ATTACHMENT B

STATE OF OKLAHOMA GENERAL TERMS

This State of Oklahoma General Terms (“General Terms”) is a Contract Document in connection with a Contract awarded by the Office of Management and Enterprise Services on behalf of the State of Oklahoma.

In addition to other terms contained in an applicable Contract Document, Supplier and State agree to the following General Terms:

1 Scope and Contract Renewal

- 1.1** Supplier may not add products or services to its offerings under the Contract without the State’s prior written approval. Such request may require a competitive bid of the additional products or services. If the need arises for goods or services outside the scope of the Contract, Supplier shall contact the State.
- 1.2** At no time during the performance of the Contract shall the Supplier have the authority to obligate any Customer for payment for any products or services (a) when a corresponding encumbering document is not signed or (b) over and above an awarded Contract amount. Likewise, Supplier is not entitled to compensation for a product or service provided by or on behalf of Supplier that is neither requested nor accepted as satisfactory.
- 1.3** If applicable, prior to any Contract renewal, the State shall subjectively consider the value of the Contract to the State, the Supplier’s performance under the Contract, and shall review certain other factors, including but not limited to the: a) terms and conditions of Contract Documents to determine validity with current State and other applicable statutes and rules; b) current pricing and discounts offered by Supplier; and c) current products, services and support offered by Supplier. If the State determines changes to the Contract are required as a condition precedent to renewal, the State and Supplier will cooperate in good faith to evidence such required changes in an Addendum. Further, any request for a price increase in connection with a renewal or otherwise will be conditioned on the Supplier providing appropriate documentation supporting the request.
- 1.4** The State may extend the Contract for ninety (90) days beyond a final renewal term at the Contract compensation rate for the extended period. If the State

exercises such option to extend ninety (90) days, the State shall notify the Supplier in writing prior to Contract end date. The State, at its sole option and to the extent allowable by law, may choose to exercise subsequent ninety (90) day extensions at the Contract pricing rate, to facilitate the finalization of related terms and conditions of a new award or as needed for transition to a new Supplier.

- 1.5** Supplier understands that supplier registration expires annually and, pursuant to OAC 260:115-3-3, Supplier shall maintain its supplier registration with the State as a precondition to a renewal of the Contract.

2 Contract Effectiveness and Order of Priority

- 2.1** Unless specifically agreed in writing otherwise, the Contract is effective upon the date last signed by the parties. Supplier shall not commence work, commit funds, incur costs, or in any way act to obligate the State until the Contract is effective.

- 2.2** Contract Documents shall be read to be consistent and complementary. Any conflict among the Contract Documents shall be resolved by giving priority to Contract Documents in the following order of precedence:

- A.** any Addendum;
- B.** any applicable Solicitation;
- C.** any Contract-specific State terms contained in a Contract Document including, without limitation, information technology terms and terms specific to a statewide Contract or a State agency Contract;
- D.** the terms contained in this Contract Document;
- E.** any successful Bid as may be amended through negotiation and to the extent the Bid does not otherwise conflict with the Solicitation or applicable law;
- F.** any statement of work, work order, or other similar ordering document as applicable; and
- G.** other mutually agreed Contract Documents.

- 2.3** If there is a conflict between the terms contained in this Contract Document or in Contract-specific terms and an agreement provided by or on behalf of Supplier including but not limited to linked or supplemental documents which alter or diminish the rights of Customer or the State, the conflicting terms

provided by Supplier shall not take priority over this Contract Document or Acquisition-specific terms. In no event will any linked document alter or override such referenced terms except as specifically agreed in an Addendum.

- 2.4 Any Contract Document shall be legibly written in ink or typed. All Contract transactions, and any Contract Document related thereto, may be conducted by electronic means pursuant to the Oklahoma Uniform Electronic Transactions Act.

3 **Modification of Contract Terms and Contract Documents**

- 3.1 The Contract may only be modified, amended, or expanded by an Addendum. Any change to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials made unilaterally by the Supplier, is a material breach of the Contract. Unless otherwise specified by applicable law or rules, such changes, including without limitation, any unauthorized written Contract modification, shall be void and without effect and the Supplier shall not be entitled to any claim under the Contract based on those changes. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in the Contract.
- 3.2 Any additional terms on an ordering document provided by Supplier are of no effect and are void unless mutually executed. OMES bears no liability for performance, payment or failure thereof by the Supplier or by a Customer other than OMES in connection with an Acquisition.

