2. Solicitation Issue Date: March 30, 2016

3. Brief Description of Requirement:

The purpose of this Request for Proposal (RFP) is to solicit proposals regarding the implementation of home visitation services using the Parents as Teachers (PAT) model in Oklahoma County in an effort to expand the continuum of home visitation services within the county.

NOTE TO SUPPLIERS: The State of Oklahoma is working to streamline the process of payment to suppliers and to reduce the timeframe of payment. When submitting your response, please also include a draft invoice (that is like your original invoices) with the item(s) and pricing. Please make sure that it is marked as "Draft Invoice". The intent of this is to match our purchase orders to an invoice whenever possible; however, unless there is some overriding reason for a marked difference, the invoice should closely match the RFP items and pricing. Please note that if your company is awarded and issued a purchase order, you will still need to submit a proper invoice after the purchase order has been issued and you have provided the item(s)/services(s) to the agency. Also, please be sure and put in bold letters "THIS IS NOT A BILL" in addition to marking it as a draft invoice.

RFP NOTICE: Please note that on an RFP no pricing shall be released at the time of opening. Should a public opening be requested the only information to be released will be a list of bidders without pricing.

In addition to a hard copy submittal, the bidder will also be required to submit an electronic copy. Electronic responses must be submitted in the identical format contained in the solicitation (for example Microsoft Word, Microsoft Excel, but not Adobe PDF). In the event the hard copy of the price worksheets and electronic copy of the price worksheets do not agree, the electronic copy will prevail.
- A.2.5. All bids submitted shall be subject to the Oklahoma Central Purchasing Act, Central Purchasing Rules, and other statutory regulations as applicable, these General Provisions, any Special Provisions, solicitation specifications, required certification statement, and all other terms and conditions listed or attached herein—all of which are made part of this solicitation.

A.3. Solicitation Amendments

- A.3.1. If an "Amendment of Solicitation", OMES-FORM-CP-011, is issued, the bidder shall acknowledge receipt of any/all amendment(s) to solicitations by signing and returning the solicitation amendment(s). Amendment acknowledgement(s) may be submitted with the bid or may be forwarded separately. If forwarded separately, amendment acknowledgement(s) must contain the solicitation number and response due date and time on the front of the envelope. The Central Purchasing Division must receive the amendment acknowledgement(s) by the response due date and time specified for receipt of bids for the bid to be deemed responsive. Failure to acknowledge solicitation amendments may be grounds for rejection.
- A.3.2. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in the solicitation. All amendments to the solicitation shall be made in writing by the Central Purchasing Division.
- A.3.3. It is the Bidder's responsibility to check the OMES/Central Purchasing Division website frequently for any possible amendments that may be issued. The Central Purchasing Division is not responsible for a bidder's failure to download any amendment documents required to complete a solicitation.

A.4. Bid Change

If the bidder needs to change a bid prior to the solicitation response due date, a new bid shall be submitted to the Central Purchasing Division with the following statement "This bid supersedes the bid previously submitted" in a single envelope, package, or container and shall be sealed, unless otherwise detailed in the solicitation. The name and address of the bidder shall be inserted in the upper left corner of the single envelope, package, or container. SOLICITATION NUMBER AND SOLICITATION RESPONSE DUE DATE AND TIME MUST APPEAR ON THE FACE OF THE SINGLE ENVELOPE, PACKAGE, OR CONTAINER.

A.5. Certification Regarding Debarment, Suspension, and Other Responsibility Matters

By submitting a response to this solicitation:

- A.5.1. The prospective primary participant and any subcontractor certifies to the best of their knowledge and belief, that they and their principals or participants:
 - A.5.1.1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal, State or local department or agency;
 - A.5.1.2. Have not within a three-year period preceding this proposal been convicted of or pled guilty or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) contract; or for violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - A.5.1.3. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph A.5.1.2. of this certification; and
 - A.5.1.4. Have not within a three-year period preceding this application/proposal had one or more public (Federal, State, or local) contracts terminated for cause or default.
- A.5.2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to its solicitation response.

A.6. Bid Opening

Sealed bids shall be opened by the Central Purchasing Division at the Will Rogers Building, 2401 N. Lincoln Blvd. First Floor, Suite 116, Oklahoma City, Oklahoma, 73105 at the time and date specified in the solicitation as Response Due Date and Time.

A.7. Open Bid / Open Record

Pursuant to the Oklahoma Public Open Records Act, a public bid opening does not make the bid(s) immediately accessible to the public. The procurement or contracting agency shall keep the bid(s) confidential, and provide prompt and reasonable access to the records only after a contract is awarded or the solicitation is cancelled. This practice protects the integrity of the competitive bid process and prevents excessive disruption to the procurement process. The interest of achieving the best value for the State of Oklahoma outweighs the interest of vendors immediately knowing the contents of competitor's bids. [51 O.S. § 24A.5(5)]

Additionally, financial or proprietary information submitted by a bidder may be designated by the Purchasing Director as confidential and the procurement entity may reject all requests to disclose information designated as confidential pursuant to 62 O.S. (2012) § 34.11.1(H)(2) and 74 O.S. (2011) § 85.10. Bidders claiming any portion of their bid as proprietary or confidential must specifically identify what documents or portions of documents they consider confidential and identify applicable law supporting their claim of confidentiality. The State Purchasing Director shall make the final decision as to whether the documentation or information is confidential pursuant to 74 O.S. § 85.10. Otherwise, documents and information a bidder submits as part of or in connection with a bid are public records and subject to disclosure after contract award or the solicitation is cancelled.

A.8. Late Bids

Bids received by the Central Purchasing Division after the response due date and time shall be deemed non-responsive and shall NOT be considered for any resultant award.

A.9. Legal Contract

- A.9.1. Submitted bids are rendered as a legal offer and any bid, when accepted by the Central Purchasing Division, shall constitute a contract.
- A.9.2. The Contract resulting from this solicitation may consist of the following documents in order of preference:
 - A.9.2.1. Purchase order, as amended by Change Order (if applicable);
 - A.9.2.2. Solicitation, as amended (if applicable); and

A.9.2.3. Successful bid (including required certifications), to the extent the bid does not conflict with the requirements of the solicitation or applicable law.

A.9.3. Any contract(s) awarded pursuant to the solicitation shall be legibly written or typed.

A.10. Pricing

A.10.1. Bids shall remain firm for a minimum of sixty (60) days from the solicitation closing date.

A.10.2. Bidders guarantee unit prices to be correct.

A.10.3. In accordance with 74 O.S. §85.40, ALL travel expenses to be incurred by the supplier in performance of the Contract shall be included in the total bid price/contract amount.

A.11. Manufacturers' Name and Approved Equivalents

Unless otherwise specified in the solicitation, manufacturers' names, brand names, information and/or catalog numbers listed in a specification are for information and not intended to limit competition. Bidder may offer any brand for which they are an authorized representative, and which meets or exceeds the specification for any item(s). However, if bids are based on equivalent products, indicate on the bid form the manufacturer's name and number. Bidder shall submit sketches, descriptive literature, and/or complete specifications with their bid. Reference to literature submitted with a previous bid will not satisfy this provision. The bidder shall also explain in detail the reason(s) why the proposed equivalent will meet the specifications and not be considered an exception thereto. Bids that do not comply with these requirements are subject to rejection.

A.12. Clarification of Solicitation

A.12.1. Clarification pertaining to the contents of this solicitation shall be directed in writing to the Central Purchasing Contracting Officer specified in the solicitation, and must be prior to the closing date of the solicitation.

A.12.2. If a bidder fails to notify the State of an error, ambiguity, conflict, discrepancy, omission or other error in the SOLICITATION, known to the bidder, or that reasonably should have been known by the bidder, the bidder shall submit a bid at its own risk; and if awarded the contract, the bidder shall not be entitled to additional compensation, relief, or time, by reason of the error or its later correction. If a bidder takes exception to any requirement or specification contained in the SOLICITATION, these exceptions must be clearly and prominently stated in their response.

A.12.3. Bidders who believe proposal requirements or specifications are unnecessarily restrictive or limit competition may submit a written request for administrative review to the contracting officer listed on the solicitation. This request must be made prior to the closing date of the solicitation.

A.13 Negotiations

A.13.1. In accordance with Title 74 §85.5, the State of Oklahoma reserves the right to negotiate with one, selected, all or none of the vendors responding to this solicitation to obtain the best value for the State. Negotiations could entail discussions on products, services, pricing, contract terminology or any other issue that may mitigate the State's risks. The State shall consider all issues negotiable and not artificially constrained by internal corporate policies. Negotiation may be with one or more vendors, for any and all items in the vendor's offer.

