This State of Oklahoma General Terms (“General Terms”) is a Contract Document in connection with a Contract awarded by the Office of Management and Enterprise Services on behalf of the State of Oklahoma.

In addition to other terms contained in an applicable Contract Document, Supplier and State agree to the following General Terms:

1 Scope and Contract Renewal

- 1.1** Supplier may not add products or services to its offerings under the Contract without the State’s prior written approval. Such request may require a competitive bid of the additional products or services. If the need arises for goods or services outside the scope of the Contract, Supplier shall contact the State.
- 1.2** At no time during the performance of the Contract shall the Supplier have the authority to obligate any Customer for payment for any products or services (a) when a corresponding encumbering document is not signed or (b) over and above an awarded Contract amount. Likewise, Supplier is not entitled to compensation for a product or service provided by or on behalf of Supplier that is neither requested nor accepted as satisfactory.
- 1.3** If applicable, prior to any Contract renewal, the State shall subjectively consider the value of the Contract to the State, the Supplier’s performance under the Contract, and shall review certain other factors, including but not limited to the: a) terms and conditions of Contract Documents to determine validity with current State and other applicable statutes and rules; b) current pricing and discounts offered by Supplier; and c) current products, services and support offered by Supplier. If the State determines changes to the Contract are required as a condition precedent to renewal, the State and Supplier will cooperate in good faith to evidence such required changes in an Addendum. Further, any request for a price increase in connection with a renewal or otherwise will be conditioned on the Supplier providing appropriate documentation supporting the request.
- 1.4** The State may extend the Contract for ninety (90) days beyond a final renewal term at the Contract compensation rate for the extended period. If the State exercises such option to extend ninety (90) days, the State shall notify the

Supplier in writing prior to Contract end date. The State, at its sole option and to the extent allowable by law, may choose to exercise subsequent ninety (90) day extensions at the Contract pricing rate, to facilitate the finalization of related terms and conditions of a new award or as needed for transition to a new Supplier.

- 1.5** Supplier understands that supplier registration expires annually and, pursuant to OAC 260:115-3-3, Supplier shall maintain its supplier registration with the State as a precondition to a renewal of the Contract.

2 Contract Effectiveness and Order of Priority

- 2.1** Unless specifically agreed in writing otherwise, the Contract is effective upon the date last signed by the parties. Supplier shall not commence work, commit funds, incur costs, or in any way act to obligate the State until the Contract is effective.

- 2.3** If there is a conflict between the terms contained in this Contract Document or in Contract-specific terms and an agreement provided by or on behalf of Supplier including but not limited to linked or supplemental documents which alter or diminish the rights of Customer or the State, the conflicting terms provided by Supplier shall not take priority over this Contract Document or

Acquisition-specific terms. In no event will any linked document alter or override such referenced terms except as specifically agreed in an Addendum.

- 2.4 Any Contract Document shall be legibly written in ink or typed. All Contract transactions, and any Contract Document related thereto, may be conducted by electronic means pursuant to the Oklahoma Uniform Electronic Transactions Act.

3 **Modification of Contract Terms and Contract Documents**

- 3.1 The Contract may only be modified, amended, or expanded by an Addendum. Any change to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials made unilaterally by the Supplier, is a material breach of the Contract. Unless otherwise specified by applicable law or rules, such changes, including without limitation, any unauthorized written Contract modification, shall be void and without effect and the Supplier shall not be entitled to any claim under the Contract based on those changes. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in the Contract.

11.7 Customer may be provided access to Supplier Confidential Information. State agencies are subject to the Oklahoma Open Records Act and Supplier acknowledges information marked confidential information will be disclosed to the extent permitted under the Open Records Act and in accordance with this section. Nothing herein is intended to waive the State Purchasing Director's authority under OAC 260:115-3-9 in connection with Bid information requested to be held confidential by a Bidder. Notwithstanding the foregoing, Supplier Confidential Information shall not include information that: (i) is or becomes generally known or available by public disclosure, commercial use or otherwise and is not in contravention of this Contract; (ii) is known and has been reduced to tangible form by the receiving party before the time of disclosure for the first time under this Contract and without other obligations of confidentiality; (iii) is independently developed without the use of any of Supplier Confidential Information; (iv) is lawfully obtained from a third party (without any confidentiality obligation) who has the right to make such disclosure or (v) résumé, pricing or marketing materials provided to the State. In addition, the obligations in this section shall not apply to the extent that the applicable law or regulation requires disclosure of Supplier Confidential Information, provided that the Customer provides reasonable written notice, pursuant to Contract notice provisions, to the Supplier so that the Supplier may promptly seek a protective order or other appropriate remedy.

12 Conflict of Interest

In addition to any requirement of law or of a professional code of ethics or conduct, the Supplier, its employees, agents and subcontractors are required to disclose any outside activity or interest that conflicts or may conflict with the best interest of the

State. Prompt disclosure is required under this section if the activity or interest is

related, directly or indirectly, to any person or entity currently under contract with or seeking to do business with the State, its employees or any other third-party individual or entity awarded a contract with the State. Further, as long as the Supplier has an obligation under the Contract, any plan, preparation or engagement in any such activity or interest shall not occur without prior written approval of the State. Any conflict of interest shall, at the sole discretion of the State, be grounds for partial or whole termination of the Contract.

13 Assignment and Permitted Subcontractors

- 13.1** Supplier's obligations under the Contract may not be assigned or transferred to any other person or entity without the prior written consent of the State which may be withheld at the State's sole discretion. Should Supplier assign its rights to payment, in whole or in part, under the Contract, Supplier shall provide the State and all affected Customers with written notice of the assignment. Such written notice shall be delivered timely and contain details sufficient for affected Customers to perform payment obligations without any delay caused by the assignment.
- 13.2** Notwithstanding the foregoing, the Contract may be assigned by Supplier to any corporation or other entity in connection with a merger, consolidation, sale of all equity interests of the Supplier, or a sale of all or substantially all of the assets of the Supplier to which the Contract relates. In any such case, said corporation or other entity shall by operation of law or expressly in writing assume all obligations of the Supplier as fully as if it had been originally made a party to the Contract. Supplier shall give the State and all affected Customers prior written notice of said assignment. Any assignment or delegation in violation of this subsection shall be void.
- 13.3** If the Supplier is permitted to utilize subcontractors in support of the Contract, the Supplier shall remain solely responsible for its obligations under the terms of the Contract, for its actions and omissions and those of its agents, employees and subcontractors and for payments to such persons or entities. Prior to a subcontractor being utilized by the Supplier, the Supplier shall obtain written approval of the State of such subcontractor and each employee, as applicable to a particular Acquisition, of such subcontractor proposed for use by the Supplier. Such approval is within the sole discretion of the State. Any proposed subcontractor shall be identified by entity name, and by employee name, if required by the particular Acquisition, in the applicable proposal and shall include the nature of the services to be performed. As part of the approval request, the Supplier shall provide a copy of a written agreement executed by the Supplier and subcontractor setting forth that such subcontractor is bound by and agrees, as applicable, to perform the same covenants and be subject to

the same conditions and make identical certifications to the same facts and criteria, as the Supplier under the terms of all applicable Contract Documents. Supplier agrees that maintaining such agreement with any subcontractor and obtaining prior written approval by the State of any subcontractor and associated employees shall be a continuing obligation. The State further reserves the right to revoke approval of a subcontractor or an employee thereof in instances of poor performance, misconduct or for other similar reasons.

13.4 All payments under the Contract shall be made directly to the Supplier, except as provided in subsection A above regarding the Supplier's assignment of payment. No payment shall be made to the Supplier for performance by unapproved or disapproved employees of the Supplier or a subcontractor.

14 Background Checks and Criminal History Investigations

Prior to the commencement of any services, background checks and criminal history investigations of the Supplier's employees and subcontractors who will be providing services may be required and, if so, the required information shall be provided to the State in a timely manner. Supplier's access to facilities, data and information may be withheld prior to completion of background verification acceptable to the State. The costs of additional background checks beyond Supplier's normal hiring practices shall be the responsibility of the Customer unless such additional background checks are required solely because Supplier will not provide results of its otherwise acceptable normal background checks; in such an instance, Supplier shall pay for the additional background checks. Supplier will coordinate with the State and its employees to complete the necessary background checks and criminal history investigations. Should any employee or subcontractor of the Supplier who will be providing services under the Contract not be acceptable as a result of the background check or criminal history investigation, the Customer may require replacement of the employee or subcontractor in question and, if no suitable replacement is made within a reasonable time, terminate the purchase order or other payment mechanism associated with the project or services.

15 Patents and Copyrights

Without exception, a product or deliverable price shall include all royalties or costs owed by the Supplier to any third party arising from the use of a patent, intellectual property, copyright or other property right held by such third party. Should any third party threaten or make a claim that any portion of a product or service provided by

Supplier under the Contract infringes that party's patent, intellectual property,

copyright or other property right, Supplier shall enable each affected Customer to legally continue to use, or modify for use, the portion of the product or service at issue or replace such potentially infringing product, or re-perform or redeliver in the case of a service, with at least a functional non-infringing equivalent. Supplier's duty under this section shall extend to include any other product or service rendered materially unusable as intended due to replacement or modification of the product or service at issue. If the Supplier determines that none of these alternatives are reasonably available, the State shall return such portion of the product or deliverable at issue to the Supplier, upon written request, in exchange for a refund of the price paid for such returned goods as well as a refund or reimbursement, if applicable, of the cost of any other product or deliverable rendered materially unusable as intended due to removal of the portion of product or deliverable at issue. Any remedy provided under this section is not an exclusive remedy and is not intended to operate as a waiver of legal or equitable remedies because of acceptance of relief provided by Supplier.

16 Indemnification

16.1 Acts or Omissions

- A.** Supplier shall defend and indemnify the Indemnified Parties, as applicable, for any and all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising out of, or resulting from any action or claim for bodily injury, death, or property damage brought against any of the Indemnified parties to the extent arising from any negligent act or omission or willful misconduct of the Supplier or its agents, employees, or subcontractors in the execution or performance of the Contract.
- B.** To the extent Supplier is found liable for loss, damage, or destruction of any property of Customer due to negligence, misconduct, wrongful act, or omission on the part of the Supplier, its employees, agents, representatives, or subcontractors, the Supplier and Customer shall use best efforts to mutually negotiate an equitable settlement amount to repair or replace the property unless such loss, damage or destruction is of such a magnitude that repair or replacement is not a reasonable option. Such amount shall be invoiced to, and is payable by, Supplier sixty (60) calendar days after the date of Supplier's receipt of an invoice for the negotiated settlement amount.

