Clarifications

Shipping

Booksource offers free standard shipping on all orders over \$150; rush shipping can be requested at the customer's expense. Booksource will charge a flat, standard shipping rate of \$9.99 to all purchase orders under \$150. Additional shipping rates will apply for orders shipping outside of the continental United States. Contact us at bids@booksource.com for additional information.

Discount

Booksource offers a 25% discount off current publisher list price at the time of purchase. While publishers reserve the right to change the list price of their titles at any time, the discount Booksource offers off that list price will remain firm. This discount applies to titles where Booksource receives a standard publisher discount. Booksource offers a 0%-10% discount off current publisher list price at the time of purchase on titles where Booksource receives a short publisher discount. On average, 99% of Booksource inventory was purchased at standard publisher discount.

Unit pricing reflects a 25% discount off publisher list price at time of proposal submittal. Under any resulting contract, 25% will be applied to current publisher list price at the time of purchase.

Volume Discount Terms

Booksource is happy to work out deeper discounts on high volume purchases. As Booksource volume discount terms are determined on a case-by-case basis, please contact Steven Hicks, Business Development Manager (800.444.0435, ext. 257, shicks@booksource.com), if you have a high volume order you would like pricing for.

Discrepancies

Booksource will replace all shorted or damaged products at no expense.

Catalogs

Booksource's catalogs do not expire but are updated every year.

Backorder Policy

In stock items will be delivered 7-14 days ARO. For out-of-stock items, customers have the option to allow for backorders, substitute backordered titles, or to have an order held until all items are in stock. We use a notification system that is sent electronically to the email address provided on the Purchase Order. If no email address is provided, the system will default to fax or written notifications. Notifications are sent upon order receipt and order completion. Initial orders will ship within seven to ten business days upon Purchase Order placement, while backordered items, if any, will ship complete within 30-45 days, pending publisher availability. In the event that a title(s) is out

of stock beyond the 30-45-day period, the customer will be notified and has the option to cancel or substitute title(s).

Returns

If Booksource is responsible for any order-fulfillment discrepancy (e.g., damaged books, incorrect titles, etc.), Booksource will issue a return label (call-tag) at no customer cost. If Booksource is not responsible for order-fulfillment discrepancy, but the customer simply wants to return item(s) for other reasons, the customer will pay for shipping/handling per shipping method rates. Items that have been altered by customer or by customer request are non-returnable (e.g., re-bound, stamped, labeled, etc.). Special order titles are non-returnable. The total for returned items will be subtracted from the customer's invoice. When necessary (e.g., invoice has already been paid, customer prepaid with a credit card, etc.), Booksource can also issue a refund for returned items via check or credit card.

Sorting, Boxing and Labeling

Booksource provides free set sorting and boxing services for every classroom library. Each library and collection from Booksource will be sorted and packaged to ensure easy delivery, receipt and distribution. For qualifying orders, custom, attached book labels are included. Book labels can contain up to 4 lines of text selected from the following:

- Collection Name
- Fiction/Nonfiction
- Author
- School Name
- District Name
- Guided Reading Level (F&P, Lexile, AR)

Once titles are separated into sets, they are shrink-wrapped or bagged (depending on size of books or district specifications) and the set is labeled with its name or any other information requested by the customer. Sets are then boxed by teacher, classroom, and grade level – or Booksource will work with the district to determine the solution that would make distribution easiest upon receipt. Boxes are labeled with the information needed based on the sorting criteria. **When an end user receives a classroom library from Booksource, each step of unpacking contains the necessary information to make it as easy as possible to get the materials where they need to be and organized in the best way to be used in the classroom.**

Storage

Booksource can provide **high-quality plastic Booksource Book Baskets** that offer easy storage and organization options for bookrooms and classroom libraries. Each basket measures 15"x12"x6" and comes with a lifetime guarantee. Each basket can typically hold up to 50 – 60 books, depending on size.