A.13.2. Firms that contend that they lack flexibility because of their corporate policy on a particular negotiation item shall face a significant disadvantage and may not be considered. If such negotiations are conducted, the following conditions shall apply:

A.13.3. Negotiations may be conducted in person, in writing, or by telephone.

A.13.4. Negotiations shall only be conducted with potentially acceptable offers. The State reserves the right to limit negotiations to those offers that received the highest rankings during the initial evaluation phase.

A.13.5. Terms, conditions, prices, methodology, or other features of the bidders offer may be subject to negotiations and subsequent revision. As part of the negotiations, the bidder may be required to submit supporting financial, pricing, and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the offer.

A.13.6. The requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the State determines that a change in such requirements is in the best interest of the State Of Oklahoma.

A.14. Rejection of Bid

The State reserves the right to reject any bids that do not comply with the requirements and specifications of the solicitation. A bid may be rejected when the bidder imposes terms or conditions that would modify requirements of the solicitation or limit the bidder's liability to the State. Other possible reasons for rejection of bids are listed in OAC 260:115-7-32.

A.15. Award of Contract

- A.15.1. The State Purchasing Director may award the Contract to more than one bidder by awarding the Contract(s) by item or groups of items, or may award the Contract on an ALL OR NONE basis, whichever is deemed by the State Purchasing Director to be in the best interest of the State of Oklahoma.
- A.15.2. Contract awards will be made to the lowest and best bidder(s) unless the solicitation specifies that best value criteria is being used.
- A.15.3. In order to receive an award or payments from the State of Oklahoma, suppliers must be registered. The vendor registration process can be completed electronically through the OMES website at the following link: <https://www.ok.gov/dcs/vendors/index.php>.

A.16. Contract Modification

- A.16.1. The Contract is issued under the authority of the State Purchasing Director who signs the Contract. The Contract may be modified only through a written Contract Modification, signed by the State Purchasing Director.
- A.16.2. Any change to the Contract, including but not limited to the addition of work or materials, the revision of payment terms, or the substitution of work or materials, directed by a person who is not specifically authorized by the Central Purchasing Division in writing, or made unilaterally by the supplier, is a breach of the Contract. Unless otherwise specified by applicable law or rules, such changes, including unauthorized written Contract Modifications, shall be void and without effect, and the supplier shall not be entitled to any claim under this Contract based on those changes. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in the resultant Contract.

A.17. Delivery, Inspection and Acceptance

- A.17.1. Unless otherwise specified in the solicitation or awarding documents, all deliveries shall be F.O.B. Destination. The bidder(s) awarded the Contract shall prepay all packaging, handling, shipping and delivery charges and firm prices quoted in the bid shall include all such charges. All products and/or services to be delivered pursuant to the Contract shall be subject to final inspection and acceptance by the State at destination. "Destination" shall mean delivered to the receiving dock or other point specified in the purchase order. The State assumes no responsibility for goods until accepted by the State at the receiving point in good condition. Title and risk of loss or damage to all items shall be the responsibility of the supplier until accepted by the receiving agency. The supplier(s) awarded the Contract shall be responsible for filing, processing, and collecting any and all damage claims accruing prior to acceptance.
- A.17.2. Supplier(s) awarded the Contract shall be required to deliver products and services as bid on or before the required date. Deviations, substitutions or changes in products and services shall not be made unless expressly authorized in writing by the Central Purchasing Division.

A.18. Invoicing and Payment

- A.18.1. Pursuant to 74 O.S. §85.44(B), invoices will be paid in arrears after products have been delivered or services provided.
- A.18.2. Interest on late payments made by the State of Oklahoma is governed by 62 O.S. §34.71 and 62 O.S. §34.72.

A.19. Tax Exemption

State agency acquisitions are exempt from sales taxes and federal excise taxes. Bidders shall not include these taxes in price quotes.

A.20. Audit and Records Clause

- A.20.1. As used in this clause, "records" includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form. In accepting any Contract with the State, the successful bidder(s) agree any pertinent State or Federal agency will have the right to examine and audit all records relevant to execution and performance of the resultant Contract.
- A.20.2. The successful bidder(s) awarded the Contract(s) is required to retain records relative to the Contract for the duration of the Contract and for a period of seven (7) years following completion and/or termination of the Contract. If an audit, litigation, or other action involving such records is started before the end of the seven (7) year period, the records are required to be maintained for two (2) years from the date that all issues arising out of the action are resolved, or until the end of the seven (7) year retention period, whichever is later.

A.21. Non-Appropriation Clause

The terms of any Contract resulting from the solicitation and any Purchase Order issued for multiple years under the Contract are contingent upon sufficient appropriations being made by the Legislature or other appropriate government entity. Notwithstanding any

language to the contrary in the solicitation, purchase order, or any other Contract document, the procuring agency may terminate its obligations under the Contract if sufficient appropriations are not made by the Legislature or other appropriate governing entity to pay amounts due for multiple year agreements. The Requesting (procuring) Agency's decisions as to whether sufficient appropriations are available shall be accepted by the supplier and shall be final and binding.

A.22. Choice of Law

Any claims, disputes, or litigation relating to the solicitation, or the execution, interpretation, performance, or enforcement of the Contract shall be governed by the laws of the State of Oklahoma.

A.23. Choice of Venue

Venue for any action, claim, dispute or litigation relating in any way to the Contract shall be in Oklahoma County, Oklahoma.

A.24. Termination for Cause

- A.24.1. The supplier may terminate the Contract for default or other just cause with a 30-day written request and upon written approval from the Central Purchasing Division. The State may terminate the Contract for default or any other just cause upon a 30-day written notification to the supplier.
- A.24.2. The State may terminate the Contract immediately, without a 30-day written notice to the supplier, when violations are found to be an impediment to the function of an agency and detrimental to its cause, when conditions preclude the 30-day notice, or when the State Purchasing Director determines that an administrative error occurred prior to Contract performance.
- A.24.3. If the Contract is terminated, the State shall be liable only for payment for products and/or services delivered and accepted.

A.25. Termination for Convenience

- A.25.1. The State may terminate the Contract, in whole or in part, for convenience if the State Purchasing Director determines that termination is in the State's best interest. The State Purchasing Director shall terminate the Contract by delivering to the supplier a Notice of Termination for Convenience specifying the terms and effective date of Contract termination. The Contract termination date shall be a minimum of 60 days from the date the Notice of Termination for Convenience is issued by the State Purchasing Director.
- A.25.2. If the Contract is terminated, the State shall be liable only for products and/or services delivered and accepted, and for costs and expenses (exclusive of profit) reasonably incurred prior to the date upon which the Notice of Termination for Convenience was received by the supplier.

A.26. Insurance

The successful bidder(s) awarded the Contract shall obtain and retain insurance, including workers' compensation, automobile insurance, medical malpractice, and general liability, as applicable, or as required by State or Federal law, prior to commencement of any work in connection with the Contract. The supplier awarded the Contract shall timely renew the policies to be carried pursuant to this section throughout the term of the Contract and shall provide the Central Purchasing Division and the procuring agency with evidence of such insurance and renewals.

A.27. Employment Relationship

The Contract does not create an employment relationship. Individuals performing services required by this Contract are not employees of the State of Oklahoma or the procuring agency. The supplier's employees shall not be considered employees of the State of Oklahoma nor of the procuring agency for any purpose, and accordingly shall not be eligible for rights or benefits accruing to state employees.

A.28. Compliance with the Oklahoma Taxpayer and Citizen Protection Act of 2007

By submitting a bid for services, the bidder certifies that they, and any proposed subcontractors, are in compliance with 25 O.S. §1313 and participate in the Status Verification System. The Status Verification System is defined in 25 O.S. §1312 and includes but is not limited to the free Employment Verification Program (E-Verify) through the Department of Homeland Security and available at www.dhs.gov/E-Verify.

A.29. Compliance with Applicable Laws

The products and services supplied under the Contract shall comply with all applicable Federal, State, and local laws, and the supplier shall maintain all applicable licenses and permit requirements.

A.30. Special Provisions

Special Provisions set forth in SECTION B apply with the same force and effect as these General Provisions. However, conflicts or inconsistencies shall be resolved in favor of the Special Provisions.

B. SPECIAL PROVISIONS

B.1. Understanding

B.1.1. All terms and conditions herein become the contract between the OSDH and the Contractor. The Contractor agrees to comply with all of these terms and conditions. Contractor understands and agrees that when any term and/or condition contained within this contract is, or becomes, applicable to the Contractor's officers and/or employees, Contractor agrees to ensure that its officers and employees (collectively, "organization") abide by the terms and/or condition applicable to organization.

B.2. Access to Records Requirements:

B.2.1. This is in addition to A.20.