The Supplier shall cooperate with the Customer in connection with any litigation and investigation deemed necessary by the Customer to protect any State or citizen data and records and shall bear all costs associated with the investigation, response and recovery in connection with any breach of State or citizen data or records including but not limited to credit monitoring services with a term of at least three (3) years, all notice-related costs and toll free telephone call center services.
- 11.4** Supplier further agrees to promptly prevent a reoccurrence of any unauthorized use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination of State or citizen data and records.
- 11.5** Supplier acknowledges that any improper use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination of any State data or records to others may cause immediate and irreparable harm to the Customer and certain beneficiaries and may violate state or federal laws and regulations. If the Supplier or its affiliates, parent company, subsidiaries, employees, officers, directors, assignees, agents,

representatives, independent contractors, and subcontractors improperly use, appropriate, sell, assign, convey, provide, release, access, acquire, disclose or otherwise disseminate such confidential information to any person or entity in violation of the Contract, the Customer will immediately be entitled to injunctive relief and/or any other rights or remedies available under this Contract, at equity or pursuant to applicable statutory, regulatory, and common law without a cure period.

11.6 The Supplier shall immediately forward to the State Purchasing Director, and any other applicable person listed in the Notices section(s) of the Contract, any request by a third party for data or records in the possession of the Supplier or any subcontractor or to which the Supplier or subcontractor has access and Supplier shall fully cooperate with all efforts to protect the security and confidentiality of such data or records in response to a third party request.

11.7 Customer may be provided access to Supplier Confidential Information. State agencies are subject to the Oklahoma Open Records Act and Supplier acknowledges information marked confidential information will be disclosed to the extent permitted under the Open Records Act and in accordance with this section. Nothing herein is intended to waive the State Purchasing Director's authority under OAC 260:115-3-9 in connection with Bid information requested to be held confidential by a Bidder. Notwithstanding the foregoing, Supplier Confidential Information shall not include information that: (i) is or becomes generally known or available by public disclosure, commercial use or otherwise and is not in contravention of this Contract; (ii) is known and has been reduced to tangible form by the receiving party before the time of disclosure for the first time under this Contract and without other obligations of confidentiality; (iii) is independently developed without the use of any of Supplier Confidential Information; (iv) is lawfully obtained from a third party (without any confidentiality obligation) who has the right to make such disclosure or (v) résumé, pricing or marketing materials provided to the State. In addition, the obligations in this section shall not apply to the extent that the applicable law or regulation requires disclosure of Supplier Confidential Information, provided that the Customer provides reasonable written notice, pursuant to Contract notice provisions, to the Supplier so that the Supplier may promptly seek a protective order or other appropriate remedy.

12 Conflict of Interest

In addition to any requirement of law or of a professional code of ethics or conduct, the Supplier, its employees, agents and subcontractors are required to disclose any outside activity or interest that conflicts or may conflict with the best interest of the State. Prompt disclosure is required under this section if the activity or interest is

related, directly or indirectly, to any person or entity currently under contract with or seeking to do business with the State, its employees or any other third-party individual or entity awarded a contract with the State. Further, as long as the Supplier has an obligation under the Contract, any plan, preparation or engagement in any such activity or interest shall not occur without prior written approval of the State. Any conflict of interest shall, at the sole discretion of the State, be grounds for partial or whole termination of the Contract.

13 Assignment and Permitted Subcontractors

- 13.1** Supplier's obligations under the Contract may not be assigned or transferred to any other person or entity without the prior written consent of the State which may be withheld at the State's sole discretion. Should Supplier assign its rights to payment, in whole or in part, under the Contract, Supplier shall provide the State and all affected Customers with written notice of the assignment. Such written notice shall be delivered timely and contain details sufficient for affected Customers to perform payment obligations without any delay caused by the assignment.
- 13.2** Notwithstanding the foregoing, the Contract may be assigned by Supplier to any corporation or other entity in connection with a merger, consolidation, sale of all equity interests of the Supplier, or a sale of all or substantially all of the assets of the Supplier to which the Contract relates. In any such case, said corporation or other entity shall by operation of law or expressly in writing assume all obligations of the Supplier as fully as if it had been originally made a party to the Contract. Supplier shall give the State and all affected Customers prior written notice of said assignment. Any assignment or delegation in violation of this subsection shall be void.
- 13.3** If the Supplier is permitted to utilize subcontractors in support of the Contract, the Supplier shall remain solely responsible for its obligations under the terms of the Contract, for its actions and omissions and those of its agents, employees and subcontractors and for payments to such persons or entities. Prior to a subcontractor being utilized by the Supplier, the Supplier shall obtain written approval of the State of such subcontractor and each employee, as applicable to a particular Acquisition, of such subcontractor proposed for use by the Supplier. Such approval is within the sole discretion of the State. Any proposed subcontractor shall be identified by entity name, and by employee name, if required by the particular Acquisition, in the applicable proposal and shall include the nature of the services to be performed. As part of the approval request, the Supplier shall provide a copy of a written agreement executed by the Supplier and subcontractor setting forth that such subcontractor is bound by and agrees, as applicable, to perform the same covenants and be subject to

