Other Countries	\$0.50 per recipient to send, \$0.25 per message to receive plus global data roaming charges. Visit verizonwireless.com/internationalmms for supported countries.

Notes: Current coverage details, and list of Other Available Countries can be found at www.verizonwireless.com/global. See attached Calling Plan and Feature Details for important information about calling plans, features and options. *Applies to all global-capable devices. Must be added to a domestic 3G Mobile Broadband calling plan with domestic 3G Mobile Broadband Connect/Mobile Hotspot.

Pay Per Use Data Roaming*

Monthly Data Allowance	N/A
Monthly Access Fee	N/A
Rate After Allowance (Canada)	\$0.002/KB (\$2.05/MB)
Rate After Allowance (Mexico,	\$0.005/KB (\$5.12MB)
Rate After Allowance (Other Available Countries)	\$0.02/KB (\$20.48/MB)

Notes: Current coverage details and list of Other Available Countries can be found at www.verizonwireless.com/global. See attached Calling Plan and Feature Details for important information about calling plans, features and options. *4G devices require Pay Per Use subscription to roam outside of the U.S. and Canada. International Eligibility is required to roam in many countries.

Plans and Associated Charges: Billing, shipping and end-user address must be within an area where Verizon Wireless is licensed and provides service. Charges for calls will be based on the cell sites used, which may be outside the calling plan coverage area even when the subscriber is physically within the coverage area. Time of the call is based on the telephone switching office that carries the call, which may be different from the time of day shown on subscriber's phone. Unused monthly minutes and/or Megabytes are lost. On outgoing calls, charges start when subscriber presses **SEND** or the call connects to a network, and on incoming calls, when the call connects to a network (which may be before it rings). A call may end several seconds after subscriber presses **END** or the call disconnects. Calls made on the Verizon Wireless network are only billed if they connect (which includes calls answered by machines). Billing for airtime and related charges may sometimes be delayed. Calls to "911" and certain other emergency services are toll-free and airtime-free. Airtime may be charged when dialing toll-free numbers.

Anytime Minutes: Anytime Minutes apply when making or receiving calls from a calling plan's rate and coverage area. Coverage information is available at www.verizonwireless.com. Airtime is rounded up to the next full minute. Allowance minutes/Megabytes are not transferable except as may be available on plans with sharing. In order to gain access to coverage in newly expanding markets, subscribers must periodically dial *228 to update roaming information from voice or Smartphone devices; from the VZAccess Manager, go into "Options" and click "Activation," while in the National Enhanced Services Rate and Coverage Area every three months. This may alter the rate and coverage area. Automatic roaming may not be available in all areas and rates may vary. Roaming charges may be delayed to a later bill.

Long Distance: Unlimited domestic long distance is included when calling from the plan's rate and coverage area, unless otherwise specified in the plan.

Unlimited Messaging: Unlimited Messaging is included with the Talk & Text Plans and is available in the National Enhanced Services rate and coverage area in the United States. Messaging applies when sending and receiving (i) text, picture and video messages to and from Verizon Wireless and Non-Verizon Wireless customers in the United States, (ii) Text, picture, and video messages sent via email, (iii) Instant messages, and (iv) Text messages with customers of wireless carriers in Canada, Mexico, Puerto Rico, and the U.S. Virgin Islands. Messaging is subject to Text, Picture, and Video Messaging Terms and conditions. Premium messages are not included. **Friends & Family for Business:** Calls directed to and received from an account's listed Friends & Family numbers shall not use Monthly Anytime Voice Minutes. For Nationwide for Business plans with 900 minutes or more or 450 minute plan with the share option can add up to ten (10) Friends & Family numbers. Only calls from Nationwide Coverage Area to designated domestic landline or wireless numbers (excluding Directory Assistance, 900 numbers, or customer's own wireless or Voicemail access numbers) may be added; all qualifying lines on an account share the same Friends & Family numbers, up to account's eligibility limits; My Verizon, My Business Account or Verizon Enterprise Center is required to set up and manage Friends & Family numbers.