16.2 Infringement

Supplier shall indemnify the Indemnified Parties, as applicable, for all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising from or in connection with Supplier's breach of its representations and warranties in the Contract or alleged infringement of any patent, intellectual property, copyright or other property right in connection with a product or service provided under the Contract. Supplier's duty under this section is reduced to the extent a claimed infringement results from: (a) a Customer's or user's content; (b) modifications by Customer or third party to a product delivered under the Contract or combinations of the product with any non-Supplier-provided services or products unless Supplier recommended or participated in such modification or combination; (c) use of a product or service by Customer in violation of the Contract unless done so at the direction of Supplier, or (d) a non-Supplier product that has not been provided to the State by, through or on behalf of Supplier as opposed to its combination with products Supplier provides to or develops for the State or a Customer as a system.

16.3 Notice and Cooperation

In connection with indemnification obligations under the Contract, the parties agree to furnish prompt written notice to each other of any third-party claim. Any Customer affected by the claim will reasonably cooperate with Supplier and defense of the claim to the extent its interests are aligned with Supplier. Supplier shall use counsel reasonably experienced in the subject matter at issue and will not settle a claim without the written consent of the party being defended, which consent will not be unreasonably withheld or delayed, except that no consent will be required to settle a claim against Indemnified Parties that are not a State agency, where relief against the Indemnified Parties is limited to monetary damages that are paid by the defending party under indemnification provisions of the Contract.

16.4 Coordination of Defense

In connection with indemnification obligations under the Contract, when a State agency is a named defendant in any filed or threatened lawsuit, the defense of the State agency shall be coordinated by the Attorney General of Oklahoma, or the Attorney General may authorize the Supplier to control the defense and any related settlement negotiations; provided, however, Supplier shall not agree to any settlement of claims against the State without obtaining advance written concurrence from the Attorney General. If the Attorney General does not authorize sole control of the defense and settlement negotiations to Supplier, Supplier shall have authorization to equally

participate in any proceeding related to the indemnity obligation under the Contract and shall remain responsible to indemnify the applicable Indemnified Parties.

16.5 Limitation of Liability

- A.** With respect to any claim or cause of action arising under or related to the Contract, neither the State nor any Customer shall be liable to Supplier for lost profits, lost sales or business expenditures, investments, or commitments in connection with any business, loss of any goodwill, or for any other indirect, incidental, punitive, special or consequential damages, even if advised of the possibility of such damages.
- B.** Notwithstanding anything to the contrary in the Contract, no provision shall limit damages, expenses, costs, actions, claims, and liabilities arising from or related to property damage, bodily injury or death caused by Supplier or its employees, agents or subcontractors; indemnity, security or confidentiality obligations under the Contract; the bad faith, negligence, intentional misconduct or other acts for which applicable law does not allow exemption from liability of Supplier or its employees, agents or subcontractors.
- C.** The limitation of liability and disclaimers set forth in the Contract will apply regardless of whether Customer has accepted a product or service. The parties agree that Supplier has set its fees and entered into the Contract in reliance on the disclaimers and limitations set forth herein, that the same reflect an allocation of risk between the parties and form an essential basis of the bargain between the parties. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.

17 Termination for Funding Insufficiency

- 17.1** Notwithstanding anything to the contrary in any Contract Document, the State may terminate the Contract in whole or in part if funds sufficient to pay obligations under the Contract are not appropriated or received from an intended third-party funding source. In the event of such insufficiency, Supplier will be provided at least fifteen (15) calendar days' written notice of termination. Any partial termination of the Contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that are not terminated. The determination by the State of insufficient funding shall be accepted by, and shall be final and binding on, the Supplier.

- 17.2** Upon receipt of notice of a termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contractor certain obligations are terminated shall be refunded.
- 17.3** The State's exercise of its right to terminate the Contract under this section shall not be considered a default or breach under the Contract or relieve the Supplier of any liability for claims arising under the Contract.

18 Termination for Cause

- 18.1** Supplier may terminate the Contract if (i) it has provided the State with written notice of material breach and (ii) the State fails to cure such material breach within thirty (30) days of receipt of written notice. If there is more than one Customer, material breach by a Customer does not give rise to a claim of material breach as grounds for termination by Supplier of the Contract as a whole. The State may terminate the Contract in whole or in part if (i) it has provided Supplier with written notice of material breach, and (ii) Supplier fails to cure such material breach within thirty (30) days of receipt of written notice. Any partial termination of the Contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that are not terminated.
- 18.2** The State may terminate the Contract in whole or in part immediately without a thirty (30) day written notice to Supplier if (i) Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract; (ii) Supplier's material breach is reasonably determined to be an impediment to the function of the State and detrimental to the State or to cause a condition precluding the thirty (30) day notice or (iii) when the State determines that an administrative error in connection with award of the Contract occurred prior to Contract performance.
- 18.3** Upon receipt of notice of a termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence

of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination is not an exclusive remedy but is in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

- 18.4** The Supplier's repeated failure to provide an acceptable product or service; Supplier's unilateral revision of linked or supplemental terms that have a materially adverse impact on a Customer's rights or obligations under the Contract (except as required by a governmental authority); actual or anticipated failure of Supplier to perform its obligations under the Contract; Supplier's inability to pay its debts when due; assignment for the benefit of Supplier's creditors; or voluntary or involuntary appointment of a receiver or filing of bankruptcy of Supplier shall constitute a material breach of the Supplier's obligations, which may result in partial or whole termination of the Contract. This subsection is not intended as an exhaustive list of material breach conditions. Termination may also result from other instances of failure to adhere to the Contract provisions and for other reasons provided for by applicable law, rules or regulations; without limitation, OAC 260:115-9-9 is an example.

19 Termination for Convenience

- 19.1** The State may terminate the Contract, in whole or in part, for convenience if it is determined that termination is in the State's best interest. In the event of a termination for convenience, Supplier will be provided at least thirty (30) days' written notice of termination. Any partial termination of the Contract shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that remain in effect.
- 19.2** Upon receipt of notice of such termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service

but

there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

20 Suspension of Supplier

- 20.1** Supplier may be subject to Suspension without advance notice and may additionally be suspended from activities under the Contract if Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract.
- 20.2** Upon receipt of a notice pursuant to this section, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to receipt of notice by Supplier, the Suspension does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract during a period of Suspension or suspended activity or for any damages or other amounts caused by or associated with such Suspension or suspended activity. A right exercised under this section shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees attributable to a period of Suspension or suspended activity shall be refunded.
- 20.3** Such Suspension may be removed, or suspended activity may resume, at the earlier of such time as a formal notice is issued that authorizes the resumption of performance under the Contract or at such time as a purchase order or other appropriate encumbrance document is issued. This subsection is not intended to operate as an affirmative statement that such resumption will occur.

21 Certification Regarding Debarment, Suspension, and Other Responsibility Matters

The certification made by Supplier with respect to Debarment, Suspension, certain indictments, convictions, civil judgments and terminated public contracts is a material representation of fact upon which reliance was placed when entering into

the Contract.

A determination that Supplier knowingly rendered an erroneous certification, in addition to other available remedies, may result in whole or partial termination of the Contract for Supplier's default. Additionally, Supplier shall promptly provide written notice to the State Purchasing Director if the certification becomes erroneous due to changed circumstances.

22 Certification Regarding State Employees Prohibition From Fulfilling Services

Pursuant to 74 O.S. § 85.42, the Supplier certifies that no person involved in any manner in development of the Contract employed by the State shall be employed to fulfill any services provided under the Contract.

23 Force Majeure

23.1 Either party shall be temporarily excused from performance to the extent delayed as a result of unforeseen causes beyond its reasonable control including fire or other similar casualty, act of God, strike or labor dispute, war or other violence, or any law, order or requirement of any governmental agency or authority provided the party experiencing the force majeure event has prudently and promptly acted to take any and all steps within the party's control to ensure continued performance and to shorten duration of the event. If a party's performance of its obligations is materially hindered as a result of a force majeure event, such party shall promptly notify the other party of its best reasonable assessment of the nature and duration of the force majeure event and steps it is taking, and plans to take, to mitigate the effects of the force majeure event. The party shall use commercially reasonable best efforts to continue performance to the extent possible during such event and resume full performance as soon as reasonably practicable.

23.2 Subject to the conditions set forth above, non-performance as a result of a force majeure event shall not be deemed a default. However, a purchase order or other payment mechanism may be terminated if Supplier cannot cause delivery of a product or service in a timely manner to meet the business needs of Customer. Supplier is not entitled to payment for products or services not received and, therefore, amounts payable to Supplier during the force majeure event shall be equitably adjusted downward.

23.3 Notwithstanding the foregoing or any other provision in the Contract, (i) the following are not a force majeure event under the Contract: (a) shutdowns, disruptions or malfunctions in Supplier's system or any of Supplier's telecommunication or internet services other than as a result of general and widespread internet or telecommunications failures that are not limited to Supplier's systems or (b) the delay or failure of Supplier or subcontractor personnel to perform any obligation of Supplier hereunder unless such delay

or failure to perform is itself by reason of a force majeure event and (ii) no force majeure event modifies or excuses Supplier's obligations related to confidentiality, indemnification, data security or breach notification obligations set forth herein.

24 Security of Property and Personnel

In connection with Supplier's performance under the Contract, Supplier may have access to Customer personnel, premises, data, records, equipment and other property. Supplier shall use commercially reasonable best efforts to preserve the safety and security of such personnel, premises, data, records, equipment, and other property of Customer. Supplier shall be responsible for damage to such property to the extent such damage is caused by its employees or subcontractors and shall be responsible for loss of Customer property in its possession, regardless of cause. If Supplier fails to comply with Customer's security requirements, Supplier is subject to immediate suspension of work as well as termination of the associated purchase order or other payment mechanism.

25 Notices

Supplier shall provide a proposed transition plan, upon request, and cooperate with any successor supplier and with establishing a mutually agreeable transition plan. Failure to cooperate may be documented as poor performance of Supplier.

26.5 Publicity

The existence of the Contract or any Acquisition is in no way an endorsement of Supplier, the products or services and shall not be so construed by Supplier in any advertising or publicity materials. Supplier agrees to submit to the State all advertising, sales, promotion, and other publicity matters relating to the Contract wherein the name of the State or any Customer is mentioned or language used from which, in the State's judgment, an endorsement may be inferred or implied. Supplier further agrees not to publish or use such advertising, sales promotion, or publicity matter or release any informational pamphlets, notices, press releases, research reports, or similar public notices concerning the Contract or any Acquisition hereunder without obtaining the prior written approval of the State.

