opportunities. Once you have passed the exam and completed all education and experience requirements, you will then make application with the Board.

If you have questions concerning this matter, please contact Ms. Taylor Aizenman at taizenman@pels.ok.gov.