the same conditions and make identical certifications to the same facts and criteria, as the Supplier under the terms of all applicable Contract Documents. Supplier agrees that maintaining such agreement with any subcontractor and obtaining prior written approval by the State of any subcontractor and associated employees shall be a continuing obligation. The State further reserves the right to revoke approval of a subcontractor or an employee thereof in instances of poor performance, misconduct or for other similar reasons.

13.4 All payments under the Contract shall be made directly to the Supplier, except as provided in subsection A above regarding the Supplier's assignment of payment. No payment shall be made to the Supplier for performance by unapproved or disapproved employees of the Supplier or a subcontractor.

13.5 Rights and obligations of the State or a Customer under the terms of this Contract may be assigned or transferred, at no additional cost, to other Customer entities.

14 Background Checks and Criminal History Investigations

Prior to the commencement of any services, background checks and criminal history investigations of the Supplier's employees and subcontractors who will be providing services may be required and, if so, the required information shall be provided to the State in a timely manner. Supplier's access to facilities, data and information may be withheld prior to completion of background verification acceptable to the State. The costs of additional background checks beyond Supplier's normal hiring practices shall be the responsibility of the Customer unless such additional background checks are required solely because Supplier will not provide results of its otherwise acceptable normal background checks; in such an instance, Supplier shall pay for the additional background checks. Supplier will coordinate with the State and its employees to complete the necessary background checks and criminal history investigations. Should any employee or subcontractor of the Supplier who will be providing services under the Contract not be acceptable as a result of the background check or criminal history investigation, the Customer may require replacement of the employee or subcontractor in question and, if no suitable replacement is made within a reasonable time, terminate the purchase order or other payment mechanism associated with the project or services.

15 Patents and Copyrights

Without exception, a product or deliverable price shall include all royalties or costs owed by the Supplier to any third party arising from the use of a patent, intellectual property, copyright or other property right held by such third party. Should any third party threaten or make a claim that any portion of a product or service provided by Supplier under the Contract infringes that party's patent, intellectual property,

copyright or other property right, Supplier shall enable each affected Customer to legally continue to use, or modify for use, the portion of the product or service at issue or replace such potentially infringing product, or re-perform or redeliver in the case of a service, with at least a functional non-infringing equivalent. Supplier's duty under this section shall extend to include any other product or service rendered materially unusable as intended due to replacement or modification of the product or service at issue. If the Supplier determines that none of these alternatives are reasonably available, the State shall return such portion of the product or deliverable at issue to the Supplier, upon written request, in exchange for a refund of the price paid for such returned goods as well as a refund or reimbursement, if applicable, of the cost of any other product or deliverable rendered materially unusable as intended due to removal of the portion of product or deliverable at issue. Any remedy provided under this section is not an exclusive remedy and is not intended to operate as a waiver of legal or equitable remedies because of acceptance of relief provided by Supplier.

16 Indemnification

16.1 Acts or Omissions

- A.** Supplier shall defend and indemnify the Indemnified Parties, as applicable, for any and all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising out of, or resulting from any action or claim for bodily injury, death, or property damage brought against any of the Indemnified parties to the extent arising from any negligent act or omission or willful misconduct of the Supplier or its agents, employees, or subcontractors in the execution or performance of the Contract.
- B.** To the extent Supplier is found liable for loss, damage, or destruction of any property of Customer due to negligence, misconduct, wrongful act, or omission on the part of the Supplier, its employees, agents, representatives, or subcontractors, the Supplier and Customer shall use best efforts to mutually negotiate an equitable settlement amount to repair or replace the property unless such loss, damage or destruction is of such a magnitude that repair or replacement is not a reasonable option. Such amount shall be invoiced to, and is payable by, Supplier sixty (60) calendar days after the date of Supplier's receipt of an invoice for the negotiated settlement amount.