B.2.2. The Contractor agrees to comply with all record retention requirements of 2 CFR § 200.333 - §200.337. The Contractor agrees to maintain required records and supporting documentation, for validation of costs billed to the OSDH, for seven (7) years from the ending date of the contract. The Contractor also agrees to allow the State Auditor's Office, GAO, the Oklahoma Department of Management and Enterprise Services, the OSDH, or their authorized representatives access to the records, books, documents, accounting procedures, practices or any items of the service provider relevant to this contract for purpose of audit and examination. The Contractor further agrees to assure appropriate access by the aforementioned parties to any subcontractor's associated records.

B.2.3. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the seven-year period, the records must be retained until completion of the action and resolution of all issues which arise from it; or, until the end of the regular seven-year period, whichever is later.

B.2.4. The OSDH may routinely request supporting documentation to validate vendor payments.

B.3. Amendments, Unavailability or Redirection of Funding and Cancellation:

B.3.1. This is in addition to A.3, A.21, and A.24.

B.3.2. In the event state or federal funds used to support this contract become unavailable, either in full or in part, due to reductions in appropriations, the OSDH may terminate or reduce the contract upon notice in writing to the Contractor by certified mail and send notification of such changes to the Contractor upon making such changes. The OSDH shall be the final authority as to the availability or redirection of funds. The effective date of such contract termination, increase or reduction shall be specified in the notice. All other modifications or amendments to this contract shall be in writing, dated and executed by both the Contractor and the OSDH and must receive final approval by the Office of Management and Enterprise Systems. In the event of a reduction, the Contractor may cancel this contract as of the effective date of the proposed reduction upon advance written notice to the OSDH. With exception of the above, this contract shall be in force until the expiration date, or until 30 days after written notice has been given by either party of its desire to cancel without cause. Notification of cancellation shall be by Certified Mail to the business address of record. In the event this contract is canceled by either party, the OSDH shall be responsible for reimbursement for goods or services received or provided prior to cancellation date. In the event this contract is cancelled under this section, Contractor agrees to take all reasonable steps to minimize termination costs. The OSDH agrees to reimburse Contractor for all work performed prior to the date of notice of termination of this contract for expenditures and non-cancelable commitments incurred in anticipation of performing under this contract. The OSDH shall not be responsible for reimbursement of unreasonable or unnecessary expenditures incurred after receipt of the cancellation notice.

B.4. Assignment and Delegation:

B.4.1. The services to be performed under this subrecipient contract shall not be subrogated, in whole or in part, to any other person or entity without the prior written approval of the OSDH. If the Contractor cannot perform the services as identified in this contract, the Contractor will be responsible for subcontracting the services or making alternative arrangements for the provision of the services. The terms of this contract shall be included in any OSDH approved subcontract. The Contractor will be liable for all additional costs and expenses arising from such subcontract or substitution to cover performance. Approval by the OSDH of a subcontract shall not relieve the Contractor of any responsibility for performance under this contract.

B.5. Audit Requirements:

B.5.1. Contractors expending federal funds from all funding sources, in excess of the threshold established in 2 CFR § 200.501 shall be required to have a single audit or a program-specific audit conducted in accordance with Government Auditing Standards (GAS) and OMB Circular A-133 "Audits of States, Local Governments, and Non-Profit Organizations"; as required to comply with the Single Audit Act of 1984, Amendments of 1996 (31 U.S.C. 7501 et seq.). Audit costs may not be charged to any OSDH contracts when no audit has been performed, or has not been prepared in accordance with this requirement.

Contractors that are required to have an audit conducted for compliance with 2 CFR §200.501 shall submit to the Federal clearinghouse (FAC) a single copy of the data collection form and the reporting package as required by 2 CFR § 200.512 within the earlier of 30 days after receipt of the auditor's report(s), or nine months after the end of

the audit period. If an independent audit is not posted in the required time, or there have been findings, the OSDH will have the option to consider taking action under the Failure to Comply clause of this contract.

The final approved IDC rate may be more or less than the provisional rate. The Contractor may request adjustment on the first invoice submitted following notification of approval of the rate. Any adjustments shall not exceed the total amount approved for IDC in the Contractor's line item budget. Liability under this paragraph shall be determined within two years of the discovery of such misrepresentation of fact or fraud by the Contractor.

The use of the terms "shall", "must" or "will" (except to indicate simple futurity) in this RFP indicate a mandatory requirement or condition, which by failure to meet or provide will be cause for the RFP response being deemed non-responsive. The word "should" or "may" in this RFP indicate desirable attributes of conditions and are permissive in nature. Deviation from or omission of such a desirable feature will not by itself cause a proposal to be non-responsive.

B.18. Non-Responsive Proposals:

- B.18.1.** Proposals which do not meet all material requirements of this RFP or which fail to provide all required information, documents or materials may be determined as non-responsive and may not be evaluated. Material requirements of the RFP are those as set forth as mandatory.

The Contractor agrees to hold harmless the OSDH of any claims, demands and liabilities resulting from any act or omission on the part of the Contractor and/or its agents, servants, and employees in the performance of this contract. It is the express intention of the parties hereto that this contract shall not be construed as, or given the effect of, creating a joint venture, partnership or affiliation or association that would otherwise render the parties liable as partners, agents, employer-employee or otherwise create any joint and several liability.

B.26. Tobacco Free Policy:

For other tobacco products, including e-cigarettes, use of such products is prohibited pursuant to the Governor's Executive Orders 2012-01 and 2013-43. (**Attachment H**).

B.27. Travel and Related Expenses:

B.27.1. If travel costs and related expenses are a part of the contract, such expenses must be compliant with 2 CFR Part 200.474. pre-approved in writing by the OSDH. In addition, OSDH allowable travel costs must be directly related to the activities of the contract and therefore may require allocation of those costs to all programs benefitted based on an equitable allocation methodology. (**Attachment I**)

B.28. Waiver of Breach:

B.28.1. No failure by the OSDH to enforce any provisions hereof after any event of default by the Contractor shall be deemed a waiver of the OSDH's rights with regard to that event, or any subsequent event. Waiver shall not be construed to be a modification of the terms of the contract.

B.29. Draft Invoice

B.29.1. NOTE TO SUPPLIERS: The State of Oklahoma is working to streamline the process of payment to suppliers and to reduce the timeframe of payment. When submitting your response, please also include a draft invoice (that is like your original invoices) with the item(s) and pricing. Please make sure that it is marked as "Draft Invoice". The intent of this is to match our purchase orders to an invoice whenever possible; however, unless there is some overriding reason for a marked difference, the invoice should closely match the RFP items and pricing. Please note that if your company is awarded and issued a purchase order, you will still need to submit a proper invoice after the purchase order has been issued and you have provided the item(s)/services(s) to the agency. Also, please be sure and put in bold letters "THIS IS NOT A BILL" in addition to marking it as a draft invoice.

C. SOLICITATION SPECIFICATIONS

C.1. Purpose

C.2. Authority

- C.2.1.** On March 23rd, 2010, the President signed into law the Patient Protection and Affordable Care Act of 2010. The Act authorized the Health Resources and Service Administration (HRSA) and the Administration for Children and Families (ACF) to jointly administer the MIECHV Grants.
- C.2.2.** In June 2010, Governor Brad Henry designated the Oklahoma State Department of Health (OSDH) to serve as the lead agency for the MIECHV Grants. The OSDH Family Support and Prevention Service (FSPS) submitted proposals designed to build upon Oklahoma's comprehensive early childhood system by enhancing and expanding the continuum of home visitation services available to pregnant women and families with infants or young children in at-risk communities identified in the statewide needs assessment. Communities that were identified and selected to receive services were Kay, Garfield, Oklahoma, Muskogee, Comanche, Carter and Tulsa Counties.
- C.2.3.** Evidence-based home visiting models that were chosen for implementation include: Nurse-Family Partnership (NFP); and Parents as Teachers (PAT). For purposes of the RFP and as required by the MIECHV Grant, the Supplier will implement the PAT model with fidelity in Oklahoma County.

This form is to be signed and notarized at the start of a job/project for this contractor and is good for the job/project of any similar job/project performed for the contractor for one year from the date of notary.

INDEPENDENT CONTRACTOR FACT SHEET

An independent contractor is defined by law as one who engages to perform certain services for another, according to his own manner, method, free from control and direction of his contractor in all matters connected with the performance of the service, except as to the result or product of the work.

Below are statements to help you decide if you are an independent contractor. No one statement is controlling, and your status is based on all the facts in your situation. If a statement describes your situation, then check the box. If at least six of the statements below do not describe your business and are unchecked, you should not sign the attached affidavit.