Mobile to Mobile Calling: Mobile to Mobile Calling minutes apply when making calls directly to or receiving calls directly from another Verizon Wireless subscriber while in the Nationwide Rate and Coverage area. Mobile to Mobile calls must originate and terminate while both Verizon Wireless subscribers are within the Mobile to Mobile Calling area. Mobile to Mobile Calling is not available (i) with fixed wireless devices with usage substantially from a single cell site, (ii) for data usage including Push to Talk calls, Picture or Video Messaging (iii) if Call Forwarding or No Answer/Busy Transfer features are activated, (iv) for calls to Verizon Wireless customers using any of the global services, (v) for calls to check Voice Mail, (vi) in those areas of Louisiana and Mississippi where the users roaming indicator flashes, (vii) in Canada and Mexico and (viii) to users whose current wireless exchange restricts the delivery of Caller ID And (viii) for incoming calls if Caller ID is not present or Caller ID Block is initiated. Mobile to Mobile Calling minutes will be applied before Anytime Minutes.

Night and Weekend Minutes: Apply to calls made in a calling plan's rate and coverage area only during the following hours: 12:00 am Saturday through 11:59 pm Sunday and 9:01 pm to 5:59 am Monday through Friday. If both Night and Weekend and Mobile to Mobile Calling minute allowances apply to a given call, Mobile to Mobile Calling minutes will apply before Night and Weekend minutes.

However, if either allowance is unlimited, the unlimited allowance will always apply first.

Nationwide for Business Share Option: The Share Option is available to businesses with a minimum of five (5) Nationwide for Business lines on the same account with the share option. The Monthly Anytime Minutes of all lines on an account will be aggregated, and then allocated first to the line with the highest anytime minute usage, and then to the line with the next highest usage.

Push to Talk: Push to Talk calls may only be made with other Verizon Wireless Push to Talk subscribers, and only from the National Enhanced Services Rate and Coverage Areas. The Push to Talk feature can be added to plans with a monthly access fee of \$34.99 or higher.

For optimal Push to Talk performance, all callers on a Push to Talk session must have a device that supports EV-DO Rev. A and receives EV-DO service. A Push to Talk call is terminated by pressing END or will automatically time out after ten (10) seconds of inactivity. While you are on a Push to Talk call, voice calls will go directly to Voice Mail. When you are on a voice call, you can't receive a Push to Talk call. You cannot prevent others who have your wireless phone number from entering you into their Push to Talk contact list. Only one person can speak at a time during Push to Talk calls. When using your phone keypad to make a Push to Talk call, you must enter the ten-digit phone number of the called party. Presence information may not be available for all Push to Talk contacts. The accuracy of presence information may be affected by the network registration status of a Push to Talk contact. Your Push to Talk service cannot be used for any applications that tether your phone to computers or other devices for any purpose. Push to Talk-capable phone and plan/feature required. Push to Talk subscribers cannot use Push to Talk or other data products and services (i.e. Picture Messaging, Mobile Web, Get It Now, Mobile Broadband Connect, etc) while roaming on other carriers' networks at this time.

International Eligibility: International Eligibility requires a minimum payment history and credit approval; a contract term and security deposit may also be required. Failure to maintain these requirements may result in suspension of International Eligibility without notice. You can remove International Eligibility at any time by calling Customer Service. You are responsible for any unauthorized use of your SIM Card and will safeguard security codes. Upon termination of service, destroy your SIM Card. See verizonwireless.com/global for details.

International Long Distance: You need International Eligibility to make international calls to most countries, but you can make calls to some North American destinations without it. Additional surcharges may apply when calling certain countries; see verizonwireless.com/global for details.

Verizon Wireless International Long Distance Value Plan: International Eligibility required to call most countries. Value Plan feature is not available on all Plans. Rates are subject to change without notice. Standard International Long Distance rates apply in addition to airtime charges per your Plan on calls made from the Verizon Wireless network. Rates and service availability may vary when your phone's banner displays "Extended Network." Value Plan rates apply only on calls to Value Plan Countries made from your Plan's Rate and Coverage Area. If a subscriber's Plan's Rate and Coverage Area includes calls to any Value Plan country, those calls will be billed per the Plan. Except when roaming on another carrier's network, in which case that carrier's rates, taxes and surcharges apply. For Value Plan subscribers, calls made from the Verizon Wireless network to countries not included in the Value Plan will be billed at standard International Long Distance rates. Additional surcharges may apply when calling certain destinations, see www.verizonwireless.com/international for details.