16.2 Infringement

Supplier shall indemnify the Indemnified Parties, as applicable, for all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising from or in connection with Supplier's breach of its representations and warranties in the Contract or alleged infringement of any patent, intellectual property, copyright or other property right in connection with a product or service provided under the Contract. Supplier's duty under this section is reduced to the extent a claimed infringement results from: (a) a Customer's or user's content; (b) modifications by Customer or third party to a product delivered under the Contract or combinations of the product with any non-Supplier-provided services or products unless Supplier recommended or participated in such modification or combination; (c) use of a product or service by Customer in violation of the Contract unless done so at the direction of Supplier, or (d) a non-Supplier product that has not been provided to the State by, through or on behalf of Supplier as opposed to its combination with products Supplier provides to or develops for the State or a Customer as a system.

16.3 Notice and Cooperation

In connection with indemnification obligations under the Contract, the parties agree to furnish prompt written notice to each other of any third-party claim. Any Customer affected by the claim will reasonably cooperate with Supplier and defense of the claim to the extent its interests are aligned with Supplier. Supplier shall use counsel reasonably experienced in the subject matter at issue and will not settle a claim without the written consent of the party being defended, which consent will not be unreasonably withheld or delayed, except that no consent will be required to settle a claim against Indemnified Parties that are not a State agency, where relief against the Indemnified Parties is limited to monetary damages that are paid by the defending party under indemnification provisions of the Contract.

16.4 Coordination of Defense

In connection with indemnification obligations under the Contract, when a State agency is a named defendant in any filed or threatened lawsuit, the defense of the State agency shall be coordinated by the Attorney General of Oklahoma, or the Attorney General may authorize the Supplier to control the defense and any related settlement negotiations; provided, however, Supplier shall not agree to any settlement of claims against the State without obtaining advance written concurrence from the Attorney General. If the Attorney General does not authorize sole control of the defense and settlement negotiations to Supplier, Supplier shall have authorization to equally

participate in any proceeding related to the indemnity obligation under the Contract and shall remain responsible to indemnify the applicable Indemnified Parties.

16.5 Limitation of Liability

- A.** With respect to any claim or cause of action arising under or related to the Contract, neither the State nor any Customer shall be liable to Supplier for lost profits, lost sales or business expenditures, investments, or commitments in connection with any business, loss of any goodwill, or for any other indirect, incidental, punitive, special or consequential damages, even if advised of the possibility of such damages.
- B.** Notwithstanding anything to the contrary in the Contract, no provision shall limit damages, expenses, costs, actions, claims, and liabilities arising from or related to property damage, bodily injury or death caused by Supplier or its employees, agents or subcontractors; indemnity, security or confidentiality obligations under the Contract; the bad faith, negligence, intentional misconduct or other acts for which applicable law does not allow exemption from liability of Supplier or its employees, agents or subcontractors.
- C.** The limitation of liability and disclaimers set forth in the Contract will apply regardless of whether Customer has accepted a product or service. The parties agree that Supplier has set its fees and entered into the Contract in reliance on the disclaimers and limitations set forth herein, that the same reflect an allocation of risk between the parties and form an essential basis of the bargain between the parties. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.

17 Termination for Funding Insufficiency

- 17.1** Notwithstanding anything to the contrary in any Contract Document, the State may terminate the Contract in whole or in part if funds sufficient to pay obligations under the Contract are not appropriated or received from an intended third-party funding source. In the event of such insufficiency, Supplier will be provided at least fifteen (15) calendar days' written notice of termination. Any partial termination of the Contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that are not terminated. The determination by the State of insufficient funding shall be accepted by, and shall be final and binding on, the Supplier.

17.2 Upon receipt of notice of a termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contractor certain obligations are terminated shall be refunded.

17.3 The State's exercise of its right to terminate the Contract under this section shall not be considered a default or breach under the Contract or relieve the Supplier of any liability for claims arising under the Contract.