26.6 Open Records Act

Supplier acknowledges that all State agencies and certain other Customers are subject to the Oklahoma Open Records Act set forth at 51 O.S. §24A-1 *et seq.* Supplier also acknowledges that compliance with the Oklahoma Open Records Act and all opinions of the Oklahoma Attorney General concerning the Act is required.

26.7 Failure to Enforce

Failure by the State or a Customer at any time to enforce a provision of, or exercise a right under, the Contract shall not be construed as a waiver of any such provision. Such failure to enforce or exercise shall not affect the validity of any Contract Document, or any part thereof, or the right of the State or a Customer to enforce any provision of, or exercise any right under, the Contract at any time in accordance with its terms. Likewise, a waiver of a breach of any provision of a Contract Document shall not affect or waive a subsequent breach of the same provision or a breach of any other provision in the Contract.

26.8 Mutual Responsibilities

- A.** No party to the Contract grants the other the right to use any trademarks, trade names, other designations in any promotion or publication without the express written consent by the other party.

- E.** Except as otherwise set forth herein, where approval, acceptance, consent, or similar action by a party is required under the Contract, such action shall not be unreasonably delayed or withheld.

26.9 Invalid Term or Condition

To the extent any term or condition in the Contract conflicts with a compulsory applicable State or United States law or regulation, such Contract

term or

condition is void and unenforceable. By executing any Contract Document which contains a conflicting term or condition, no representation or warranty is made regarding the enforceability of such term or condition. Likewise, any applicable State or federal law or regulation which conflicts with the Contract or any non-conflicting applicable State or federal law or regulation is not waived.

26.10 Severability

If any provision of a Contract Document, or the application of any term or condition to any party or circumstances, is held invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable and the application of such provision to other parties or circumstances shall remain valid and in full force and effect. If a court finds that any provision of this contract is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

26.11 Section Headings

The headings used in any Contract Document are for convenience only and do not constitute terms of the Contract.

26.12 Sovereign Immunity

- 6.1** The Supplier agrees to adhere to the State of Oklahoma "Information Security Policy, Procedures, and Guidelines" available at <https://oklahoma.gov/content/dam/ok/en/omes/documents/InfoSecPPG.pdf>.

Supplier's employees and subcontractors shall adhere to the applicable State IT Standard Methodologies and Templates including but not limited to Project Management, Business Analysis, System Analysis, Enterprise and IT Architecture, Quality, Application and Security Methodologies and Templates as set forth at <https://oklahoma.gov/omes/services/information-services/is/policies-and-standards.html>

- 6.2** Supplier shall comply with applicable Federal Information Processing Standards including, without limitation, FIPS 200, FIPS 140-2 or successor standards and all recommendations from the National Institute of Standards and Technology. The confidentiality of Customer Data shall be protected and maintained in accordance with these standards as well as other

applicable Customer standards.

- 6.3** Supplier shall comply with the CJIS Security Policy as more particularly described at Appendix 2 attached hereto and incorporated herein.

7 Emerging Technologies

The State of Oklahoma reserves the right to enter into an Addendum to the Contract at any time to allow for emerging technologies not identified elsewhere in the Contract Documents if there are repeated requests for such emerging technology or the State determines it is warranted to add such technology.

8 Extension Right

In addition to extension rights of the State set forth in the Contract, the State CIO reserves the right to extend any Contract if the State CIO determines such extension to be in the best interest of the State.

9 Source Code Escrow

Pursuant to 62 O.S. § 34.31, if customized computer software is developed or modified exclusively for a State agency, the Supplier has a continuing obligation to comply with such law and place the source code for such software and any modifications thereto into escrow with an independent third-party escrow agent. Supplier shall pay all fees charged by the escrow agent and enter into an escrow agreement, the terms of which are subject to the prior written approval of the State, including terms that provide the State receives ownership of all escrowed source code upon the occurrence of any of the following:

- 9.1** A bona fide material default of the obligations of the Supplier under the agreement with the applicable Customer;
- 9.2** An assignment by the Supplier for the benefit of its creditors;
- 9.3** A failure by the Supplier to pay, or an admission by the Supplier of its inability to pay, its debts as they mature;
- 9.4** The filing of a petition in bankruptcy by or against the Supplier when such petition is not dismissed within sixty (60) days of the filing date;
- 9.5** The appointment of a receiver, liquidator or trustee appointed for any substantial part of the Supplier's property;
- 9.6** The inability or unwillingness of the Supplier to provide the maintenance and support services in accordance with the agreement with the agency;
- 9.7** Supplier's ceasing of maintenance and support of the software; or
- 9.8** Such other condition as may be statutorily imposed by the future amendment or enactment of applicable Oklahoma law.

10 Commercial Off The Shelf Software

If Supplier specifies terms and conditions or clauses in an electronic license, subscription, maintenance, support or similar agreement that conflict with the terms of this Contract, the additional terms and conditions or conflicting clauses shall not be binding on the State and the provisions of this Contract shall prevail.

11 Ownership Rights

Any software developed by the Supplier under the terms of the Contract is for the sole and exclusive use of the State including but not limited to the right to use, reproduce, re-use, alter, modify, edit, or change the software as it sees fit and for any purpose. Moreover, except with regard to any deliverable based on Supplier Intellectual Property, the State shall be deemed the sole and exclusive owner of all right, title, and interest therein, including but not limited to all source data, information and materials furnished to the State, together with all plans, system analysis, and design specifications and drawings, completed programs and documentation thereof, reports and listing, all data and test procedures and all other items pertaining to the work and services to be performed pursuant to this Contract including all copyright and proprietary rights relating thereto. With respect to Supplier Intellectual Property, the Supplier grants the State, for no additional consideration, a perpetual, irrevocable, royalty-free license, solely for the internal business use of the State, to use, copy, modify, display, perform, transmit and prepare derivative works of Supplier Intellectual Property embodied in or delivered to the State in conjunction with the products.

Except for any Supplier Intellectual Property, all work performed by the Supplier of developing, modifying or customizing software and any related supporting documentation shall be considered as Work for Hire (as defined under the U.S. copyright laws) and, as such, shall be owned by and for the benefit of State.

In the event that it should be determined that any portion of such software or related supporting documentation does not qualify as “Work for Hire”, Supplier hereby irrevocably grants to the State, for no additional consideration, a non-exclusive, irrevocable, royalty-free license to use, copy, modify, display, perform, transmit and prepare derivative works of any such software and any Supplier Intellectual Property embodied in or delivered to the State in conjunction with the products.

Supplier shall assist the State and its agents, upon request, in preparing U.S. and foreign copyright, trademark, and/or patent applications covering software developed, modified or customized for the State. Supplier shall sign any such applications, upon request, and deliver them to the State. The State shall bear all expenses that incurred in connection with such copyright, trademark, and/or patent applications.

If any Acquisition pursuant to this Contract is funded wholly or in part with federal funds, the source code and all associated software and related documentation owned by the State may be

shared with other publicly funded agencies at the discretion of the State without permission from or additional compensation to the Supplier.

12 Intellectual Property Ownership

The following terms apply to ownership and rights related to Intellectual Property:

- 12.1** As between Supplier and Customer, the Work Product and Intellectual Property Rights therein are and shall be owned exclusively by Customer, and not Supplier. Supplier specifically agrees that the Work Product shall be considered “works made for hire” and that the Work Product shall, upon creation, be owned exclusively by Customer. To the extent that the Work Product, under applicable law, may not be considered works made for hire, Supplier hereby agrees that all right, title and interest in and to all ownership rights and all Intellectual Property Rights in the Work Product is hereby effectively transferred, granted, conveyed, assigned and relinquished exclusively to Customer, without the necessity of any further consideration, and Customer shall be entitled to obtain and hold in its own name all Intellectual Property Rights in and to the Work Product. Supplier acknowledges that Supplier and Customer do not intend Supplier to be a joint author of the Work Product within the meaning of the Copyright Act of 1976. Customer shall have access, during normal business hours (Monday through Friday, 8:00 a.m. to 5:00 p.m.) and upon reasonable prior notice to Supplier, to all Supplier materials, premises and computer files containing the Work Product. Supplier and Customer, as appropriate, will cooperate with one another and execute such other documents as may be reasonably appropriate to achieve the objectives herein. No license or other right is granted under the Contract to any Third-Party Intellectual Property, except as may be incorporated in the Work Product by Supplier.
- 12.2** Supplier, upon request and without further consideration, shall perform any acts that may be deemed reasonably necessary or desirable by Customer to evidence more fully the transfer of ownership and/or registration of all Intellectual Property Rights in all Work Product to Customer to the fullest extent possible including, but not limited to, the execution, acknowledgement and delivery of such further documents in a form determined by Customer. In the event Customer shall be unable to obtain Supplier’s signature due to the dissolution of Supplier or Supplier’s failure to respond to Customer’s repeated requests for such signature on any document reasonably necessary for any purpose set forth in the foregoing sentence, Supplier hereby irrevocably designates and appoints Customer and its duly authorized officers and agents as Supplier’s agent and Supplier’s attorney-in-fact to act for and in Supplier’s behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by Supplier, provided however that no such grant of right to Customer is applicable if Supplier fails to execute any document due to a good faith dispute by Supplier with respect to such document. It is understood that such power is coupled with an interest and is therefore irrevocable. Customer shall have the full and sole power to prosecute such applications and to take all other action concerning the Work Product, and Supplier shall cooperate, at Customer’s sole expense, in the preparation and

prosecution of all such applications and in any legal actions and proceedings concerning the Work Product.