1. The nature of the contract between you and the contractor shows you are independent from the contractor. For example: Is there a written contract where you agree that you are an independent contractor? Are you a corporation or limited liability company? Do you maintain commercial general liability insurance or other business insurance?
2. The contractor exercises very little control over your work. For example: By the agreement, can the contractor exercise control on the details of the work or your independence? Do you exercise control over most of the details of the work? Do you create plans or specifications for the job? Do you set your own work hours?
3. You are engaged in a distinct occupation or business for others. For example: Do you work for companies or individuals other than the Contractor? Do you work for competitors of the Contractor? Does your business have a logo or uniform?
4. Your job is the kind of occupation where the work is usually performed by a specialist without supervision, and not under the direction of the contractor. For example: Is your work supervised by the Contractor?
5. Your occupation requires special skills, license, education or training.
6. The Contractor does not supply the things needed to perform your job such as the tools and the place of work. For example: Do you supply any of the materials or tools for the work? Do you operate a vehicle owned by the Contractor? Was the work performed at your business or the Contractor's business location or jobsite? Do you wear a uniform supplied by the Contractor?
7. The length of the job and how long you have worked for the Contractor does not show that you are really an employee. For example: Is this a one-time job, or will you be doing this for the Contractor regularly?
8. You are paid as a separate contractor, not as an employee. For example: Do you invoice the Contractor for your services? Are you paid by the job? Do you file a federal income tax return for your business? Do you expect to receive an IRS Form 1099 from the Contractor? Does the Contractor pay your expenses?
9. Your work is not the regular business of the employer. For example: Is your work customarily done in the Contractor's line of business or as part of the Contractor's daily work? Have you ever been an employee of the Contractor? Do you work with other people hired by the Contractor on the work you perform?
10. You do not consider yourself an employee of the Contractor. For example: Will the Contractor withhold taxes or monies from your payment? Have you ever been an employee of the Contractor? Have you or your employees ever filed an insurance claim against the Contractor?
11. You do not have the right to terminate the relationship without liability. For example: If you quit before the job is finished, is there a penalty?

Based upon these factors, do you believe that you are an Independent Contractor?

MISCELLANEOUS:

Interpretation: The terms of this BAA shall prevail in the case of any conflict with the terms of any Underlying Contract to the extent necessary to allow OSDH to comply with the HIPAA Regulations. No Third Party Beneficiaries: Nothing in this BAA shall confer upon any person other than the parties and their respective successors or assigns, any rights, remedies, obligations, or liabilities whatsoever.

Business Associate recognizes that any material breach of this Agreement or breach of confidentiality or misuse of PHI may result in the termination of this Agreement and/or legal action. Said termination may be immediate and need not comply with any termination provision in the parties' underlying agreement, if any.

The parties agree to amend this Agreement from time to time as is necessary for Covered Entity or BA to

comply with the requirements of the Privacy Rule and related laws and regulations.

- (d) If Business Associate maintains a designated record set in an electronic format on behalf of Covered Entity, then Business Associate agrees that within 30 days of expiration or termination of the parties’ agreement, Business Associate shall provide to Covered Entity a complete report of all disclosures of and access to the designated record set covering the three years immediately preceding the termination or expiration. The report shall include patient name, date and time of disclosures/access, description of what was disclosed/accessed, purpose of disclosure/access, name of individual who received or accessed the information, and, if available, what action was taken within the designated record set.

Amendment: To the extent that any relevant provision of the HIPAA Regulations is materially amended in a manner that changes the obligations of Business Associates or Covered Entities, the Parties agree to negotiate in good faith appropriate amendment(s) to this BAA to give effect to these revised obligations. The parties agree to amend this Agreement from time to time as is necessary for Covered Entity or to comply with the requirements of the Privacy Rule and related laws and regulations.

A signed copy of this agreement shall be accorded the same force and effect as the original.

IN WITNESS WHEREOF, each of the undersigned has caused this BAA to be duly executed in its name and on its behalf.

RE: Incentives and Promotional Items used by Programs

DATE: June 1, 2009

Question Presented

Can program areas of the Oklahoma State Department of Health use incentives and/or promotional items given to individuals to induce those individuals to participate and/or complete a program or part of a program?

Short Answer

The use of incentives and promotional items that are used by Programs in exchange for participation in program activities are not considered a "gift" and therefore do not violate the constitutional proscription of "gifting" state assets as set out in Article 10 Section 15 of the Oklahoma Constitution.

Discussion

The program area has asked about the legality of using VISA gift cards as incentives to

increase participation in specific programs and services. The program area's experience is these incentives are necessary to insure sufficient data is collected to validate the conclusions that are drawn from the data. Each participant is given a \$10 VISA gift card when that participant completes a specific part of the program, i.e. completion of a survey, keeping an appointment or completing a follow-up examination.

The \$10 value of the gift card is based on a Memorandum issued by the Office of General Counsel for the Oklahoma State Department of Health dated October 9, 2000. This Memorandum has its origin in a letter from Tom Jaworsky, State Purchasing Director, Department of Central Services, dated October 2, 2000. In this letter Mr. Jaworsky stated the position of Central Purchasing is the Central Purchasing Act does not prohibit the acquisition of promotional items with a nominal value. Mr. Jaworsky set a \$10 value for promotional items. The Oklahoma Constitution does not contain an exception for "nominal" gifts.

The Oklahoma Constitution contains a proscription against the State from gifting assets of the state to "any company, association or corporation¹." The Oklahoma Supreme Court has defined the term "gift" as used in Article X Section 15 as "all appropriations for which there is no authority or enforceable claim on which rests alone some material equitable obligation which in the mind of a generous or even just individual dealing with his own money might induce him to recognize as worthy of his reward²." "Where specific constitutional prohibitions against gifts of public money exist, public money cannot be lawfully appropriated to meet an obligation, however just and equitable, unless it is of such a character that it could be enforced in a court of law." The Court has further defined a "gift" as a "voluntary transfer of his property by one to another without any consideration or compensation therefore. The donor must intend gratuitously to pass the title to the donee⁴."

A program area may use incentives and/or promotional items to accomplish the goals of the program area. The program area should be able to articulate how the use of the specific incentive and/or promotional item will benefit the program area and without the specific incentive and/or promotional item what will be the detriment. In other words, the recipient must give some type of "consideration" in exchange for the incentive. Consideration takes away from the transaction its donative character, S."

. The recipient of the incentive must be required to complete a specific task or provide something of value in exchange for the incentive prior to the incentive being delivered. OSDH is prohibited from paying for services or products prior to those services or products being delivered⁶. The amount of the incentive should be

reasonable in value in relation to the specific task, information or other consideration that is being provided by the recipient of the incentive. While the courts have decided that the use of incentives is legal, there is a policy consideration to be established to ensure that incentives used are reasonable.

Conclusion:

Program Areas of the OSDH may use gift cards or other items as incentives and/or promotional items to induce participation in specific programs or activities. The Program Area should articulate the specific benefit of using the incentive and if the incentive was not used the detriment suffered. Recipients of the incentive must be required to complete a specific task or exchange something of value for the incentive prior to receiving the incentive. OSDH should establish policy guidelines that will direct program areas what is an acceptable incentive program and when can that program be used.

EXECUTIVE DEPARTMENT

EXECUTIVE ORDER 2012-01

I, Mary Fallin, Governor of the State of Oklahoma, by the authority vested in me pursuant to Sections 1 and 2 of Article VI of the Oklahoma Constitution, hereby direct and order as follows:

Title 63 of the Oklahoma Statutes, Section 1-1523 prohibits smoking in all public places, in any indoor workplace, and all vehicles owned by the State of Oklahoma and all of its agencies and instrumentalities.

The Oklahoma Legislature, at 63 O.S. § 1-1515 (B), has found that breathing secondhand smoke causes disease, including lung cancer in healthy non-smokers; breathing secondhand smoke causes respiratory infection, decreased respiratory function, bronchoconstriction and bronchospasm. The population at most risk are the elderly, children, people with cardiovascular disease, and people with impaired respirator function, asthmatics, and those with obstructive airway disease.

The U.S. Surgeon General has issued a report stating that there is no risk-free level of exposure to secondhand smoke, which has immediate adverse effects on the cardiovascular system and causes coronary heart disease and lung cancer.

The United State Department of Health and Human Services, Centers for Disease Control and Prevention has found that the use of smokeless tobacco is known to be a cause of cancer and increases the risk of developing cancer of the oral cavity; the use of smokeless tobacco is associated with leukoplakia, gum disease and tooth decay; and the use of smokeless tobacco during pregnancy increases the risk of preeclampsia, premature birth and low birth weight.

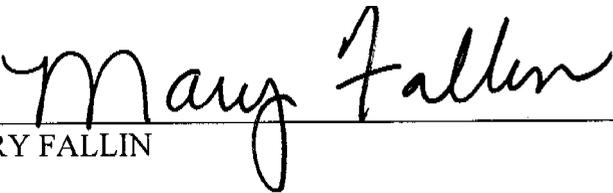

The use of any tobacco product shall be prohibited on any and all properties owned, leased or contracted for use by the State of Oklahoma, including but not limited to all buildings, land and vehicles owned, leased or contracted for use by agencies or instrumentalities of the State of Oklahoma.