18 Termination for Cause

18.1 Supplier may terminate the Contract if (i) it has provided the State with written notice of material breach and (ii) the State fails to cure such material breach within thirty (30) days of receipt of written notice. If there is more than one Customer, material breach by a Customer does not give rise to a claim of material breach as grounds for termination by Supplier of the Contract as a whole. The State may terminate the Contract in whole or in part if (i) it has provided Supplier with written notice of material breach, and (ii) Supplier fails to cure such material breach within thirty (30) days of receipt of written notice. Any partial termination of the Contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that are not terminated.

18.2 The State may terminate the Contract in whole or in part immediately without a thirty (30) day written notice to Supplier if (i) Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract; (ii) Supplier's material breach is reasonably determined to be an impediment to the function of the State and detrimental to the State or to cause a condition precluding the thirty (30) day notice or (iii) when the State determines that an administrative error in connection with award of the Contract occurred prior to Contract performance.

18.3 Upon receipt of notice of a termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence

of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination is not an exclusive remedy but is in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

- 18.4** The Supplier's repeated failure to provide an acceptable product or service; Supplier's unilateral revision of linked or supplemental terms that have a materially adverse impact on a Customer's rights or obligations under the Contract (except as required by a governmental authority); actual or anticipated failure of Supplier to perform its obligations under the Contract; Supplier's inability to pay its debts when due; assignment for the benefit of Supplier's creditors; or voluntary or involuntary appointment of a receiver or filing of bankruptcy of Supplier shall constitute a material breach of the Supplier's obligations, which may result in partial or whole termination of the Contract. This subsection is not intended as an exhaustive list of material breach conditions. Termination may also result from other instances of failure to adhere to the Contract provisions and for other reasons provided for by applicable law, rules or regulations; without limitation, OAC 260:115-9-9 is an example.

19 Termination for Convenience

- 19.1** The State may terminate the Contract, in whole or in part, for convenience if it is determined that termination is in the State's best interest. In the event of a termination for convenience, Supplier will be provided at least thirty (30) days' written notice of termination. Any partial termination of the Contract shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that remain in effect.
- 19.2** Upon receipt of notice of such termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but

there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

20 Suspension of Supplier

- 20.1** Supplier may be subject to Suspension without advance notice and may additionally be suspended from activities under the Contract if Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract.
- 20.2** Upon receipt of a notice pursuant to this section, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to receipt of notice by Supplier, the Suspension does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract during a period of Suspension or suspended activity or for any damages or other amounts caused by or associated with such Suspension or suspended activity. A right exercised under this section shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees attributable to a period of Suspension or suspended activity shall be refunded.
- 20.3** Such Suspension may be removed, or suspended activity may resume, at the earlier of such time as a formal notice is issued that authorizes the resumption of performance under the Contract or at such time as a purchase order or other appropriate encumbrance document is issued. This subsection is not intended to operate as an affirmative statement that such resumption will occur.

21 Certification Regarding Debarment, Suspension, and Other Responsibility Matters

The certification made by Supplier with respect to Debarment, Suspension, certain indictments, convictions, civil judgments and terminated public contracts is a material representation of fact upon which reliance was placed when entering into the Contract.

A determination that Supplier knowingly rendered an erroneous certification, in addition to other available remedies, may result in whole or partial termination of the Contract for Supplier's default. Additionally, Supplier shall promptly provide written notice to the State Purchasing Director if the certification becomes erroneous due to changed circumstances.

22 Certification Regarding State Employees Prohibition From Fulfilling Services

Pursuant to 74 O.S. § 85.42, the Supplier certifies that no person involved in any manner in development of the Contract employed by the State shall be employed to fulfill any services provided under the Contract.

23 Force Majeure

23.1 Either party shall be temporarily excused from performance to the extent delayed as a result of unforeseen causes beyond its reasonable control including fire or other similar casualty, act of God, strike or labor dispute, war or other violence, or any law, order or requirement of any governmental agency or authority provided the party experiencing the force majeure event has prudently and promptly acted to take any and all steps within the party's control to ensure continued performance and to shorten duration of the event. If a party's performance of its obligations is materially hindered as a result of a force majeure event, such party shall promptly notify the other party of its best reasonable assessment of the nature and duration of the force majeure event and steps it is taking, and plans to take, to mitigate the effects of the force majeure event. The party shall use commercially reasonable best efforts to continue performance to the extent possible during such event and resume full performance as soon as reasonably practicable.

