FERAL SWINE DIRECTORY

Landowner Application

PURPOSE

The Oklahoma Department of Agriculture, Food, & Forestry (ODAFF) maintains the Feral Swine Directory to assist landowners with feral swine problems in finding hunters and trappers willing to help control the feral swine population on their private lands.

ODAFF maintains this directory to enhance public access to information about the problems associated with feral swine and the importance of controlling the feral swine population.

The Feral Swine Directory will serve as a resource for landowners desiring to mitigate feral swine control issues on their private property while stimulating industry development for those individuals involved in feral swine trade and control.

This directory is voluntary. Your information will be added to the directory and remain for a period of one year.

Information will be displayed on the ODAFF website at www.ag.ok.gov.