- 12.3** Supplier hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Work Product which Supplier may now have or which may accrue to Supplier's benefit under U.S. or foreign copyright or other laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. Supplier acknowledges the receipt of equitable compensation for its assignment and waiver of such Moral Rights.
- 12.4** All documents, information and materials forwarded to Supplier by Customer for use in and preparation of the Work Product shall be deemed the confidential information of Customer, subject to the license granted by Customer to Supplier hereunder. Supplier shall not otherwise use, disclose, or permit any third party to use or obtain the Work Product, or any portion thereof, in any manner without the prior written approval of Customer.
- 12.5** These provisions are intended to protect Customer's proprietary rights pertaining to the Work Product and the Intellectual Property Rights therein and any misuse of such rights would cause substantial and irreparable harm to Customer's business. Therefore, Supplier acknowledges and stipulates that a court of competent jurisdiction may immediately enjoin a material breach of the Supplier's obligations with respect to confidentiality provisions of the Contract and the Work Product and a Customer's Intellectual Property Rights, upon a request by Customer, without requiring proof of irreparable injury, as same is presumed.
- 12.6** Upon the request of Customer, but in any event upon termination or expiration of this Contract or a statement of work, Supplier shall surrender to Customer all documents and things pertaining to the Work Product, generated or developed by Supplier or furnished by Customer to Supplier, including all materials embodying the Work Product, any Customer confidential information and Intellectual Property Rights in such Work Product, regardless of whether complete or incomplete. This section is intended to apply to all Work Product as well as to all documents and things furnished to Supplier by Customer or by anyone else that pertains to the Work Product.
- 12.7** Customer hereby grants to Supplier a non-transferable, non-exclusive, royalty-free, fully paid license to use any Work Product solely as necessary to provide services to Customer. Except as provided in this section, neither Supplier nor any subcontractor shall have the right to use the Work Product in connection with the provision of services to its other customers without the prior written consent of Customer, which consent may be withheld in Customer's sole discretion.
- 12.8** To the extent that any Third-Party Intellectual Property is embodied or reflected in the Work Product or is necessary to provide services, Supplier shall obtain from the applicable third party for the Customer's benefit, an irrevocable, perpetual, non-exclusive, worldwide, royalty-free license, solely for Customer's internal business purposes; likewise, with respect to any Supplier Intellectual Property embodied or reflected in the Work Product or

necessary to provide services, Supplier grants to Customer an irrevocable, perpetual, non-exclusive, worldwide, royalty-free license, solely for the Customer's internal business purposes. Each such license shall allow the applicable Customer to (i) use, copy, modify, display, perform (by any means), transmit and prepare derivative works of any Third-Party Intellectual Property or Supplier Intellectual Property embodied in or delivered to Customer in conjunction with the Work Product and (ii) authorize others to do any or all of the foregoing. Supplier agrees to notify Customer on delivery of the Work Product or services if such materials include any Third-Party Intellectual Property. The foregoing license includes the right to sublicense third parties, solely for the purpose of engaging such third parties to assist or carry out Customer's internal business use of the Work Product. Except for the preceding license, all rights in Supplier Intellectual Property remain in Supplier. On request, Supplier shall provide Customer with documentation indicating a third party's written approval for Supplier to use any Third-Party Intellectual Property that may be embodied or reflected in the Work Product.

- 12.9** Supplier agrees that it shall have written agreement(s) that are consistent with the provisions hereof related to Work Product and Intellectual Property Rights with any employees, agents, consultants, contractors or subcontractors providing services or Work Product pursuant to the Contract, prior to the provision of such services or Work Product and that it shall maintain such written agreements at all times during performance of this Contract which are sufficient to support all performance and grants of rights by Supplier. Copies of such agreements shall be provided to the Customer promptly upon request.
- 12.10** To the extent not inconsistent with Customer's rights in the Work Product or other provisions, nothing in this Contract shall preclude Supplier from developing for itself, or for others, materials which are competitive with those produced as a result of the services provided under the Contract, provided that no Work Product is utilized, and no Intellectual Property Rights of Customer therein are infringed by such competitive materials. To the extent that Supplier wishes to use the Work Product or acquire licensed rights in certain Intellectual Property Rights of Customer therein in order to offer competitive goods or services to third parties, Supplier and Customer agree to negotiate in good faith regarding an appropriate license and royalty agreement to allow for such.
- 12.11** If any Acquisition pursuant to the Contract is funded wholly or in part with federal funds, the source code and all associated software and related documentation and materials owned by a Customer may be shared with other publicly funded agencies at the discretion of such Customer without permission from or additional compensation to the Supplier.

13 Hosting Services

- 13.1** If Supplier or its subcontractor, affiliate or any other person or entity providing products or services under the Contract Hosts Customer Data in connection with an Acquisition, the provisions of Appendix 1, attached hereto and incorporated herein, apply to such Acquisition.

13.2 If the Hosting of Customer Data by Supplier or its subcontractor, affiliate or any other person or entity providing products or services under the Contract contributes to or directly causes a Data Breach, Supplier shall be responsible for the obligations set forth in Appendix 1 related to breach reporting requirements and associated costs. Likewise if such Hosting contributes to or directly causes a Security Incident, Supplier shall be responsible for the obligations set forth in Appendix 1, as applicable.

14 Change Management

When a scheduled change is made to products or services provided to a Customer that impacts the Customer's system related to such product or service, Supplier shall provide two (2) weeks' prior written notice of such change. When the change is an emergency change, Supplier shall provide twenty-four (24) hours' prior written notice of the change. Repeated failure to provide such notice may be an evaluation factor (as indicative of Supplier's past performance) upon renewal or if future bids submitted by Supplier are evaluated by the State.

15 Service Level Deficiency

In addition to other terms of the Contract, in instances of the Supplier's repeated failure to provide an acceptable level of service or meet service level agreement metrics, service credits shall be provided by Supplier and may be used as an offset to payment due.

16 Notices

In addition to notice requirements under the terms of the Contract otherwise, the following individuals shall also be provided the request, approval or notice, as applicable:

Appendix 1 to State of Oklahoma Information Technology Terms

The parties agree to the following provisions in connection with any Customer Data accessed, processed or stored by or on behalf of the Supplier and the obligations, representations and warranties set forth below shall continue as long as the Supplier has an obligation under the Contract

A. Customer Data

1. Customer will be responsible for the accuracy and completeness of all Customer Data provided to Supplier by Customer. Customer shall retain exclusive ownership of all Customer Data. Non-Public Data and Personal Data shall be deemed to be Customer's confidential information. Supplier shall restrict access to Customer Data to their employees with a need to know (and advise such employees of the confidentiality and non-disclosure obligations assumed herein).
2. Supplier shall promptly notify the Customer upon receipt of any requests from unauthorized third parties which in any way might reasonably require access to Customer Data or Customer's use of the Hosted environment. Supplier shall notify the Customer by the fastest means available and also in writing pursuant to Contract notice provisions and the notice provision herein. Except to the extent required by law, Supplier shall not respond to subpoenas, service or process, Freedom of Information Act or other open records requests, and other legal request related to Customer without first notifying the Customer and obtaining the Customer's prior approval, which shall not be unreasonably withheld, of Supplier's proposed responses. Supplier agrees to provide its completed responses to the Customer with adequate time for Customer review, revision and approval.
3. Supplier will use commercially reasonable efforts to prevent the loss of or damage to Customer Data in its possession and will maintain commercially reasonable back-up procedures and copies to facilitate the reconstruction of any Customer Data that may be lost or damaged by Supplier. Supplier will promptly notify Customer of any loss, damage to, or unauthorized access of Customer Data. Supplier will use commercially reasonable efforts to reconstruct any Customer Data that has been lost or damaged by Supplier as a result of its negligence or willful misconduct. If Customer Data is lost or damaged for reasons other than as a result of Supplier's negligence or willful misconduct, Supplier, at the Customer's expense, will, at the request of the State, use commercially reasonable efforts to reconstruct any Customer Data lost or damaged.

B. Data Security

1. Supplier will use commercially reasonable efforts, consistent with industry standards, to provide security for the Hosted environment and Customer Data and to protect against both unauthorized access to the Hosting environment, and unauthorized communications between the Hosting environment and the Customer's browser. Supplier shall implement and maintain appropriate administrative, technical and organizational security measures to safeguard against unauthorized access, disclosure or theft of Personal Data and Non-Public

Data. Such security measures shall be in accordance with recognized industry practice and not less stringent than the measures the service provider applies to its own personal data and non-public data of similar kind.

2. All Personal Data and Non-public Data shall be encrypted at rest and in transit with controlled access. Unless otherwise stipulated, the service provider is responsible for encryption of Personal Data.
3. Supplier represents and warrants to the Customer that the Hosting equipment and environment will be routinely checked with a commercially available, industry standard software application with up-to-date virus definitions. Supplier will regularly update the virus definitions to ensure that the definitions are as up-to-date as is commercially reasonable. Supplier will promptly purge all viruses discovered during virus checks. If there is a reasonable basis to believe that a virus may have been transmitted to Customer by Supplier, Supplier will promptly notify Customer of such possibility in a writing that states the nature of the virus, the date on which transmission may have occurred, and the means Supplier has used to remediate the virus. Should the virus propagate to Customer's IT infrastructure, Supplier is responsible for costs incurred by Customer for Customer to remediate the virus.
4. Supplier shall provide its services to Customer and its users solely from data centers in the U.S. Storage of Customer Data at rest shall be located solely in data centers in the U.S. Supplier shall not allow its personnel or contractors to store Customer Data on portable devices, including personal computers, except for devices that are used and kept only at its U.S. data centers. Supplier shall permit its personnel and contractors to access Customer Data remotely only as required to fulfill Supplier's obligations under the Contract.
5. Supplier shall allow the Customer to audit conformance to the Contract terms. The Customer may perform this audit or contract with a third party at its discretion and at Customer's expense.
6. Supplier shall perform an independent audit of its data centers at least annually at its expense and provide a redacted version of the audit report upon request. Supplier may remove its proprietary information from the redacted version. A Service Organization Control (SOC) 2 audit report or approved equivalent sets the minimum level of a third-party audit.
7. Any remedies provided in this Appendix are not exclusive and are in addition to other rights and remedies available under the terms of the Contract, at law or in equity.

C. Security Assessment

1. The State requires any entity or third-party Supplier Hosting Oklahoma Customer Data to submit to a State Certification and Accreditation Review process to assess initial security risk. Supplier submitted to the review and met the State's minimum security standards at time the Contract was executed. Failure to maintain the State's minimum security standards

during the term of the contract, including renewals, constitutes a material breach. Upon request, the Supplier shall provide updated data security information in connection with a potential renewal. If information provided in the security risk assessment changes, Supplier shall promptly notify the State and include in such notification the updated information; provided, however, Supplier shall make no change that results in lessened data protection or increased data security risk. Failure to provide the notice required by this section or maintain the level of security required in the Contract constitutes a material breach by Supplier and may result in a whole or partial termination of the Contract.