045314

The Executive Order shall be distributed to all members of the Governor's Executive Cabinet and the chief executives of all state agencies, who shall cause the provisions of this order to be implemented by all appropriate officials and agencies of state government. Implementation shall be achieved no later than six (6) months from the date of this order. The Oklahoma State Department of Health ("OSDH") and Tobacco Settlement Endowment Trust ("TSET") will provide assistance to state agencies for implementing this order.

IN WITNESS WHEREOF, I have set my hand and caused the Great Seal of the State of Oklahoma to be affixed at Oklahoma City, Oklahoma, this **6TH DAY** of February, 2012.

OKLAHOMA STATE DEPARTMENT OF HEALTH
ADMINISTRATIVE PROCEDURES MANUAL

NUMBER: 3-5
TITLE: Travel
ADOPTED July 2004
LAST REVIEWED: October 2011
RESPONSIBLE SERVICE: Administrative Services

APPROVED:

Terry Cline, Ph.D.
Commissioner
Signature on File

I. Purpose

The purpose of this administrative procedure is to ensure all Oklahoma State Department of Health (OSDH) employees are reimbursed for all legitimate travel expenses incurred while engaged in the transaction of official business.

II. Overview

"Legitimate travel expenses" are defined by statute, and Oklahoma law provides for severe penalty in cases of falsified travel vouchers. Title 74 O.S., § 500.1 through 500.37 provide the statutory authorization and limitations. All interstate travel must have prior approval.

A. Definitions

1. "Meals" means a substantial portion of food taken at one time to satisfy appetite, excluding snacks, continental breakfast and finger foods.
2. "Overnight travel period" means a trip requiring absence for a minimum period which lasts substantially longer than an ordinary day's work and during which the employee's duties require them to get necessary sleep or rest to meet the demands of their work.
 - a. The absence must be of such duration and distance that the employee cannot reasonably leave and return home after each day's work.
 - b. The standard for purposes of requesting overnight reimbursement is that the qualified non-employee or employee must be in travel status for more than 18 hours, must not live or have their official duty station within 60 map miles of destination, and must have stayed overnight. Any exemption requires advance approval from the Office of State Finance, or

if an emergency situation, a formal justification is sent with the Travel Voucher.

3. "Per diem" means reimbursable charges for meals while in overnight travel status.
4. "Qualified non employees" means persons who are not state employees, but who are performing substantial and necessary services to the state which have been directed or approved by the appropriate department official.
5. "Subsistence" means reimbursable charges for lodging while staying with friends or family in overnight travel status.
6. "Travel status" means the absence of an employee or qualified non-employee from his or her home or duty station whichever is closer while performing assigned official duties.

B. General Requirements

1. Officials, employees, and qualified non-employees of the state, traveling on authorized state business, may be reimbursed for expenses incurred in such travel in accordance with the provisions of Title 74 O.S., §500.2 through 500.37. Persons who are qualified non-employees must also abide by the same laws and policies as OSDH employees.
2. Travel expenses incurred by a person during the course of seeking employment with OSDH, unless such travel is performed at the request of OSDH, are not reimbursed.
3. An employee or qualified non-employee, authorized to travel, is responsible for planning in such a way that expenses for transportation and subsistence are kept to a minimum. Excess costs, circuitous routes, luxury accommodations and services unnecessary or unjustified in the performance of official business are not acceptable and should be avoided as a standard practice.
4. An employee or qualified non-employee whose job assignment entails field travel is responsible for making maximum use of all travel time. This means that travel is planned and work is organized as to produce the greatest possible benefit to the State for the travel time involved.
5. Employees and qualified non-employees are to allow 45 days for reimbursement of a correct travel voucher as stated in Title 74 O.S., §840.500.16A.

6. Employees will be reimbursed for their actual and necessary expenses of travel, lodging, and subsistence incurred in the performance of their duties. Receipts are required for lodging, baggage fees and registration expenses, regardless of the amount, as well as for each miscellaneous expense of \$25 or more. Examples of miscellaneous expenses are: parking and toll fees; postage, gas and oil (government vehicle).
7. Employees will use the Department of Central Services (DCS) Fleet Management "Trip Optimizer System" to determine in-state mileage reimbursement at the lesser of private vehicle, motor pool vehicle or rental car in accordance with HB 2016. The DCS website refers to this system as the "Trip Calculator" and is located at <https://www.ok.gov/dcs/calculator/index.php>.
8. Purchase Cards are available for use for the payment of registrations while employees are traveling to either in-state or interstate objectives. Service areas are encouraged to utilize the Purchase Card when registrations are charged for employees traveling on official state business. Procedures (to include required documentation) for using the Purchase Card for registrations are located in Public Folders at: Public Folders\PCard\General P-Card References.
9. Purchase Cards are available for use for the payment of lodging expense while employees are traveling to either in-state or interstate objectives. Service areas are encouraged to utilize the Purchase Card when lodging expenses are necessary for employees traveling on official state business. The Purchase card will only be used for the cost of the room and associated taxes (where applicable). supplemental charges (e.g. room service, phone calls, movies, etc.) are the responsibility of the individual traveler. Procedures (to include required documentation) for using the Purchase Card for lodging expenses are located in Public Folders at: Public Folders\PCard\General P-Card References.

C. Travel Vouchers

All claims for reimbursement of travel expenses will be submitted on the authorized travel voucher and shall be signed by the traveler and the approving official with knowledge of the travel prior to forwarding to the Accounting Services for final approval.

1. All travel reimbursement vouchers are filed using an OSF Form 19.
2. In-state and interstate travel must be filed on separate vouchers.

3. Travel vouchers must be filed by state officials, state employees, and qualified non-employees within 60 days from the end of the month in which travel occurred. Travel vouchers not filed within this period must be submitted to the deputy commissioner with justification for payment approval. Travel vouchers are considered filed once they are received in Accounting Services.
4. A travel voucher must not exceed 31 days time frame.
5. Completion of the travel voucher requires use of the DCS Trip Optimizer. Unless specifically exempt from its use a printed copy of the "Trip Optimizer" results will be submitted when the travel voucher is filed. Exemptions from using the Trip Optimizer will include the following:
 - a. Individuals who have been assigned and are utilizing a state leased vehicle.
 - b. Individuals who are traveling less than 100 miles round trip for infrequent travel.
 - c. Use of a personal car to travel to and from the airport or other transportation terminal when the total distance traveled is less than 100 miles round trip.
6. Claims for reimbursement of registration fees must be supported by corresponding paid receipts. Travel vouchers requesting reimbursement of registration fees for non-attendance of conferences, meetings, or workshops are subject to the approval of the appropriate deputy commissioner and are submitted with sufficient explanation and justification as to the reason of cancellation. Other than direct billing from the sponsoring entity, OSF Form 19 is the only mechanism for reimbursement of registration fees while in travel status. Direct billing of registration must be noted on the OSF Form 19.
7. The nature of "Official Business" as referenced on OSF Form 19 must be described in sufficient detail to enable persons reviewing the voucher to understand the purpose of the travel.
8. Agendas, announcements, or memoranda when in overnight travel status for conferences, seminars, or training must contain dates, times, and locations or designated lodging or lodging site and be submitted with the OSF Form 19.

9. Employees and qualified non-employees must identify on OSF Form 19 when registration, lodging, and/or any other items are directly billed.

D. Designated Lodging

Evidence such as the announcement or notice designating a pre-arranged conference, workshop and/or seminars must be attached to the OSF Form 19. Expenses may not exceed the single occupancy room rate, including tax, charged by the designated hotel, motel or other public lodging place.

1. In the course of conducting official agency business OSDH may designate a particular lodging facility. The Deputy Commissioner must approve designation of a lodging facility.
2. Employees or qualified non-employees attending meetings, workshops, conferences, or other objective trips, which are conducted at a designated hotel, motel, or other public lodging, who choose to acquire less expensive public lodging, are reimbursed the actual lodging expense not to exceed the single occupancy room rate, including tax, charged by the designated public lodging place. Those employees or qualified non-employees choosing this option are reimbursed for local transportation costs incurred while traveling between such optional lodging and the designated hotel, motel, or other public lodging place, not to exceed the difference between the cost of the designated lodging and the cost of the optional lodging. Local transportation costing \$25 or more for one trip one way requires receipts.
3. Overflow hotels with documentation are considered designated hotels and are reimbursed the actual lodging expense not to exceed the single occupancy rate, including tax. Transportation costs to and from the conference site are reimbursable.
4. OSDH is authorized to make direct purchases of lodging at facilities operated by the Oklahoma Tourism and Recreation Department (OTRD). Such lodging is reimbursed at the in-state lodging rate. The in-state lodging and per diem rate must not exceed the rate established in Title 74 O.S., §500.1 through 500.37 per 24-hour period per person.
5. The OTRD requires a five-day cancellation period. Any employee canceling under the five-day limit is responsible for any charges the Agency incurs unless substantial documentation can be provided that an emergency or circumstance beyond the employee's control contributed to the delay in cancellation.

