

State of Oklahoma
Office of Management and Enterprise Services

December 30, 2014

Re: SW197 Garbage Trucks

SW197 was competitively bid and subsequently awarded on December 30, 2014 for a period of one year, December 30, 2014 through December 29, 2015 with 2 options to renew.

This contract is available to be used by any government entity in the State of Oklahoma including cities and school districts and counties and can also be used by other states if their statutes allow for using another state's contract.

The original solicitation documents are located on the Central Purchasing website, <https://www.ok.gov/dcs/solicit/app/solicitationDetail.php?conID=1645> There is no participating addendum required for other State's entities to use the contract however, there is a participation form located on the website that entities other than Oklahoma State agencies are to fill out and return to the contracting Officer when purchases are made from the contract. This helps with tracking spend of the contract.

Joyce Leivas

Contracting Officer, Central Purchasing