2. Any Hosting entity change must be approved in writing prior to such change. To the extent Supplier requests a different sub-contractor than the third-party Hosting Supplier already approved by the State, the different sub-contractor is subject to the State's approval. Supplier agrees not to migrate State's data or otherwise utilize the different third-party Hosting Supplier in connection with key business functions that are Supplier's obligations under the contract until the State approves the third-party Hosting Supplier's State Certification and Accreditation Review, which approval shall not be unreasonably withheld or delayed. In the event the third-party Hosting Supplier does not meet the State's requirements under the State Certification and Accreditation Review, Supplier acknowledges and agrees it will not utilize the third-party Supplier in connection with key business functions that are Supplier's obligations under the contract, until such third party meets such requirements.

D. Security Incident or Data Breach Notification: Supplier shall inform Customer of any Security Incident or Data Breach.

1. Supplier may need to communicate with outside parties regarding a Security Incident, which may include contacting law enforcement, fielding media inquiries and seeking external expertise as mutually agreed upon, defined by law or contained in the Contract. If a Security Incident involves Customer Data, Supplier will coordinate with Customer prior to any such communication.
2. Supplier shall report a Security Incident to the Customer identified contact set forth herein within five (5) days of discovery of the Security Incident or within a shorter notice period required by applicable law or regulation (i.e. HIPAA requires notice to be provided within 24 hours).
3. Supplier shall:
 - a. Maintain processes and procedures to identify, respond to and analyze Security Incidents;
 - b. Make summary information regarding such procedures available to Customer at Customer's request;
 - c. Mitigate, to the extent practicable, harmful effects of Security Incidents that are known to Supplier; and

d. Document all Security Incidents and their outcomes.

4. If Supplier has reasonable belief or actual knowledge of a Data Breach, Supplier shall (1) promptly notify the appropriate Customer identified contact set forth herein within 24 hours or sooner, unless shorter time is required by applicable law, and (2) take commercially reasonable measures to address the Data Breach in a timely manner.

E. **Breach Responsibilities:** This section only applies when a Data Breach occurs with respect to Personal Data or Non-Public Data within the possession or control of Supplier.

1. Supplier shall (1) cooperate with Customer as reasonably requested by Customer to investigate and resolve the Data Breach, (2) promptly implement necessary remedial measures, if necessary, and (3) document responsive actions taken related to the Data Breach, including any post-incident review of events and actions taken to make changes in business practices in providing the services, if necessary.
2. Unless otherwise stipulated, if a Data Breach is a direct result of Supplier's breach of its obligation to encrypt Personal Data and Non-Public Data or otherwise prevent its release, Supplier shall bear the costs associated with (1) the investigation and resolution of the Data Breach; (2) notifications to individuals, regulators or others required by state law; (3) credit monitoring services required by state or federal law; (4) a website or toll-free numbers and call center for affected individuals required by state law – all not to exceed the agency per record per person cost calculated for data breaches in the United States on the most recent Cost of Data breach Study: Global Analysis published by the Ponemon Institute at the time of the data breach; and (5) complete all corrective actions as reasonably determined by Supplier based on root cause.
3. If a Data Breach is a direct result of Supplier's breach of its obligations to encrypt Personal Data and Non-Public Data or otherwise prevent its release, Supplier shall indemnify and hold harmless the Customer against all penalties assessed to Indemnified Parties by governmental authorities in connection with the Data Breach.

F. **Notices**

In addition to notice requirements under the terms of the Contract and those set forth above, a request, an approval or a notice in connection with this Appendix provided by Supplier shall be provided to:

Chief Information Security Officer

3115 N. Lincoln Blvd

Oklahoma City, OK 73105

and

servicedesk@omes.ok.gov.

G. Supplier Representations and Warranties

Supplier represents and warrants the following:

1. The product and services provided in connection with Hosting services do not infringe a third party's patent or copyright or other intellectual property rights.
2. Supplier will protect Customer's Non-Public Data and Personal Data from unauthorized dissemination and use with the same degree of care that each such party uses to protect its own confidential information and, in any event, will use no less than a reasonable degree of care in protecting such confidential information.
3. The execution, delivery and performance of the Contract and any ancillary documents and the consummation of the transactions contemplated by the Contract or any ancillary documents by Supplier will not violate, conflict with, or result in a breach of any provision of, or constitute a default (or an event which, with notice or lapse of time or both, would constitute a default) under, or result in the termination of, any written contract or other instrument between Supplier and any third parties retained or utilized by Supplier to provide goods or services for the benefit of the Customer.
4. Supplier shall not knowingly upload, store, post, e-mail or otherwise transmit, distribute, publish or disseminate to or through the Hosting environment any material that contains software viruses, malware or other surreptitious code designed to interrupt, destroy or limit the functionality of any computer software or hardware or telecommunications equipment or circumvent any "copy-protected" devices, or any other harmful or disruptive program.

H. Indemnity

Supplier agrees to defend, indemnify and hold the State, its officers, directors, employees, and agents harmless from all liabilities, claims, damages, losses, costs, expenses, demands, suits and actions (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification), excluding damages that are the sole fault of Customer, arising from or in connection with Supplier's breach of its express representations and warranties in these Information Technology Terms and the Contract. If a third party claims that any portion of the products or services provided by Supplier under the terms of another Contract Document or these Information Technology Terms infringes that party's patent or copyright, Supplier shall defend, indemnify and hold harmless the State and Customer against the claim at Supplier's expense and pay all related costs, damages, and attorney's fees incurred by or assessed to, the State and/or Customer. The State and/or Customer shall promptly notify Supplier of any third party claims and to the extent authorized by the Attorney General of the State, allow Supplier to control the defense and any related settlement negotiations. If the Attorney General of the State does not authorize sole control of the defense and settlement negotiations to Supplier, Supplier shall be granted authorization to equally participate in any proceeding related to this section but Supplier shall remain responsible to indemnify Customer and the State for all associated costs, damages and fees incurred by or assessed to the State and/or Customer. Should the software become, or in Supplier's

opinion, be likely to become the subject of a claim or an injunction preventing its use as contemplated in connection with Hosting services, Supplier may, at its option (i) procure for the State the right to continue using the software or (ii) replace or modify the software with a like or similar product so that it becomes non-infringing.

I. Termination, Expiration and Suspension of Service

1. During any period of service suspension, Supplier shall not take any action to intentionally disclose, alter or erase any Customer Data.

2. In the event of a termination or expiration of the Contract, the parties further agree:

Supplier shall implement an orderly return of Customer Data in a format specified by the Customer and, as determined by the Customer:

a. return the Customer Data to Customer at no additional cost, at a time agreed to by the parties and the subsequent secure disposal of State Data;

b. transitioned to a different Supplier at a mutually agreed cost and in accordance with a mutually agreed data transition plan and the subsequent secure disposal of State Data or

c. a combination of the two immediately preceding options.

3. Supplier shall not take any action to intentionally erase any Customer Data for a period of:

a. 10 days after the effective date of termination, if the termination is in accordance with the contract period;

b. 30 days after the effective date of termination, if the termination is for convenience; or

c. 60 days after the effective date of termination, if the termination is for cause.

After such period, Supplier shall, unless legally prohibited or otherwise stipulated, delete all Customer Data in its systems or otherwise in its possession or under its control.

4. The State shall be entitled to any post termination or expiration assistance generally made available with respect to the services.

5. Disposal by Supplier of Customer Data in all of its forms, such as disk, CD/DVD, backup tape and paper, when requested by the Customer, shall be performed in a secure manner. Data shall be permanently deleted and shall not be recoverable, according to National Institute of Standards and Technology (NIST)-approved methods. Certificates of destruction shall be provided to Customer within thirty (30) calendar day of its request for disposal of data.

Appendix 2 to State of Oklahoma Information Technology Terms

INTRODUCTION

The use and maintenance of all items of software or equipment offered for purchase herein must be in compliance with the most current version of the U.S. Department of Justice, Federal Bureau of Investigation (“FBI”), Criminal Justice Information Services (CJIS) Division’s CJIS Security Policy (“CJIS Security Policy” or “Security Policy” herein).

The Entity or Affiliate acquiring the data or system is hereby ultimately responsible for compliance with the CJIS Security Policy and will be subject to an audit by the State of Oklahoma CJIS Systems Officer (“CSO”) and the FBI CJIS Division’s Audit Staff.

CJIS SECURITY POLICY REQUIREMENTS GENERALLY

The CJIS Security Policy outlines a number of administrative, procedural, and technical controls agencies must have in place to protect Criminal Justice Information (“CJI”). Our experience is that agencies will generally have many of the administrative and procedural controls in place but will need to implement additional technical safeguards in order to be in complete compliance with the mandate. A Criminal Justice Agency (“CJA”) and certain other governmental agencies procuring technology equipment and services that could be used in hosting or connecting or transmitting or receiving CJI data may need to use the check list herein to make sure that the software, equipment, location, security, and persons having the ability to access CJI will meet the CJIS requirements per the then current CJIS Security Policy. A completed Appendix H to said Security Policy will need to be signed by Vendor or a 3rd party if it has access to CJI, such as incident to the maintenance or support of the purchased hardware or software within which resides CJI. **Per Appendix “A” to said Security Policy, “access to CJI is the physical or logical (electronic) ability, right or privilege to view, modify or make use of CJI.”**

DIRECTIVE CONCERNING ACCESS TO CRIMINAL JUSTICE INFORMATION AND TO HARDWARE OR SOFTWARE WHICH INTERACTS WITH CJI and CERTIFICATION

The FBI CJIS Division provides state-of-the-art identification and information services to the local, state, tribal, federal, and international criminal justice communities for criminal justice purposes, as well as the noncriminal justice communities for noncriminal justice purposes.

This Directive primarily concerns access to CJI and access to hardware and software in the use, retention, transmission, reception, and hosting of CJI for criminal justice purposes and not for noncriminal justice purposes. In that regard, this Directive is not only applicable to such data, but also to the hardware and software interacting with such data, their location(s), and persons having the ability to access such data. The CJIS data applicable to the Security Policy is the data described as such in said Policy **plus all data transmitted over the Oklahoma Law Enforcement Telecommunications System (“OLETS”) which is operated by DPS.**

In order to have access to CJI or to the aforesaid hardware or software, the vendor must be familiar with the FBI CJIS Security Policy, including but not limited to the following portions of said Security Policy:

1. the Definitions and Acronyms in §3 & Appendices “A” & “B”;

2. the general policies in §4;
3. the Policies in §5;
4. the appropriate forms in Appendices “D”, “E”, “F” & “H”; and
5. the Supplemental Guidance in Appendices “J” & “K”.

This FBI Security Policy is located and may be downloaded at: <https://www.fbi.gov/services/cjis/cjis-security-policy-resource-center>.