International Roaming: Some services, such as premium text messaging, directory assistance, entertainment lines and third-party services, may be available, and charges for these services will be billed (along with applicable toll charges) in addition to roaming rates. Message-waiting-indicator service is not available where Text Messaging is not available. When using Global Phone, or Global Data services, or if you subscribe to a Nationwide Plus Canada or Nationwide Plus Mexico Plan, and you're roaming near country borders, calls may be carried by a cell site located in a neighboring country and billed at that country's rates. Verizon Wireless will terminate your service for good cause if less than half of your voice or data usage over three consecutive billing cycles is on the Verizon Wireless National Enhanced Services Rate and Coverage Area. See verizonwireless.com/global for rates and destinations, which are subject to

change without notice. International Eligibility required for GSM roaming, and for CDMA roaming in many destination. Rates, terms and conditions apply only when roaming on participating GSM and CDMA networks in published destinations. Availability of service, calling features, and Text messaging varies by country and network and may be restricted without notice. You must add International Eligibility to your account to roam in many destinations. Visit verizonwireless.com/narooming. By using Equipment outside the United States, subscriber is solely responsible for complying with all applicable foreign laws, rules and regulations ("Foreign Laws"), including Foreign Laws regarding use of wireless phones while driving and use of wireless camera phones. Verizon Wireless is not liable for any damages that may result from subscriber's failure to comply with Foreign Laws.

Roaming in CDMA countries outside of the US: CDMA Roaming rates are available at www.verizonwireless.com. Roaming in CDMA countries is only available in "CDMA" mode where service is available. Where Text messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received, and applies when roaming in most foreign countries. Text messaging rates are subject to change. An update to Equipment software is required to roam in S. Korea.

Roaming in GSM countries: CDMA/GSM Global Phone, activated in the United States with compatible subscriber Identity Module (SIM) card required. Rates, terms and conditions apply only when roaming on participating GSM networks in published Global Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive incoming calls (including return calls from emergency services personnel) may be restricted. See www.verizonwireless.com for coverage and airtime rates. Service in certain countries may be blocked without prior notice. Where Text messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received. Text messaging rates are subject to change. Text messages may be sent only to MTNs of (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in international text messaging. Check www.vtext.com for the most current list of participating foreign carriers.

Data Services: Verizon Wireless charges you for all data and content sent or received using our network (including any network overhead and/or Internet Protocol overhead associated with content sent or received), as well as resolution of Internet Protocol addresses from domain names. Sending or receiving data using a virtual private network (VPN) involves additional VPN overhead for which you will be charged. Please note that certain applications or widgets periodically send and receive data in the background, without any action by the user, and you will be billed for such data use. Applications may automatically re-initiate data sessions without you pressing or clicking the **SEND** or connect button. Data sessions automatically terminate after 24 hours. A data session is inactive when no data is being transferred. Data sessions may seem inactive while data is actively being transferred, or may seem active when the data is actually cached and data is not being transferred. If you have a Data Only plan and use voice service, domestic voice calls will be billed at \$0.25/minute.

Verizon Wireless is implementing optimization and transcoding technologies in our network to transmit data files in a more efficient manner to allow available network capacity to benefit the greatest number of users. These techniques include caching less data, using less capacity, and sizing the video more appropriately for the device. The optimization process is agnostic to the content itself and to the website that provides it. While Verizon Wireless invests much effort to avoid changing text, image, and video files in the compression process, and while any change to the file is likely to be indiscernible, the optimization process may minimally impact the appearance of the file as displayed on your device. For a further, more detailed explanation of these techniques, please visit verizonwireless.com/vzwoptimization www.verizonwireless.com/global.

