Nilfisk -Advance Install Program

For machines that require an install the following is expected to be performed by the assigned dealer.

Basic Installation includes:

- Uncrating and set up of equipment
- Performing a quality check on equipment
- Train end user personnel in equipment use and maintenance
- Provide prompt response to service issues
- Provide warranty work as requested
- Submit all required paperwork

Installation may also include:

- Site survey
- Demonstration of equipment
- Delivery of equipment
- Additional training to end user employees as needed

Installation is performed at no additional cost to the end user.