By executing the Contract to which this Directive is attached, the vendor hereby CERTIFIES that the foregoing directive has and will be followed, including but not limited to full compliance with the FBI CJIS Security Policy, as amended and as applicable.

MASTER LEASE AGREEMENT (Oklahoma)

**Between the State Of Oklahoma By and Through The Office Of Management and
Enterprise Services (“OMES”)**

**And Standley Systems LLC (“Lessor”)
Dated May 9, 2024**

1. Scope.

This Master Lease Agreement (this “Agreement” or “MLA”), effective as of the Effective Date of the Contract (“Effective Date”), between the Lessor and OMES and is a Contract Document in connection with Statewide Contract 1034 (“Contract”). Capitalized terms not defined herein have the meaning set forth in the Contract. Notwithstanding anything to the contrary, all provisions of this Agreement are subject and subordinate to the laws, rules and regulations of the State of Oklahoma and the United States, and nothing herein shall be construed to waive the doctrine of sovereign immunity or immunity from suit.

Lessor hereby leases to Lessee (as defined below), and Lessee hereby leases from Lessor the Equipment described on each Lease Schedule (“Schedule”), which is a separate agreement executed from time to time by Lessor and Lessee under the terms of this MLA. The terms and conditions contained herein shall apply to each Schedule that is properly executed in conjunction with this MLA by Lessee, which shall be an agency, authority, office, bureau, board, council, court, commission, department, district, institution, unit, division, body or house of any branch of the State of Oklahoma’s government that is authorized to use Oklahoma state contracts (“Lessee”). No Lessee hereunder shall have any obligation or liability for any other Lessee's obligations or liabilities under any Schedule, and a default by one Lessee under a Schedule shall not constitute a default by any other Lessee under any other Schedule.

As applicable, OMES and Lessee have made an independent legal and management determination to enter into this MLA and each Schedule. OMES has not offered or given any legal or management advice to the Lessor or to any Lessee under any Schedule. Lessee may negotiate additional terms or more advantageous terms with the Lessor to satisfy individual procurements, such terms shall be developed by the Lessor and Lessee and stated within the Schedule. To the extent that any of the provisions of the MLA conflict with any of the terms contained in any Schedule, the terms of the Schedule shall control, but only between the Lessor and the specific Lessee that executed that Schedule. It is expressly understood that the term “Equipment” shall refer to the Products and any related Services and any associated items therewith, including but not limited to all parts, replacements, additions, repairs, and attachments incorporated therein and/or affixed thereto, all documentation (technical and/or user manuals), operating system and application software as needed as identified on a Schedule and as allowed by and procured pursuant to Contract.

Any reference to “MLA” shall mean this Agreement, including the Opinion of Counsel, and any riders, amendments and addenda thereto, and any other documents as may from time to time be made a part hereof upon mutual agreement by applicable parties.

As to conditions precedent to Lessor’s obligation to purchase any Equipment, (i) Lessee shall accept the MLA terms and conditions as set forth herein and execute all applicable documents such as the MLA, the Schedule, the Acceptance Certificate, Opinion of Counsel (only required in connection with a Schedule of greater or equal to \$2,500,000.00), and any other documentation as may be required by the Lessor that is not in conflict with this MLA, and (ii) there shall be no material adverse change in Lessee’s financial condition except as provided for within Section 7 of this MLA.

2. Term of MLA.

The term of this MLA shall commence on the Effective Date above and shall continue until, (i) the full and final expiration date of the Contract and the obligations of Lessees under every Schedule are fully discharged, or (ii) either OMES or Lessor terminates this Agreement or exercises their termination rights to terminate the Contract in whole but not in part as stated within Attachment B of the Contract. In regard to either the Contract expiration date or Contract termination date or the termination of this MLA, before all obligations of Lessee under every Schedule are fully discharged, such Schedules and such other provisions of the Contract and this MLA as may be necessary to preserve the rights of the Lessor or Lessee hereunder shall survive said termination or expiration.

3. Term of Schedule.

The term for each Schedule, executed under this MLA, shall commence on the date of execution of an Acceptance Certificate by the Lessee or twenty (20) days after the delivery of the last piece of Equipment to the Lessee (“Commencement Date”), and unless earlier terminated as provided for in the MLA, shall continue for the number of whole months or other payment periods as set forth in the applicable Schedule Term, commencing on the first day of the month following the Commencement Date (or commencing on the Commencement Date if such date is the first day of the month). The Schedule Term may be earlier terminated upon: (i) the Non-appropriation of Funds pursuant to Section 7 of this MLA, (ii) an Event of Loss pursuant to Section 18 of this MLA, or (iii) an Event of Default by Lessee and Lessor’s election to cancel the Schedule pursuant to Section 23 of this MLA.

4. Administration of MLA.

- (a) For requests involving the leasing of Equipment, Lessee will submit its request directly to Lessor or such other vendor or manufacturer providing Equipment under this Agreement (collectively the “Vendor”). Vendor shall apply the lower of (i) the then current Equipment pricing discounts as stated within Attachment E1 - Pricing Document of the Contract or (ii) the price as agreed upon by Lessee and Vendor. Lessor shall submit the lease proposal and all other applicable documents directly to the potential Lessee and negotiate the Schedule terms directly with the potential Lessee. Lessor and Lessee shall use the ~~negotiated templates for the [Public Secretary/Clerk Certificate, Opinion of Counsel and True Lease Schedule]~~ templates negotiated by Lessor and OMES. Sample templates are attached

~~hereto as Exhibit B. Any material deviation from the negotiated templates requires written approval from both Lessor and OMES.~~

(b)

(c) All leasing activities in conjunction to this MLA shall be treated as a “purchase sale” or “transaction” in regard to the requirements of the Lessor to report the sale and make payment of the contract management fee, administrative fee or other applicable regulatory authority as defined within the Contract.

(d) Upon agreement by Vendor, Lessor and Lessee on pricing, availability and the like, Lessee may issue a purchase order in the amount indicated on the Schedule to Lessor for the Equipment and reference said Contract number SW1034 on the purchase order. Any pre-printed terms and conditions on the purchase order, including via any hyperlink, submitted by the Lessee shall not be effective with respect to the lease of Equipment hereunder. Rather, the terms and conditions of the Contract, this MLA and applicable Schedule terms and conditions shall control in all respects.

(e) All State entities subject to the State Purchasing Act shall use this Agreement when entering a lease with the Vendor. Further, this MLA shall not constitute a requirements agreement and Lessor shall not be obligated to enter into any Schedule for the lease of Equipment with any Lessee.

5. Rent Payments.

During the Schedule Term and any renewal terms, Lessee agrees to pay Lessor Rent Payments. Rent Payments shall be the amount equal to the Rent Payment amount specified in the Schedule multiplied by the amount of the total number of Rent Payments specified therein. Lessee shall pay Rent Payments in the amount and on the due dates specified by Lessor until all Rent Payments and all other amounts due under the Schedule have been paid in full. If the Schedule Commencement Date is other than the first day of a month, Lessee shall make an initial payment on the Schedule Commencement Date in an amount equal to one-thirtieth of the Rent Payment specified in the Schedule for each day from the Schedule Commencement Date (including the Schedule Commencement Date) through the last day of such month (including that day). ~~For example, if a scheduled payment amount is \$3,000 and the Scheduled Commencement date is the 15th of the month, a payment of \$1,500 will be made.~~

Any amounts received by Lessor from the Lessee in excess of Rent Payments and any other sums required to be paid by the Lessee shall be applied to the next scheduled Rent Payment due under the applicable Schedule, or if prohibited by law, the Lessor shall return the excess funds directly to Lessee. All Rent Payments shall be paid to the Lessor at the address stated on the Schedule or any other such place as the Lessor or its assigns may hereafter direct to the Lessee. Lessee shall abide by the Contract in making payments to the Lessor. Any sum received by the Lessor later than allowed by applicable Oklahoma law will bear interest at the maximum rate allowed by 62 O.S. § 34.72.

Each Schedule is a net lease and except as specifically provided herein or in a Schedule, Lessee shall be responsible for all costs and expenses arising in connection with the Schedule or Equipment. Lessee acknowledges and agrees, except as specifically provided for in Section 7 of this MLA, that its obligation to pay Rent and other sums payable hereunder, and the rights of Lessor and Lessor’s assignees, shall be absolute and unconditional in all events, and shall not be abated, reduced or subject to offset or diminished

as a result of any event, including without limitation damage, destruction, defect, malfunction, loss of use, or obsolescence of the Equipment, or any other event, defense, counterclaim or recoupment due or alleged to be due by reason of any past, present or future claims Lessee may have against Lessor, Lessor's assigns, the manufacturer, vendor, or maintainer of the Equipment, or any person for any reason whatsoever.

"Price" shall mean the actual purchase price of the Equipment. Rent Payments shall be adjusted proportionately downward if the actual price of the Equipment is less than the estimate (original proposal), and the Lessee herein authorizes Lessor to adjust the Rent Payments downward in the event of the decrease in the actual Equipment price. However, in the event that the Equipment price is more than the estimate (original proposal), the Lessor may not adjust the Rent Payment without prior written approval of the Lessee.

6. Liens and Taxes.

Lessee shall keep the Equipment free and clear of all levies, liens and encumbrances, except those in favor of Lessor or its assigns, and shall give Lessor immediate notice of any attachment or other judicial process affecting any item of Equipment. A Lessee will not pay taxes assessed against Lessor, or reimburse Lessor for taxes lawfully paid in connection with the Contract, this MLA, the Equipment, Rent Payments or a Schedule. See Oklahoma Attorney General Opinion 1978-256. As addressed in the Contract, Lessee is also exempt from sales, use, personal property taxes and all other taxes and charges imposed by any federal, state, or local governmental or taxing authority.

7. Funding Insufficiency.

- (a) Notwithstanding anything to the contrary in any Contract Document, the Lessee may terminate the Agreement or any Schedule in whole or in part if funds sufficient to pay obligations under the Contract are not appropriated or received from an intended third-party funding source.