Verizon Wireless strives to provide customers with the best experience when using our network, a shared resource among tens of millions of customers. To further this objective, Verizon Wireless has implemented Network Optimization Practices designed to ensure that the overwhelming majority of data customers aren't negatively impacted by the inordinate data consumption of a few users. If you use an extraordinary amount of data and fall within the top 5% of Verizon Wireless data users, Verizon Wireless may reduce your data throughput speeds when connected to a congested cell site. The reduction can

last for the remainder of the current bill cycle and the immediately following bill cycle to ensure high quality network performance for other users at locations and times of peak demand. For a further more detailed explanation of these techniques please visit www.verizonwireless.com/networkoptimization. Data transfer amounts will vary based on application. If you download an audio or video file, the file may be downloaded in sections or in its entirety; data charges will apply to the portion downloaded, regardless of whether you listen to or watch all of it. You may access and monitor your own data usage during a particular billing period, including during the Return Period, by accessing My Verizon online or by contacting Customer Service.

Data Services: Permitted Uses: You can use Verizon Wireless Data Services for accessing the Internet and for such uses as: (i) Internet browsing; (ii) email; (iii) intranet access (including accessing corporate intranets, email and individual productivity applications made available by your company); (iv) uploading, downloading and streaming of audio, video and games; and (v) Voice over Internet Protocol (VoIP).

Data Services: Prohibited Uses. You may not use our Data Services for illegal purposes or purposes that infringe upon others' intellectual property rights, or in a manner that interferes with other users' service, that violates trade and economic sanctions and prohibitions as promulgated by the Departments of Commerce, Treasury or any other U.S. government agency, that interferes with network's ability to fairly allocate capacity among users, or that otherwise degrades service quality for other users. Examples of prohibited usage include: (i) server devices or host computer applications that are broadcast to multiple servers or recipients such that they could enable "bots" or similar routines (as set forth in more detail (ii) below) or otherwise denigrate network capacity or functionality; (ii) "auto-responders," "cancel-bots," or similar automated or manual routines that generate amounts of net traffic that could disrupt net user groups or e-mail use by others; (iii) generating "spam" or unsolicited commercial or bulk e-mail (or activities that facilitate the dissemination of such e-mail); (iv) any activity that adversely affects the ability of other users or systems to use either Verizon Wireless' services or the Internet-based resources of others, including the generation of dissemination of viruses, malware, or "denial of service" attacks; (v) accessing or attempting to access without authority, the information, accounts or devices of others, or to penetrate, or attempt to penetrate Verizon Wireless' or another entity's network or systems; or (vi) running software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle or "any keep alive" functions, unless they adhere to Verizon Wireless' requirements for such usage, which may be changed from time to time.

Verizon Wireless further reserve the right to take measures to protect our network and other users from harm, compromised capacity or degradation in performance. These measures may impact your service, and Verizon Wireless reserves the right to deny, modify or terminate service, with or without notice, to anyone Verizon Wireless believes is using Data Services in a manner that adversely impacts the Verizon Wireless network. Verizon Wireless may monitor your compliance, or other subscribers' compliance, with these terms and conditions, but Verizon Wireless will not monitor the content of the communications except as otherwise expressly permitted or required by law. [See verizonwireless.com/privacy]

Unlimited Data Plans and Features (such as NationalAccess, BroadbandAccess, Push to Talk, and certain VZEmail services) may ONLY be used with wireless devices for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). The Unlimited Data Plans and Features MAY NOT be used for any other purpose. Examples of prohibited uses include, without limitation, the following: (i) continuous uploading, downloading or streaming of audio or video programming or games; (ii) server devices or host computer applications, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing; or (iii) as a substitute or backup for private lines or dedicated data connections. This means, by way of example only, that checking email, surfing the Internet, downloading legally acquired

Verizon Wireless Plan and Feature Details

songs, and/or visiting corporate intranets is permitted, but downloading movies using P2P file sharing services and/or redirecting television signals for viewing on laptops is prohibited.

For individual use only and not for resale. We reserve the right to protect our network from harm, which may impact legitimate data flows. We reserve the right to limit throughput or amount of data transferred exceeding 5 GB in a given month, and to deny or terminate service, without notice, to anyone we believe is using an Unlimited Data Plan or Feature in any manner prohibited above or whose usage adversely impacts our network or service levels. Anyone using more than 5 GB per line in a given month is presumed to be using the service in a manner prohibited above, and we reserve the right to immediately terminate the service of any such person without notice. We also reserve the right to terminate service upon notification to the customer.

