

SoonerStart Early Intervention Program

Consent for Re-Evaluation and Prior Written Notice

Family's Name:	Child's Name:	Date of Birth:
----------------	---------------	----------------

Consent Means that:

The parent has been fully informed of all information relevant to the activity for which consent is sought in the parent's native language as defined in 34 CFR §303.25; (b) The parent understands and agrees in writing to the carrying out of the activity for which the parent's consent is sought, and the consent form describes that activity and list the early intervention records (if any) that will be released and to whom they will be released; and (c)(1) The parent understands that the granting of consent is voluntary on the part of the parent and may be revoked at any time. (2) If a parent revokes consent, that revocation is not retroactive (i.e. it does not apply to an action that occurred before the consent was revoked)." 34 CFR § 303.7

Action Proposed:

In order to determine if your child continues to be eligible for SoonerStart early intervention services, a multidisciplinary team evaluation will be conducted by at least two qualified individuals from different disciplines. Your participation, as a member of the evaluation team, is strongly encouraged. You know your child best and can provide important information about your child. The evaluation may include:

- A review of relevant records, such as medical records;
- Parent interview;
- Observation of your child; and,
- A determination of your child's functioning in the areas of:
 - cognitive development,
 - communication development
 - social-emotional development,
 - adaptive development (self-help)
 - physical developmental (including gross and fine motor skills, vision and hearing)

The evaluation results will indicate how your child is doing in all of these areas and will determine if your child remains eligible to receive SoonerStart services. These results are kept in your child's early intervention record. This information will remain confidential.

Description:

How the evaluation is performed will vary based on the needs of your child. It may include review of medical/developmental records, parent interview, child observation, and administration of formal and informal developmental evaluation tools. Your child must exhibit a 25% delay in their developmental age compared to their chronological age (or score one and one-half standard deviations below the mean in one or more developmental domains or sub-domains); or continue to have a diagnosed automatic qualifying condition to remain eligible to receive SoonerStart services.

The SoonerStart multidisciplinary team will talk with you about your role in the re-evaluation process, the results and provide you with additional information regarding community resources if your child is no longer eligible for SoonerStart services. You will be provided with prior written notice before any further actions are taken by the SoonerStart program.

Acknowledgment and Statement of Consent:

I have been informed of my parent rights and procedural safeguards as required under IDEA Part C and have received a copy of *Parent Rights for SoonerStart – Notice of Procedural Safeguards* which includes SoonerStart's "Record Maintenance, Retention and Destruction Procedures". These rights have been explained to me and I understand them.