Lessee intends to continue each Schedule to which it is a party for the Schedule Term and to pay the Rent and other amounts due thereunder. Lessee reasonably believes that legally available funds in an amount sufficient to pay all Rent during the Schedule Term can be obtained. Lessee further intends to act in good faith to do those things reasonably and lawfully within its power to obtain and maintain funds from which the Rent may be paid. Notwithstanding the foregoing, in the event sufficient funds are not appropriated or received from an intended third party funding source to continue the Schedule Term for any Fiscal Period (as set forth on the Schedule) of Lessee beyond the Fiscal Period first in effect at the Commencement of the Schedule Term, Lessee may terminate the Schedule with regard to not less than all of the Equipment on the Schedule so affected. Lessee shall provide Lessor written notice within a reasonable time after which the Lessee has knowledge of such insufficiency and confirm the Schedule will be so terminated prior to the end of its current Fiscal Period. All obligations of Lessee to pay Rent due after the end of the Fiscal Period for which such termination applies will cease, all interests of Lessee in the Equipment will terminate and Lessee shall surrender the Equipment in accordance with Section 13 of this MLA. Lessee represents and warrants it has adequate funds to meet its obligations during the first Fiscal Period of the Schedule Term. Lessor and Lessee understand and intend that the obligation of Lessee to pay Rent hereunder shall constitute a current expense of Lessee and shall not in any way be construed to be a debt of Lessee in contravention of any applicable constitutional or statutory limitation or requirement concerning the creation of indebtedness by

Lessee, nor shall anything contained herein constitute a pledge of the general revenues, funds or monies of Lessee beyond the Fiscal Period for which sufficient funds have been appropriated to pay Rent hereunder.

8. Selection of Equipment.

The Equipment is the size, design, capacity and manufacturer selected by Lessee in its sole judgment and not in reliance on the advice or representations of Lessor. No representation by the manufacturer or a vendor shall in any way affect Lessee's duty to pay Rent and perform its other obligations hereunder. Each Schedule is intended to be a "finance lease" as defined in Article 2A of the Uniform Commercial Code. Lessor has acquired or will acquire the Equipment in connection with this MLA. Lessor shall not be liable for damages, for any act or omission of the supplying manufacturer. Lessor hereby assigns, to the Lessee, any warranties provided to Lessor with respect to the Equipment during the Term of the applicable Schedule, to the extent any warranties with respect to the Equipment are unassignable, Lessor will ensure that the Lessee receives the benefit thereof. Lessee acknowledges that neither its dissatisfaction with any unit of Equipment, nor the failure of any of the Equipment to remain in useful condition for the Schedule Term, , shall relieve Lessee from the obligations under this MLA or Schedule Term. Lessee shall have no right, title or interest in or to the Equipment except the right to use the same upon the terms and conditions herein contained. The Equipment shall remain the sole and exclusive personal property of the Lessor and not be deemed a fixture whether or not it becomes attached to any real property of the Lessee. Any labels supplied by Lessor to Lessee, describing the ownership of the Equipment, shall be affixed by Lessee upon a prominent place on each item of Equipment.

9. Inspection and Acceptance.

Promptly upon delivery of the Equipment, Lessee will inspect and test the Equipment, and not later than ten (10) business days following the Commencement Date, Lessee will execute and deliver either (i) an Acceptance Certificate, or (ii) written notification of any defects in the Equipment. If Lessee has not given notice within such time period, the Equipment shall be conclusively deemed accepted by the Lessee as of the tenth (10th) business day. Lessor, its assigns or their agents, shall be permitted, subject to any applicable security measures, free reasonable access at reasonable times authorized by the Lessee, the right to inspect the Equipment.

10. Installation and Delivery; Use of Equipment; Repair and Maintenance.

- (a) Lessor will ensure delivery of the Equipment Free on Board (F.O.B.) to the Lessee and provide industry standard installation assistance. Lessor is not and shall not be liable for damages if for any reason the manufacturer of the Equipment delays the delivery or fails to fulfill the order by the Lessee's desired timeframe. Any delay in delivery by the manufacturer shall not affect the validity of any Schedule, however, the delay will affect the Commencement Date and Rent Payment obligations of the Lessee. Lessee shall provide a place of installation for the Equipment, which conforms to the requirements of the manufacturer and Lessor.
- (b) Subject to the terms hereof, Lessee shall be entitled to use the Equipment in compliance with all laws, rules, and regulations of the jurisdiction wherein the Equipment is located and will pay all cost, claims, damages, fees and charges arising out of its possession, use or maintenance. Lessee agrees to solely

use the Equipment in the conduct of Lessee's business. Lessee agrees, at its expense, to obtain all applicable permits and licenses necessary for the operation of the Equipment, and keep the Equipment in good working order, repair, appearance and condition (reasonable wear and tear is acceptable). Lessee shall not use or permit the use of the Equipment for any purpose, which according to the specification of the manufacturer, the Equipment is not designed or reasonably suited. Lessee shall use the Equipment in a careful and proper manner and shall comply with all of the manufacturer's instructions, governmental rules, regulations, requirements, and laws, with regard to the use, operation or maintenance of the Equipment.

- (c) Lessee, at its expense, shall take good and proper care of the Equipment and make all repairs and replacements necessary to maintain and preserve the Equipment and keep it in good order and condition. Unless Lessor shall otherwise consent in writing, Lessee shall, at its own expense, enter into and maintain in force a maintenance agreement covering each unit of Equipment. Lessee shall furnish Lessor with a copy of such agreement, upon request. Lessor agrees that state agencies of Oklahoma may obtain internal maintenance services in lieu of a third-party maintenance agreement, so long as any such maintenance service does not void the Equipment manufacturer's or supplier's warranty. Except as provided otherwise in a Schedule, Lessee shall pay all costs to install and dismantle the Equipment. Lessee shall not make any alterations, additions, or improvements, or add attachments to the Equipment without the prior written consent of Lessor, except for additions or attachments to the Equipment purchased by Lessee from the original supplier of the Equipment or any other person approved by Lessor. Subject to the provisions of Section 13B of this MLA, Lessee agrees to restore the Equipment to Return Condition prior to its return to the Lessor.

11. Relocation of Equipment.

Lessee shall at all times keep the Equipment within its exclusive possession and control. At Lessor's prior written consent, which shall not be unreasonably withheld, Lessee may move the Equipment to another location of Lessee, provided (i) Lessee is not in default on any Schedule, (ii) Lessee executes and causes to be filed at its expense such instruments as are necessary to preserve and protect the interests of Lessor and its assigns in the Equipment, (iii) and Lessee pays all costs otherwise associated with such relocation. Lessee shall provide Lessor with the complete address for each location to which the Equipment was moved outside the State of Oklahoma. On the last day of each calendar quarter Lessee will provide Lessor a written report detailing the total amount of Equipment at each location of Lessee as of that date, and the complete address for each location, however, under no circumstances will the Lessee disclose the personal addresses of its employees. Lessor shall make all filings and returns for property taxes due with respect to the Equipment, and Lessee agrees that it shall not make or file any property tax returns, including information returns, with respect to the Equipment.

12. Ownership.

The Equipment shall at all times be and remain the sole and exclusive property of Lessor, subject to the parties' rights under any applicable software license agreement. Lessee shall have no right, title or interest in the Equipment except a leasehold interest as provided for herein. Lessee agrees that the Equipment shall be and remain personal property and shall not be so affixed to realty as to become a fixture or otherwise to

lose its identity as the separate property of the Lessor. Upon request, Lessee will enter into any and all agreements reasonably necessary to ensure that the Equipment remains the personal property of Lessor.

13. Purchase and Renewal Options; Location and Surrender of Equipment.

- (a) Not less than ninety (90) days prior to the expiration of the initial Schedule Term the ("Expiration Date"), Lessor shall notify Lessee of options for continued use of Equipment. Lessee shall have the option to: (i) return all but not less than all of the Equipment to the Lessor upon expiration of the initial Schedule Term; or (ii) renew the Schedule as to all but not less than all of the Equipment at a rate and for a term agreed upon by both parties, or (iii) purchase all of the Equipment by the Lessor's acceptance of a purchase order from Lessee upon the last business day on or prior to the expiration of the Schedule Term thereof for the lesser of the price equal to the amount set forth in the Schedule, or the Fair Market Value ("FMV"). The FMV shall be determined on the basis of and shall be equal in amount to, the value which would be obtained in an arms-length transaction between an informed and willing buyer-user (other than a used equipment dealer), who would be retaining the Equipment as part of its current operations, in continuing and consistent use, and an informed and willing seller under no compulsion to sell, and in such determination, costs of removal from the location of current use shall not be a deduction from such value. If Lessee disagrees with the Fair Market Value, Lessee shall notify Lessor in writing within sixty (60) days prior to the Expiration Date and, upon Lessee's request, and within ten (10) days after receipt of Lessee's notice, Lessor shall appoint a qualified appraiser reasonably acceptable to Lessee to appraise the retail value of the Products. The amount determined by such appraiser shall be the final FMV. Lessor and Lessee shall share the expense of such appraisal equally. If a Lessee desires to renew or extend a Schedule, each Lessee and Lessor shall enter into a supplement to each Schedule describing the length of the renewal Schedule Term and the renewal Rent provided, however, all other terms of each Schedule and the Agreement shall remain in full force and effect. If Lessee desires to exercise any option, it shall give Lessor written notice of its intention to exercise such option at least sixty (60) days (and not more than 180 days) before the expiration of such Schedule Term. In the event that Lessee exercises the purchase option described herein, upon payment by Lessee to Lessor of the purchase price for the Equipment, together with all Rent Payments and any other amounts owing to Lessor hereunder, Lessor shall transfer to Lessee free and clear of all levies, liens and encumbrances title to such Equipment and cause a cancellation of any financing statement Lessor has filed, to be entered in the proper location within the jurisdiction.
- (b) The Equipment shall be delivered to and thereafter kept at the location specified in the Schedule and shall not be removed therefrom without Lessor's prior written consent and except in accordance with Section 11 of this MLA. Upon the expiration, early termination as provided herein, or upon final termination of the Schedule, upon at least sixty (60) days prior written notice to Lessor, Lessee at its cost and expense, except as provided otherwise in a Schedule, shall immediately disconnect, properly package for transportation all (not part) of the Equipment (including, without limitation, all service records and user manuals), to Lessor in good repair and working order, with no defects which affect the operation or performance of the Equipment ("Return Condition"), reasonable wear and tear excepted. Lessee shall, at Lessor's request, affix to the Equipment, tags, decals or plates furnished by Lessor indicating Lessor's ownership and Lessee shall not permit their removal or concealment. Except as provided otherwise in a Schedule, Lessor shall retrieve the Equipment from the Lessee's location and arrange for transportation. Upon receipt of the Equipment Lessor bears the entire risk of loss to the

Equipment. If the Equipment is not in Return Condition, Lessee shall remain liable for all reasonable costs required to restore the Equipment to Return Condition. Except as provided otherwise in a Schedule, Lessee shall arrange and pay for the de-installation and packing of the Equipment and the de-installation shall be performed by manufacturer-certified technicians. IF, UPON TERMINATION OR EXPIRATION OF THE SCHEDULE FOR ANY REASON (OTHER THAN FOR NON-APPROPRIATION), LESSEE FAILS OR REFUSES FORTHWITH TO RETURN AND DELIVER THE EQUIPMENT TO LESSOR, LESSEE SHALL REMAIN LIABLE FOR ANY RENT PAYMENTS ACCRUED AND UNPAID WITH RESPECT TO ALL OF THE EQUIPMENT ON THE SCHEDULE (NOT TO EXCEED 3 YEARS) AND SHALL PAY RENT UP TO THE DATE THAT THE EQUIPMENT IS RETURNED TO THE ADDRESS SPECIFIED BY LESSOR, TO THE EXTENT SUCH AMOUNTS ARE NOT PAID TO LESSOR AS INSURANCE PROCEEDS.. Without waiving the doctrines of sovereign immunity and immunity from suit and to the extent authorized by the constitution and laws of the State of Oklahoma, Lessee's obligation to return Equipment may, at Lessor's option, be specifically enforced by Lessor.