Unlimited VZAccess and VZEmail: NationalAccess, BroadbandAccess, and GlobalAccess data sessions may be used for the following purposes: (i) Internet browsing, (ii) e-mail, and (iii) intranet access (including access to corporate intranets, e-mail and individual productivity applications like customer relationship management, sales force and field service automation). Unlimited VZAccess, VZEmail and Push to Talk services cannot be used (i) for uploading, downloading or streaming of movies, music or games, (ii) with server devices or with host computer applications, other than applications required for BlackBerry or Wireless Sync service, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, Voice over IP (VoIP), automated machine-to-machine connections, or peer-to-peer (P2P) file sharing, or (iii) as a substitute or backup for private lines or dedicated data connections. Additionally, Unlimited VZEmail services cannot be used for, (i) access to the Internet, intranets or other data networks, except as the Equipment's native applications and capabilities permit, or (ii) for any applications that tether Equipment to laptops or personal computers other than for use of the Wireless Sync or BlackBerry Solutions.

Unlimited BroadbandAccess and NationalAccess data sessions automatically terminate after 2 hours of inactivity, unless Subscriber has Mobile IP (MIP) capable Equipment.

Data Roaming: In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will be charged at a rate of \$0.005/KB or \$5.12/MB. In other available countries, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. International Eligibility is needed to roam in many destinations. Current coverage details, and list of Other Available Countries can be found at www.verizonwireless.com/global

Global Data Optional Features: Global PC Card required for international use. Global PC Cards will not work in the United States or Canada and Global Data Optional Features subscribers will need a NationalAccess or Mobile Broadband PC card for domestic use. The domestic and Global PC Cards cannot be used at the same time. Prior to leaving the United States, subscribers must install Global Data Optional Features VZAccess ManagerSM and run the OTA wizard. Global Data Optional Features subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. Verizon Wireless reserves the right to terminate the service of any subscriber whose total usage is less than half on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles.

Global Email SIM Cards: SIM Cards are available for use with your Global PC Card, Global Smartphone, or Global Phone. Verizon Wireless is not responsible for any unauthorized use of subscriber's SIM Cards and subscriber must safeguard security codes. Placing your GlobalEmail SIM in any other non BlackBerry or Smartphone device could result in additional charges or termination of service. Upon termination of service, subscriber must destroy SIM Card.

M2M Data Plan Terms and Conditions

A data session is inactive when no data is being transferred, and may seem inactive while data is actively being transferred to a device, or seem active when actually cached and not transferring data. Customer must maintain virus protection when accessing the service and is responsible for all data sent and received including "overhead" (data that is in addition to user-transmitted data, including control, operational and routing instructions, error-checking characters as well as retransmissions of user-data messages that are received in error) whether or not such data is actually received. Verizon Wireless will not be liable for problems receiving Service that result from Customer's device.

Megabyte (MB) Data Plans: M2M data usage is rounded to next full kilobyte at end of each billing cycle. Any unused portion of the megabyte allowance is lost. Equipment will not indicate kilobyte usage.

NationalAccess Roaming Feature: Not for use with Mobile Office Kits. Dynamic IP addresses will be assigned when roaming. Usage rounded up to next full kilobyte. For information on where NationalAccess Roaming is available, see www.verizonwireless.com.

Roaming in CDMA countries outside of the US: Roaming in CDMA countries is \$0.69 per minute plus the servicing carrier's long distance charges, toll charges, surcharges and taxes, which are billed on a pass-through basis. Roaming rates in Canada and Mexico may vary. Roaming in CDMA countries is only available in "CDMA" mode where service is available. An update to Equipment software is required to roam in S. Korea.

Data Roaming: In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will be charged at a rate of \$0.005/KB or \$5.12/MB. For more information on roaming in Canada and Mexico, visit verizonwireless.com/naroaming. In the Bermuda, China, Dominican Republic, Guam, India, Israel, Saipan and South Korea Enhanced Services Rate and Coverage Areas, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. I-Dial is needed to roam in many destinations. Only the Canadian Broadband Rate and Coverage Area supports EV-DO.

M2M Data Plan Share Options

Share Options: Sharing is available only among Government Subscribers on applicable M2M Low Usage and High Usage calling plans.