E. Per Diem Payments

1. Per diem expenses are reimbursable only for travel periods that incorporate overnight travel status. Title 74 O.S., §500.8 and 500.9 reflect per diem and lodging rates for travel both within and outside of the state of Oklahoma based upon the amount authorized by the provisions of the Internal Revenue Code of 1986.
2. Authorized per diem reimbursement rates vary depending on the location of travel as identified in Government Services Administration's (GSA) Continental United States (CONUS) rates for domestic locations and for locations outside of the Continental United States (OCONUS). A complete listing of the CONUS and OCONUS locations and rates can be obtained from the GSA web site: www.policyworks.gov/perdiem.
3. An employee attending a conference or workshop in which meals are provided, as part of the package plan must attach a copy of the agenda or workshop notice to the OSF Form 19. A deduction of one-fourth of the per diem amount shall be made against the per diem amount for each meal provided.
4. Out-of-state reimbursement for per diem and lodging does not begin more than 24 hours before or continue more than 24 hours after the objective of the trip, such as meeting, workshop, or conference, except as stated in this paragraph. Under limited circumstances involving airline travel, reimbursement may begin as many as 48 hours before and extend as many as 48 hours after the objective of the trip if airfare is lower than the amount which would have been reimbursed had the 24 hour rule been applied. Any extra days must be a weekend day.
5. OSF Form 19 must have a detailed cost comparison of the additional per diem and lodging versus the savings on airfare. The airfare rate used in the comparison must come from the same travel agency where the ticket was purchased. The total reimbursement cannot exceed the amount of eligible reimbursement if the 24-hour rule is adhered to including the airfare rate available at the time.
6. An increased per diem allowance in lieu of subsistence is authorized if in overnight travel status. This allowance is applicable when staying with others and is claimed in the per diem column of OSF Form 19.

F. Interstate Travel

1. An employee who plans to travel outside the state of Oklahoma must complete an Interstate Travel Request/Authorization form, ODH 81. Electronic routing of the ODH 81 is the required method of obtaining approval for interstate travel. Exceptions to the electronic routing method are only available to those deputy areas and Commissioner's direct reporting units where there is not a designated travel coordinator.
2. The Commissioner has designated the authority to approve OSDH interstate travel requests to the chief operating officer and to the appropriate service area deputy commissioners. All interstate travel shall receive prior documented approval from the division director or service chief, deputy commissioner or the chief operating officer, and the budget analyst. The final approved request will be sent to the appropriate travel coordinator for processing. The travel coordinator will provide the required approvals to Accounting Services. The travel claim cannot be processed without the required approvals.
3. The employee must obtain the documented approval for out-of-state travel before incurring binding obligations or making expenditures for travel-related expenses, including but not limited to airfare, registration fees, or lodging. Expenditures or obligations made prior to approval of the out-of-state travel request will not be reimbursed. Prior to receipt of the approval for interstate travel, the employee may make reservations and other arrangements necessary for travel-planning and cost-estimation, but must not pay for such reservations.
4. Regardless of the mode of travel, including privately owned vehicles, reimbursement for interstate transportation costs will not exceed that of coach airfare.
5. When requesting a mode of travel other than contract airfare, a "Car Travel Reimbursement Cost Comparison" must accompany the ODH 81. The "Car Travel Reimbursement Cost Comparison" must compare the "low dollar contract tier fare" of both the departure and return flights with the cost of travel computed using the DCS website "Trip Calculator" located at:
<https://www.ok.gov/dcs/calculator/index.php>
6. The cost comparison should be completed by the traveler or the designated travel coordinator serving that traveler and submitted with the ODH 81 for approval. Instructions for obtaining the "low dollar contract tier fare" and using the "Car Travel Reimbursement Cost Comparison" can be found at:

Parents as Teachers Information

www.parentsasteachers.org

The MIECHV Home Visiting Program RFP requires the Contractor to implement Parents as Teachers® (PAT) - the evidence-based home visiting model. The Oklahoma State Department of Health places emphasis on model fidelity and ensures all areas related to service delivery exceed the minimum required by the model. The requirements set forth within this RFP and in program procedure manuals, The Parents as Teachers® (PAT) curriculum will be used on the home visits. The Ages and Stages Questionnaires 3 (ASQ 3), and the Ages and Stages: Social and Emotional 2 (ASQ:SE - 2) will be used for developmental screenings.

The PAT model is an evidence-based early childhood home visiting model, which is designed to build strong communities, thriving families, and children who are healthy, safe, and ready to learn.

All affiliated PAT programs adhere to these Essential Requirements, which provide the framework for program development and implementation. Staff is trained on the Essential Requirements and programs are affiliated based on the adherence to the Essential Requirements. In addition to helping assure quality, the Essential Requirements allow for flexibility in service implementation to permit integration into a wide range of communities and provide opportunities for innovation.

Parents as Teachers Essential Requirements

- | | |
|---------------------------|---|
| Essential Requirement #1: | Affiliates provide at least two years of services to families with children between prenatal and kindergarten entry. |
| Essential Requirement #2: | The minimum qualifications for parent educators are a high school diploma or GED and two years previous supervised work experience with young children and/or parents. |
| Essential Requirement #3: | Each affiliate has an advisory committee that meets at least every 6 months (can be part of a larger committee, community network or coalition as long as the group includes a regular focus on the Parents as Teachers affiliate). |
| Essential Requirement #4: | Each month, parent educators working more than .5 FTE participate in a minimum of two hours of individual reflective supervision and a minimum of two hours of staff meetings and parent educators working .5 FTE or less participate in a minimum of |

one hour of reflective supervision and two hours of staff meetings. In order to support high quality services to families, this requirement includes supervisors who carry a caseload

Essential Requirement #5:

Each supervisor, mentor or lead parent educator is assigned no more than 12 parent educators, regardless of whether the parent educators are full-time or part-time employees. [

assigned to the supervisors is adjusted proportionately when the supervisor is not full-time. For example, a .75 FTE supervisor would have a maximum of 9 PEs; a .5 FTE would have a maximum of 6 PEs; a .25 FTE would have a maximum of 3 PEs.

Essential Requirement #6:

All new parent educators in an organization who will deliver Parents as Teachers services to families attend the Foundational and Model Implementation Trainings before delivering Parents as Teachers; new supervisors attend at least the Model Implementation Training.

Essential Requirement #7:

Parent educators obtain competency-based professional development and training and renew certification with the national office annually.

Essential Requirement #8:

Parent educators complete and document a family-centered assessment within 90 days of enrollment and then at least annually thereafter, using an assessment that addresses the Parent as Teachers required areas.

Essential Requirement #9:

Parent educators develop and document goals with each family they serve.

Essential Requirement #10:

Parent educators use the foundational visit plans and planning guide from the curriculum to design and deliver personal visits to families.

Essential Requirement #11:

Families with 1 or fewer high needs characteristics receive at least 12 personal visits annually and families with 2 or more high needs characteristics receive at least 24 personal visits annually.

Essential Requirement #12:

Full-time 1st year parent educators complete no more than 48 visits per month during their first year and full-time parent educators in their 2nd year and beyond complete no more than 60 visits per month. The number of visits completed monthly is adjusted proportionately when a parent educator is part

time. In addition, a number of factors need to be considered when establishing the maximum number of visits completed monthly, including parent educators' total responsibilities, travel time for visits, data collection responsibilities and program supports.

- Essential Requirement #13: Affiliates deliver at least 12 group connections across the program year.
- Essential Requirement #14: Screening takes place within 90 days of enrollment for children 4 months or older and then at least annually thereafter (infants enrolled prior to 4 months of age are screened prior to 7 months of age). A complete screening includes developmental screening using PAT approved screening tools, along with completion of a health review that includes a record of hearing, vision, and general health status. Developmental domains that require screening include language, intellectual, social-emotional & motor development.
- Essential Requirement #15: Parent educators connect families to resources that help them reach their goals and address their needs.
- Essential Requirement #16: At least annually, the affiliate gathers and summarizes feedback from families about the services they've received, using the results for program improvement.
- Essential Requirement #17: The affiliate annually reports data on service delivery and program implementation through the APR; affiliates use data in an ongoing way for purposes of continuous quality improvement

MODEL COMPONENTS

The PAT model has four interrelated and integrated components: personal visits, group connections, screening and resource network, these components are the vehicle for service delivery of parent education and family support to enrolled families:

(1) Personal Visits

Each visit is individualized, strength-based collaboration where parent educators focus on child development and parent-child interaction. The training and curriculum, together with the parent educator's interpersonal and communication skills bring a valuable service to families, resulting in measurable impacts.