14. Quiet Enjoyment.

During the Schedule Term, Lessor shall not interfere with Lessee's quiet enjoyment and use of the Equipment provided that an Event of Default (as hereinafter defined in Section 22 of the MLA) has not occurred and remains uncured after any applicable cure period.

15. Warranties.

Lessor and Lessee acknowledge that manufacturer Equipment warranties and any right of return, if any, inure to the benefit of the Lessee. Lessee agrees to pursue any warranty claim directly against such manufacturer of the Equipment and shall not pursue any such claim against Lessor. Except as provided under Section 7, Lessee shall continue to pay Lessor all amounts payable under any Schedule under any and all circumstances.

16. No Warranties.

LESSEE ACKNOWLEDGES THAT LESSOR IS NOT THE MANUFACTURER OR LICENSOR OF THE EQUIPMENT. LESSEE AGREES THAT LESSOR HAS NOT MADE AND MAKES NO REPRESENTATIONS OR WARRANTIES OF WHATSOEVER NATURE, DIRECTLY OR INDIRECTLY, EXPRESS OR IMPLIED, AS TO THE SUITABILITY, DURABILITY, FITNESS FOR USE, MERCHANTABILITY, CONDITION, OR QUALITY OF THE EQUIPMENT OR ANY UNIT THEREOF.

17. Indemnification.

- (a) Lessor acknowledges that neither the State nor any of its political subdivisions may indemnify a private party and that the Lessor shall have no right to indemnification against the State, OMES, or any Lessee. See Oklahoma Attorney General Opinion 2012-18.
- (b) Lessor is the owner of the Equipment and has title to the Equipment. Lessee further agrees that it will at all times keep the Equipment free from any legal process, encumbrance or lien whatsoever,

and Lessee shall give Lessor immediate notice if any legal process, encumbrance or lien is asserted or made against the Equipment.

18. Risk of Loss.

Commencing upon delivery of the Equipment and continuing throughout the Schedule Term, Lessee, except as provided in Section 19, shall bear the entire risk of loss or damage in respect to any Equipment, whether partial or complete, from any cause whatsoever. In the event of loss, theft, destruction or damage of any kind to any item of Equipment, or if any Equipment is lost, stolen, or taken by governmental action for a stated period extending beyond the Term of any Schedule (an "Event of Loss"), Lessee shall promptly notify Lessor. In the case of an Event of Loss, (a) Lessee shall replace the affected Equipment in good condition and working order, or, if unable to, (b) Lessor shall look to its insurance, and not the Lessee, OMES, or the State for any additional recovery over and above Rent Payments due under the applicable Schedule. In the event of a governmental taking of Equipment for an indefinite period or for a stated period, which does not extend beyond the Schedule Term, all obligations of the Lessee with respect to such Equipment (including payment of Rent) shall continue. So long as Lessee is not in default hereunder, Lessor shall at Lessee's option (a) pay to Lessee all sums received by Lessor from the government by reason of such taking or (b) reduce the amount of Rent owed by Lessee.

19. Insurance.

Lessor shall insure the Equipment and look first to insurance proceeds in any Event of Loss prior to seeking redress from Lessee. Lessor may address its business costs when determining and setting the Rent. With respect to the Equipment, (i) Lessor shall be responsible for its liability and shall not look to Lessee for recovery of any kind and (ii) Lessee shall be responsible for its liability as required under the Oklahoma Governmental Tort Claims Act (GTCA), 51 O.S. § 151, et seq. and shall not look to Lessor for recovery of any kind.

20. Representations and Warranties of Lessee.

Lessee represents and warrants for the benefit of Lessor and its assigns, and Lessee will provide an opinion of counsel (only required in connection with a Schedule of greater or equal to [\$2,500,000.00]) to the effect that, as of the time of execution of the MLA between the State of Oklahoma by and through OMES and Lessor and each Schedule between Lessor and Lessee:

- (a) This MLA and each Schedule executed by Lessee have been duly authorized, executed and delivered by Lessee and constitutes a valid, legal and binding agreement of Lessee, enforceable with respect to the obligations of Lessee herein, in accordance with its terms.
- (b) The entering into and performance under this MLA or any Schedule between Lessor and Lessee will not violate any judgment, order, law or regulation applicable to Lessee or result in any breach of, or constitute a default under, or result in the creation of any lien, charge, security interest or other

encumbrance on the Equipment leased under any Schedule between Lessor and Lessee pursuant to any instrument to which the Lessee is a party or by which it or its assets may be bound.

- (d) The use of the Equipment is essential to Lessee's proper, efficient and economic operation, and Lessee will sign and provide to Lessor upon execution of each Schedule between Lessor and Lessee hereto written certification to that effect; and
- (e) As applicable, Lessee or OMES represents and warrants that (i) It has authority to enter into this MLA and any Schedule under this MLA, (ii) the person executing the MLA and all Schedules have been duly authorized to execute the MLA and Schedules on Lessee's behalf, (iii) all information supplied to Lessor is true and correct to the best of its knowledge and belief, including all credit and financial information and (iv) subject to the provisions of Section 7 above, it is able to meet all its financial obligations, including the Rent Payments hereunder.

21. Representations and Warranties of Lessor.

Lessor represents and warrants

- (a) Lessor is and shall remain an entity authorized and validly existing and is authorized to do business in Oklahoma, and is not in default as to taxes owed to the State of Oklahoma or any of its political subdivisions;

Lessor and Lessee agree that a reproduction of this MLA and/or any associated Schedule may be filed as a financing statement and shall be sufficient as a financing statement under the UCC. Lessee hereby grants Lessor, its agents, successors or assigns permission to execute and file on behalf of Lessee any and all UCC Financing Statements which are necessary or proper to secure Lessor's interest in the Equipment in all applicable jurisdictions. Upon termination of Lessor's security interest, Lessor shall also cause the Financing Statements to be removed from all applicable jurisdictions, by filing a UCC termination statement or the jurisdictional equivalent in the designated office of each jurisdiction. 8. CJIS Requirements (If applicable)

a. INTRODUCTION

This section shall be applicable to the extent that Contractor takes possession or control of CJIS data. The use and maintenance of all items of software or equipment offered for purchase herein must be in compliance with the most current version of the U.S. Department of Justice, Federal Bureau of Investigation ("FBI"), Criminal Justice Information Services (CJIS) Division's CJIS Security Policy ("CJIS Security Policy" or "Security Policy" herein).

The Entity or Affiliate acquiring the data or system is hereby ultimately responsible for compliance with the CJIS Security Policy and will be subject to an audit by the State of Oklahoma CJIS Systems Officer ("CSO") and the FBI CJIS Division's Audit Staff.

b. CJIS SECURITY POLICY REQUIREMENTS GENERALLY

The CJIS Security Policy outlines a number of administrative, procedural, and technical controls agencies must have in place to protect Criminal Justice Information (“CJI”). Our experience is that agencies will generally have many of the administrative and procedural controls in place but will need to implement additional technical safeguards in order to be in complete compliance with the mandate. A Criminal Justice Agency (“CJA”) and certain other governmental agencies procuring technology equipment and services that could be used in hosting or connecting or transmitting or receiving CJI data may need to use the check list herein to make sure that the software, equipment, location, security, and persons having the ability to access CJI will meet the CJIS requirements per the then current CJIS Security Policy. A completed Appendix H to said Security Policy will need to be signed by Vendor or a 3rd party if it has access to CJI, such as incident to the maintenance or support of the purchased hardware or software within which resides CJI. Per Appendix “A” to said Security Policy, “access to CJI is the physical or logical (electronic) ability, right or privilege to view, modify or make use of CJI.”

c. DIRECTIVE CONCERNING ACCESS TO CRIMINAL JUSTICE INFORMATION AND TO HARDWARE OR SOFTWARE WHICH INTERACTS WITH CJI AND CERTIFICATION

The FBI CJIS Division provides state-of-the-art identification and information services to the local, state, tribal, federal, and international criminal justice communities for criminal justice purposes, as well as the noncriminal justice communities for noncriminal justice purposes.

This Directive primarily concerns access to CJI and access to hardware and software in the use, retention, transmission, reception, and hosting of CJI for criminal justice purposes and not for noncriminal justice purposes. In that regard, this Directive is not only applicable to such data, but also to the hardware and software interacting with such data, their location(s), and persons having the ability to access such data. The CJIS data applicable to the Security Policy is the data described as such in said Policy plus all data transmitted over the Oklahoma Law Enforcement Telecommunications System (“OLETS”) which is operated by DPS.

In order to have access to CJI or to the aforesaid hardware or software, the vendor must be familiar with the FBI CJIS Security Policy, including but not limited to the following portions of said Security Policy:

1. the Definitions and Acronyms in §3 & Appendices “A” & “B”;

2. the general policies in §4;
3. the Policies in §5;
4. the appropriate forms in Appendices “D”, “E”, “F” & “H”; and
5. the Supplemental Guidance in Appendices “J” & “K”.

This FBI Security Policy is located and may be downloaded at:
<https://www.fbi.gov/services/cjis/cjissecurity-policy-resource-center>.

By executing the Contract to which this Directive is attached, the vendor hereby CERTIFIES that the foregoing directive has and will be followed, including but not limited to full compliance with the FBI CJIS Security Policy, as amended and as applicable.