Account Share: Customer may activate up to 15 share groups per account. Sharing is available only among M2M Lines on the Mobile Broadband M2M Account Share Plans **on the same billing account, in the same usage group** (Low Usage and High Usage plans cannot share with each other). Unused KBs will be distributed to M2M Lines with an overage on an as needed basis to M2M Lines **on the same billing account** that have exceeded their MB allowance during the same monthly billing period. At the end of each bill cycle any unused KBs allowances will be applied to the overages of the other M2M Lines on the same account beginning with the line with the lowest overage need until depleted. Customers subscribing to Mobile Broadband M2M Account Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Profile Share Plans.

Multi-Account Share: Customer may activate one (1) share group per profile (Low Usage and High Usage plans cannot share with each other); however, customer may have multiple bill accounts on the same profile. Sharing is available only among M2M Lines on the Mobile Broadband M2M Multi-Account Share Plans **on the same profile, in the same usage group**. Each sharing M2M Lines unused KBs will pass to other sharing M2M Lines that have exceeded their data allowance during the same monthly bill cycle. Unused KBs will be distributed proportionally as a ratio of the KBs needed by each applicable M2M Line to the total KBs needed by all sharing M2M Lines **on the same profile**. Customers subscribing to Mobile Broadband M2M Profile Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Account Share Plans.

Note: ¹A profile is defined as a Customer's overarching account of record under which Customer may have multiple billing accounts

Regulatory Surcharges and Fees

Verizon Wireless' pricing does not include federal, state, local or foreign fees, assessments or other charges (collectively "fees"), which must be billed based on the jurisdiction in which the subscriber's cellular number is set up and located. Fees vary by state and local areas and are subject to change without notice.

Verizon Wireless cannot provide a comprehensive list of all charges and regulatory fees required and assessed when using a wireless device because they vary greatly from one jurisdiction to another.

In addition to taxes, surcharges and fees that we are required to collect, we will also collect charges to recover or help defray costs of taxes and governmental surcharges and fees imposed on us, and costs associated with governmental regulations and mandates on our business. These charges include, among others, a Regulatory Charge and a Federal Universal Service Charge, and are described below in more detail. These charges are Verizon Wireless charges, not taxes, and are subject to change. Because these charges are not taxes, your tax exemptions, if any, will not apply to these charges.

Federal Universal Service Charge

Wireless carriers are assessed by the federal government to fund the delivery of universally-affordable telecommunications and information services under the Federal Universal Service Fund (FUSF) program.

The Federal Universal Service Charge (FUSC) is a percentage of the customer's applicable monthly wireless service charges based upon an assessment rate that changes quarterly. The rate for the quarter beginning – July 1, 2013 is 3.60% of the following items:

- Cellular Access for voice calling plans (only on first 79% of this item)
- Verizon Wireless Toll
- Roaming Charges
- Activation Charges
- Re-connect fees
- Landline Connect Fee
- TXT Messaging monthly service
- TXT Messaging usage
- Airtime usage for voice calls
- Mobile to Mobile feature
- Nights and Weekends feature
- Toll free feature

The FUSC on other separately billed interstate and international long distance charges is 15.10%.

The quarterly percentage rate described above for the FUSC is applied in our billing system.

Verizon Wireless also imposes state universal service charges. These charges vary by jurisdiction and are subject to change depending on changes in the state universal service impositions on Verizon Wireless.

Regulatory Charge

The FCC assesses wireless carriers the costs of enforcement, policy and rulemaking. The Regulatory Fee recovers Verizon Wireless' share of these costs, as well as some of the costs of implementing regulatory mandates, such as number portability. The Regulatory Charge is a flat charge of \$0.16 per Mobile Telephone Number (MTN) per month (excluding BroadbandAccess and NationalAccess Plans) and is \$0.02 per mobile number per month for BroadbandAccess and NationalAccess Plans, but is subject to change over time.

Regulatory fees impacting the wireless industry are constantly evolving and are subject to change without notice. For more information you can visit the FCC's website at www.fcc.gov.

The FUSC and Regulatory Charge are included in the "Verizon Wireless Surcharges" section of the bill.