(2) Screenings

Tools help parents understand their child's development, recognize strengths, and identify areas of concern that might suggest the need for follow-up services. These include overall health, vision, and hearing screenings performed by healthcare providers.

Child Development Screenings

In addition to the PAT Milestones by Age required screening, the OSDH requires the Contractor provide the ASQ 3 and the ASQ:SE-2 child development screenings for children enrolled in the program beginning with the two month questionnaire or, for children enrolled after two months, as appropriate according to the ASQ 3 or ASQ:SE-2 administration chart found in the program and procedures manual.

Program staff performing the ASQ 3 and ASQ:SE -2 child development screenings must be trained in the administration, scoring, analysis, and reporting of the Ages and Stages Questionnaire. (See *Attachment L*)

Program staff track children who are suspected of having a developmental delay and follow through with appropriate referrals and follow-up as needed.

Child Health Screenings

Screenings may be conducted in person or through other community agencies. Documentation of screening results (including those done by contractors, community agencies, physicians, etc.) is required.

- Vision screening
- Hearing screening

(3) Group Connections

Parent groups are opportunity for parents to share experiences, discuss problems, learn from other parents, support one another, observe their child with other children, and practice parenting skills. In addition, child development information is shared and social connections between parents are fostered.

Contractors may develop group connections at their agency in addition to partnering with child guidance to access Circle of Parents groups within the community. These resources are outlined further in the OSDH PAT procedures manual

(4) Resource Network

A network of community resources that parents can deploy as needed. It is essential that programs build comprehensive, collaborative, and community – based partnerships that build on family strengths, support long-term self-sufficiency, and impact real and long lasting change.

ENROLLMENT CRITERIA

PAT Affiliates serve families with children from pregnancy through kindergarten. In keeping with the continuum of service for home visitation the enrollment criteria is tailored to direct the placement of a family into the model that is the best fit. Prenatal families are eligible for enrollment into PAT once they are 29 weeks pregnant with a first pregnancy or at conception for subsequent pregnancies.

Families receive a family-centered assessment within 90 days of enrollment; and are required to sign a mutual participation agreement/consent for services.

STAFF

The Contractor will propose how many of these core program staff positions will be needed to provide the proposed services and the percent of time to be worked by each position.

The Contractor may choose to utilize one person to fulfill more than one of the required positions listed above. For example, an individual may be assigned 50 percent time as Program Supervisor and 50 percent time as Parent Educator. If one individual is assigned to more than one position, that individual will fulfill all of the roles and responsibilities listed for each of the assigned positions.

The core program staff positions required by the PAT model and the OSDH for implementation are:

- Program Supervisor
- Parent Educator

Program Supervisor

The PAT supervisor provides leadership, oversight and vision for the work of the affiliate. The supervisor's responsibilities include directing, coordinating, supporting, and evaluating the on-the-job performance of parent educators in accordance with the affiliate's policies and procedures.

A combination of education, work experience and effective interpersonal and communication skills is critical for the supervisor. It is recommended that the supervisor has a bachelor's degree or beyond in early childhood education, social work, health, psychology or a related field. The supervisor should also have at least five years' experience working with families and young children. In addition, the supervisor needs to have a commitment to reflective supervision, data collection and continuous quality improvement. For supervision purposes, a lead parent educator with a similar education and experience level as the supervisor can be designated to support and provide guidance to parent educators. This approach is most applicable for an affiliate with many parent educators.

Each supervisor, mentor or lead parent educator is assigned no more than 12 parent educators, regardless of whether the parent educators being supervised are full-time or part-time employees.

Parent Educator

Affiliate quality is highly dependent on hiring parent educators who value working with parents of young children and who have the skills to develop positive and enduring relationships with families. Quality PAT affiliates strive to hire parent educators that collectively reflect the community, including the cultural and language backgrounds of the families being served. In addition, parent educators must be committed to continual growth in their ability to respond effectively to families’ community, cultural, and language backgrounds.

When hiring a parent educator, evaluating the candidate’s combination of education, work experience, and communication and interpersonal skills is critical. “The need for home visitors to be nonjudgmental, objective, and reflective is also very important. It is through the use of such abilities that home visitors are able to establish a productive working relationship with families. Because these characteristics are so essential to the success of the home visiting process, selection of individuals who already possess basic competencies in these areas is important. Training after a person is employed to compensate for insufficient skills in these areas is not only difficult but often unsuccessful” (Wasik, 2001, p.82). Thus, it is important for the PAT supervisor to be familiar with the core competencies that parent educators must develop over time through training and experience.

The core competencies (outlined on the following page) are divided into five content areas. Within each competency area are the knowledge, skills, and practices that parent educators need to develop over time through training and experience. These are described further in the PAT Foundational Curriculum.

Parent Educator Core Competencies

Competency Area		Definition and Description
I.	Family Support and Parenting Education	Parent educators practice a strength-based family support and parenting education approach to support the growth of parents’ capacities through research-based methods and principles.
II.	Child and Family Development	Parent educators are knowledgeable about child and parent development, and are skilled in fostering positive parent-child interactions.
III.	Human Diversity within Family Systems	Parent educators demonstrate respect for diverse needs and characteristics of families and understand the influence of varied family systems, culture, and socioeconomic status in child rearing practices and school readiness.
IV.	Health, Safety, and Nutrition	Parent educators assist parents in establishing healthy and safe environments and parenting practices that

		promote the optimal development of children.
V.	Relationships between Families and Communities	Parent educators strengthen families by building partnerships, connecting parents to supports, and fostering parent engagement and leadership in schools and other community organizations.

Priority should be given to hiring parent educators with effective communication and interpersonal skills (e.g., nonjudgmental, objective, reflective, empathic, patient, tactful) since these skills are necessary building blocks for each core competency area

TRAINING

Orientation

Staff receives orientation training within 3 months of hire prior to direct work with families to familiarize them with the functions of the site. Topics include but are not limited to:

- Staff roles as they relate to the site's goals, services, curriculum materials, policy and operating procedures, data collection forms and processes, and philosophy of home visiting/family support
- Staff is oriented to the site's relationship with other community resources prior to direct work with families.
- Staff is oriented to child abuse and neglect indicators and reporting requirements prior to direct work with families.
- Staff is oriented to issues related to boundaries prior to direct work with families

Contractors will receive training provided by Parents as Teachers National Center® (PATNC) trainers and as arranged by the OSDH. Technical assistance is provided by the OSDH PAT Program Consultant, and Contractors will be provided with the tools to collect and document in all required areas. Although OSDH will provide most of the required training, ultimately it is the responsibility of the Contractor to assure that program staff meets training requirements as described in this RFP. Staff will receive additional 20 hours of professional development training per year and will renew annually.

SUPERVISION

- Parent educators working more than .5 FTE participate in a minimum of four hours of individual reflective supervision and a minimum of 2 hours of staff meetings per month.
- Parent educators working .5 FTE or less participate in a minimum of two hours of reflective supervision and two hours of staff meetings per month.

CASELOAD MANAGEMENT

Contractors are required to ensure all parent educators employed full-time complete no more than 48 visits per month during their first year and that all parent educators employed full-time complete no more than 60 visits per month in their second year and beyond, taking into consideration:

- Experience and skill of the parent educator
- Nature and difficulty of the problems encountered
- Number of families per service provider which involve additional assessments and/or more intensive intervention
- Travel and other non-direct service time required to fulfill the service provider's responsibilities
- Extent of other resources available in the community to meet family needs
- Other assigned duties

HOME VISITS

The goal of the home visit is to promote positive parent-child interaction, healthy childhood growth and development, and enhance family functioning. Typically, home visits occur in the home, last a minimum of an hour and the child is present. Within Parents as Teachers' broader context of parent education and family support, there are three key areas of emphasis that are critical in working with families:

Parent Child – Interaction

- Focuses on developing parenting skills that are warm, responsive, encouraging, and communicative.

Development – Centered Parenting

- Informs parents about child development; making explicit connections between the child's stage of development, in addition to behavior.

Family Well – Being

- Focuses on family strengths, capabilities, and skills to build upon the protective factors.

ASSESSMENTS

Families must receive a complete family-centered assessment within 90 days of enrollment and then at least annually thereafter.

PAT requires that the following seven areas be covered in the family-centered assessment:

- Parenting (parent knowledge, capacity, parenting practices, and/or parent-child relationship)
- Family relationships and formal and informal support systems
- Parent educational and vocational information
- Parent general health
- Parent/child access to medical care, including health insurance coverage

- Adequacy and stability of income for food, clothing, and other expenses
- Adequacy and stability of housing

GOAL PLAN

Goals are established in partnership with families within 90 days of enrollment using multiple sources of information, including parents’ interests and needs, family-centered assessment, and screening results. Goals address at least one of the following areas: parenting behaviors, child development and family well-being.

