

All About rees

The Oklahoma Conservation Commission and the Rogers County Conservation District invite you to spend the day with us learning all about trees. This 6-hour workshop will introduce you to the parts of a tree and their functions, methods for identifying trees, and the roles that trees play in the environment. Come prepared to investigate a variety of trees in a classroom setting as well as outdoors.

Materials: Participants will receive tree ID guides, posters and information on activities/lesson plans. Participants will also take home their own set of Tree Cookies.

Date: **Wednesday, January 15, 2014**

Location: **Rogers County Conservation Education Reserve, Claremore, OK**

Time: **9:00 am to 3:30 pm**
(Teachers receive 6 hours of professional development credit)

Cost: **\$20** (Lunch and materials included)
Enrollment is limited to 20 participants. Registrations will be accepted on a first-come, first-served basis.

REGISTRATION DEADLINE: Friday, January 3, 2014
