About American Aluminum

Thank you for your interest in American Aluminum Accessories, Inc. We manufacture a wide variety of products from high-quality toolboxes to an extensive line of products designed to meet the ever-changing needs of the Law Enforcement Community.

In 1989, we began as a manufacturer of our superior quality CamLocker toolboxes. In 1992, due to the demand for safe, secure transport for a nearby Law Enforcement Department's canine, we introduced the very first in-vehicle **E/Z RIDER K-9 Container**.

We have continuously grown and expanded our products, catering to the needs and wants of our valued customers and high-profile clientele. Over the years as your needs have changed, we have evolved and expanded our products to include **Inmate Transport Systems, Vault Systems, K-9 Training Aids, Contraband Containment** and **Animal Control Systems**, to name a few.

We strive daily to manufacture the finest products available and we always welcome the input you provide to continue on our improvements. We would like to thank each and every one of our valued customers. It is with our deepest appreciation we thank you, the Law Enforcement Community for your dedication and service.

We look forward to serving you.

Sincerely,

Thomas A. Swain

CEO of American Aluminum Accessories, Inc.

"Protecting those who Protect Us"

We believe in service and satisfied customers. A technical department backs up every product we build.

When you receive one of our products, should a problem arise, please do not hesitate to contact us at: 1-800-277-0869 (Technician schedule M-F 8AM-3:30 p.m. We will direct your call to the appropriate technician to assist you with your need.)

For Custom Manufacturing Inquiries please contact our Sales Manager, Alan Dodimead. He can be reached at aland@aaa-mail.com or by phone at 800-277-0869 Ext. 1201.

Our Staff at American Aluminum Accessories Inc.

We take our products and service very seriously. We are committed to serving you, our customer. Please let us know how our Customer Care Team can help you.

Our Family of Products

HANDLERS CHOICE

The Original E/Z Rider K9 Platform unit is fully contoured for vehicle specific, perfect fit. Front Panel made of mill finish aluminum, fully welded with double-walled front panels and Polycarbonate head rest protectors and round vertical bars. Front sliding emergency escape door on sliding track with spring loaded locking system. The K9 Insert made of .125 mill finish aluminum, fully welded with vertical front bars for maximized visibility and strength. Seamless Base Pan fully welded and specific fit contouring to allow K9 leg safe ease upon entry and exit. Base extends door sill to door sill utilizing all available space and allowing for easy rinsing and cleaning without damage to vehicle. Canopy with punch design (SUV's only) allows for maximum airflow from vehicles with existing factory rear A/C and heat. All platform units include perfectly contoured Steel Window Guards and Aluminum Door Panels. Window Guards are powder coated black and hinged on bottom to allow for easy cleaning and maintenance. Door Panels are contoured, smooth, fast design for ease of install. Complete Hardware kit with installation instructions included.

Interceptor Sedan

- ❑ Powder coat was tested for a 1000 hour Salt Fog Chamber. Test per ASTM B117 was completed on 5/12/2012 and our powder coating process was rated Excellent.
 - ❑ Our E/Z-Rider Platform System (performed on a F150 truck & Interceptor SUV) tested for roof mounted airbag deployment compatibility and our system was rated Excellent.
- Test performed by Karco Engineering.
- ❑ Sedan models weight 280lbs. SUV models weight 320lbs

Accessories

E/Z-Divider, for Platform Systems only,
vehicle specific, removable, lockable

E/Z- Rubber mat, ½" thick,
custom fit rubber mat.

E/Z-Water dish, Spill proof, bracket mounted.
Capacity 1 Gallon.

R.E.S.C.U.E. System

Actuator motor and it's components are included and comes in *Driver Side or Passenger Side*, depending on if the model K-9 Transport System you are ordering or have in the Vehicle allows K-9 deployment from the vehicle on either side.

ELECTRONIC REMOTE DOOR OPENING SYSTEM

Allows the Officer to unlock and open the vehicle door and release the K-9 by remote transmitter.

Our **R.E.S.C.U.E. System**: Includes 2 (ONE RECESSED BUTTON) transmitters. Both are the same size. One has a pouch that can be worn on a utility belt. One has a ring to be placed on key chain.

CoolGuard System

IN-VEHICLE TEMPERATURE MONITOR & ALERT SYSTEM

This electronic monitor and alert system is designed to

Keep Your Dog Alive

The secret:

*A high volume window-mounted fan that is activated when
temperature in vehicle is dangerously high.*

- 1- AUTOMATIC FAN OUTPUT.
- 2- TWO (2) TEMPERATURE SELECTIONS
87 OR 92 DEGREES.
- 3- AUTOMATIC DUAL WINDOW DROP.
- 4- INCLUDES HIGH SPEED FAN.
- 5- COMPLETE 1-YEAR WARRANTY.

CoolGuard Pager
(Sold separately)

WARNING!!

*The lethal temperature for an
average size Law Enforcement
K-9 is 103 to 107 degrees for
approximately five (5) minutes.*

***CoolGuard** will activate and
rapidly cool the K-9 Partner when dangerous
(inside-vehicle)
temperatures are detected...
which helps protect his life.*

*Even if the K-9 Officer is delayed in returning to
the vehicle, your K-9 Partner and your
department's Investments are protected.*

The high speed fan moves 500 to 550cfm of air.
The temperature drops 10 to 15 degrees almost
immediately when the fan is activated. Complete
system, plus fan will operate approx. 8 1/2 hours
on standard police battery. Also features manual
on/off over-ride switch, which allows for general
use of fan when needed, aside from the CoolGuard
system. Includes unique horn alarm pattern, status
light indicator, self-diagnosing alert if system fails.
