

# Help Improve the Accessibility of Oklahoma's Voting Machines

Oklahoma ABLE Tech at OSU has partnered with the Research Alliance for Accessible Voting to assess the effectiveness of Oklahoma's accessible voting machines. The goal is to help improve access to and allow individuals with disabilities to vote independently and privately in all polling locations. This initiative is funded through the Election Assistance Commission, which trains individuals with disabilities on accessible voting machines that are available at all polling places.

## How Can You Participate?

Who We Need:	What You Need to Do:
<input checked="" type="checkbox"/> People with disabilities who have trouble using a standard voting machine	<input checked="" type="checkbox"/> Attend a scheduled training or call to make an appointment
<input checked="" type="checkbox"/> People who utilize switches or sip and puff devices	<input checked="" type="checkbox"/> Test the voting machine for its accessibility features
<input checked="" type="checkbox"/> People who have visual impairments	<input checked="" type="checkbox"/> Participate in a brief survey during the training and earn \$10 for your time

## Schedule a Training Today!

Attend an upcoming training or contact ABLE Tech to make an appointment at 405.744.9748 or [abletech@okstate.edu](mailto:abletech@okstate.edu)