Once goals have been identified, the parent educator and parents create and document a plan to accomplish the family’s goals. The plan should include but is not limited to a timeline, specific steps toward accomplishing the goal(s), needed resources, and review of progress.

On a regular basis, parent educators and families should discuss progress, adjusting the goals and steps as necessary. As goals are achieved, new goals are developed as appropriate, maintaining at least one goal at all times.

ANNUAL PERFORMANCE REPORT

Contractors will complete and submit the Annual Performance Report (APR) within the required timeline for Parents as Teachers National Center (PATNC). Contractors will submit the APR electronically to PATNC and provide a two paper copies to OSDH.

STRENGTHENING FAMILIES PROTECTIVE FACTORS INFORMATION

The Protective Factors Framework

Five Protective Factors are the foundation of the Strengthening Families Approach: parental resilience, social connections, concrete support in times of need, knowledge of parenting and child development, and social and emotional competence of children. Research studies support the common-sense notion that when these Protective Factors are well established in a family, the likelihood of child abuse and neglect diminishes. Research shows that these protective factors are also “promotive” factors that build family strengths and a family environment that promotes optimal child and youth development.

1. Parental Resilience

No one can eliminate stress from parenting, but a parent’s capacity for resilience can affect how a parent deals with stress. Resilience is the ability to manage and bounce back from all types of challenges that emerge in every family’s life. It means finding ways to solve problems, building and sustaining trusting relationships including relationships with your own child, and knowing how to seek help when necessary.

2. Social Connections

Friends, family members, neighbors and community members provide emotional support, help solve problems, offer parenting advice and give concrete assistance to parents. Networks of support are essential to parents and also offer opportunities for people to “give back”, an important part of self- esteem as well as a benefit for the community. Isolated families may need extra help in reaching out to build positive relationships.

3. Concrete Support in Times of Need

Meeting basic economic needs like food, shelter, clothing and health care is essential for families to thrive. Likewise, when families encounter a crisis such as domestic violence, mental illness or substance abuse, adequate services and supports need to be in place to provide stability, treatment and help for family members to get through the crisis.

4. Knowledge of Parenting and Child Development

Accurate information about child development and appropriate expectations for children’s behavior at every age help parents see their children and youth in a positive light and promote their healthy development. Information can come from many sources, including family members as well as parent education classes and surfing the internet. Studies show information is most effective when it comes at the precise time parents need it to understand their own children. Parents who

experienced harsh discipline or other negative childhood experiences may need extra help to change the parenting patterns they learned as children.

5. Social and Emotional Competence of Children

A child or youth's ability to interact positively with others, self-regulate their behavior and effectively communicate their feelings has a positive impact on their relationships with their family, other adults, and peers. Challenging behaviors or delayed development creates extra stress for families, so early identification and assistance for both parents and children can head off negative results and keep development on track.

**OKLAHOMA STATE DEPARTMENT OF HEALTH
ADMINISTRATIVE PROCEDURES MANUAL**

NUMBER: 1-17
TITLE: Reporting Child Abuse or Neglect
ADOPTED: April 1999
LAST REVIEWED: October 2011
RESPONSIBLE SERVICE: Administration

APPROVED:

Terry Cline, Ph.D.
Commissioner
Signature on File

I. Purpose

The purpose of this administrative procedure is to define the Oklahoma State Department of Health's (OSDH) process for reporting child abuse and/or neglect.

II. Reporting Child Abuse and/or Neglect

A. Process

As required by Title 10A of the Oklahoma Statutes, Section 1-2-101 should any OSDH employee have reason to believe that a child under the age of 18 years is a victim of abuse or neglect, as the terms are defined in Title 10A of the Oklahoma Statutes, Section 1-1-105, the following actions must be taken:

1. Utilizing the information gathered for the "Child Abuse Reporting Form," (Attachment A, ODH Form 333F) promptly contact the Oklahoma Department of Human Services Statewide Child Abuse Reporting Hotline at 1-800-522-3511.
 - a. The definition of "promptly" may vary from incident to incident depending on the severity of the abuse and/or neglect and the age or vulnerability of the child. However, all reports must be made less than 24 clock hours from the time the employee had reason to believe that the child was a victim of abuse or neglect.
 - b. If an employee has reason to believe that a child is in immediate physical danger, the employee must contact local law

enforcement in addition to making a report to the OKDHS Child Abuse Reporting Hotline.

2. Following the verbal report to the OKDHS Child Abuse Reporting Hotline, the employee should immediately complete the "Child Abuse Reporting Form," (Attachment A, ODH Form 333F) including as much information as possible. The documented information should objectively and accurately reflect the nature of the abuse and/or neglect without overstating or minimizing the incident(s).
3. The original completed "Child Abuse Reporting Form," (Attachment A, ODH Form 333F) should immediately be mailed to the OKDHS office where the child resides or where the injury occurred--whichever office seems most reasonable. The "One Week Follow-Up" Section of the "Child Abuse Reporting Form," (Attachment A, Form 333F) will be left incomplete.
4. One copy of the completed "Child Abuse Reporting Form," (Attachment A, ODH form 333F) should then be filed in the administrative section of the client child's medical record.
5. A progress note should be made stating only "ODH Form 333F completed." The progress note is to be filed in the client child's medical record in the relevant clinical service section. For example, if the child was seen in the WIC Clinic and reported by a WIC staff person, then the progress note would be filed in the WIC section of the client child's medical record.
6. If the child is not a health department client, a medical record should be opened for that child and the "Child Abuse Reporting Form," (Attachment A, ODH Form 333F) should be filed in the administrative section of that medical record.
7. A progress note should be made stating only "(Attachment A, ODH Form 333F) completed." The progress note is to be filed in the medical record in a clinical service section.
8. A separate file should be established in each county health department to contain "Child Abuse Reporting Forms," (Attachment A, ODH Form 333F) related to child abuse reports made on behalf of children whose names are not known.
9. Approximately one week after the report was made; the "One Week Follow-Up" section of the "Child Abuse Reporting Form," (Attachment A, ODH Form 333F) should be completed. The form should be returned to its appropriate place in the child client's medical record AND a copy of the completed form should be sent to:

The Oklahoma State Department of Health
The Family Support & Prevention Service
1000 Northeast Tenth Street, 7th Floor
Oklahoma City, Oklahoma 73117-1299

Please state "CONFIDENTIAL" on the outside of the envelope.

10. The person making the report is responsible for informing the immediate supervisor, and/or district supervisor, who will, in turn, advise the local county health department administrator. This notification procedure is not a substitute for making a report. According to state law, reporting is an individual responsibility and the person who suspects abuse is the person who must make the report. The legal responsibility for reporting is not satisfied by merely reporting the suspicion to a supervisor.

III. Statutory Definitions

A. Abuse

"Abuse" means harm or threatened harm or failure to protect from harm or threatened harm to the health, safety, or welfare of a child by a person responsible for the child's health, safety or welfare, including but not limited to nonaccidental physical or mental injury, sexual abuse, or sexual exploitation. Provided, however, that nothing contained in this act shall prohibit any parent from using ordinary force as a means of discipline including, but not limited to, spanking, switching, or paddling.

1. "Harm or threatened harm to the health or safety of a child" means any real or threatened physical, mental or emotional injury or damage to the body or mind that is not accidental including but not limited to sexual abuse, sexual exploitation, neglect or dependency.
2. "Sexual abuse" includes but is not limited to rape, incest, and lewd or indecent acts or proposals to a child, as defined by law, by a person responsible for the health, safety, or welfare of a child.
3. "Sexual exploitation" includes but is not limited to allowing, permitting, or encouraging a child to engage in prostitution, as defined by law, by a person responsible for the health, safety, or welfare of a child, or allowing, permitted, encouraging, or engaging in the lewd, obscene, or pornographic, as defined by law, photographing, filming, or depicting of a child in those acts by a person responsible for the health, safety, and welfare of the child.

B. Neglect

“Neglect” means:

1. The failure to provide any of the following:
 - a. Adequate nurturance and affection, food, clothing, shelter, sanitation, hygiene, or appropriate education,
 - b. Medical, dental, or behavioral health care,
 - c. Supervision or appropriate caretakers, or
 - d. Special care made necessary by the physical or mental condition of the child,
2. The failure to protect a child from exposure to any of the following:
 - a. The use, possession, sale, or manufacture of illegal drugs,
 - b. Illegal activities, or
 - c. Sexual acts or materials that are not age-appropriate, or
3. Abandonment.