23.2 Subject to the conditions set forth above, non-performance as a result of a force majeure event shall not be deemed a default. However, a purchase order or other payment mechanism may be terminated if Supplier cannot cause delivery of a product or service in a timely manner to meet the business needs of Customer. Supplier is not entitled to payment for products or services not received and, therefore, amounts payable to Supplier during the force majeure event shall be equitably adjusted downward.

23.3 Notwithstanding the foregoing or any other provision in the Contract, (i) the following are not a force majeure event under the Contract: (a) shutdowns, disruptions or malfunctions in Supplier's system or any of Supplier's telecommunication or internet services other than as a result of general and widespread internet or telecommunications failures that are not limited to Supplier's systems or (b) the delay or failure of Supplier or subcontractor personnel to perform any obligation of Supplier hereunder unless such delay

or failure to perform is itself by reason of a force majeure event and (ii) no force majeure event modifies or excuses Supplier's obligations related to confidentiality, indemnification, data security or breach notification obligations set forth herein.

24 Security of Property and Personnel

In connection with Supplier's performance under the Contract, Supplier may have access to Customer personnel, premises, data, records, equipment and other property. Supplier shall use commercially reasonable best efforts to preserve the safety and security of such personnel, premises, data, records, equipment, and other property of Customer. Supplier shall be responsible for damage to such property to the extent such damage is caused by its employees or subcontractors and shall be responsible for loss of Customer property in its possession, regardless of cause. If Supplier fails to comply with Customer's security requirements, Supplier is subject to immediate suspension of work as well as termination of the associated purchase order or other payment mechanism.

25 Notices

All notices, approvals or requests allowed or required by the terms of any Contract Document shall be in writing, reference the Contract with specificity and deemed delivered upon receipt or upon refusal of the intended party to accept receipt of the notice. In addition to other notice requirements in the Contract and the designated Supplier contact provided in a successful Bid, notices shall be sent to the State at the physical address set forth below. Notice information may be updated in writing to the other party as necessary. Notwithstanding any other provision of the Contract, confidentiality, breach and termination-related notices shall not be delivered solely via e-mail.

If sent to the State:

Oklahoma City, Oklahoma 73105

With a copy, which shall not constitute notice, to:

26 Miscellaneous

26.1 Choice of Law and Venue

Any claim, dispute, or litigation relating to the Contract Documents, in the singular or in the aggregate, shall be governed by the laws of the State without regard to application of choice of law principles. Pursuant to 74 O.S. §85.14, where federal granted funds are involved, applicable federal laws, rules and regulations shall govern to the extent necessary to insure benefit of such federal funds to the State. Venue for any action, claim, dispute, or litigation relating in any way to the Contract Documents, shall be in Oklahoma County, Oklahoma.

26.2 No Guarantee of Products or Services Required

The State shall not guarantee any minimum or maximum amount of Supplier products or services required under the Contract.

26.3 Employment Relationship

The Contract does not create an employment relationship. Individuals providing products or performing services pursuant to the Contract are not employees of the State or Customer and, accordingly are not eligible for any rights or benefits whatsoever accruing to such employees.

26.4 Transition Services

If transition services are needed at the time of Contract expiration or termination, Supplier shall provide such services on a month-to-month basis, at the contract rate or other mutually agreed rate. Supplier shall provide a proposed transition plan, upon request, and cooperate with any successor supplier and with establishing a mutually agreeable transition plan. Failure to cooperate may be documented as poor performance of Supplier.

26.5 Publicity

The existence of the Contract or any Acquisition is in no way an endorsement of Supplier, the products or services and shall not be so construed by Supplier in any advertising or publicity materials. Supplier agrees to submit to the State all advertising, sales, promotion, and other publicity matters relating to the Contract wherein the name of the State or any Customer is mentioned or language used from which, in the State's judgment, an endorsement may be inferred or implied. Supplier further agrees not to publish or use such advertising, sales promotion, or publicity matter or release any informational pamphlets, notices, press releases, research reports, or similar public notices concerning the Contract or any Acquisition hereunder without obtaining the prior written approval of the State.

26.6 Open Records Act

Supplier acknowledges that all State agencies and certain other Customers are subject to the Oklahoma Open Records Act set forth at 51 O.S. §24A-1 *et seq.* Supplier also acknowledges that compliance with the Oklahoma Open Records Act and all opinions of the Oklahoma Attorney General concerning the Act is required.

26.7 Failure to Enforce

Failure by the State or a Customer at any time to enforce a provision of, or exercise a right under, the Contract shall not be construed as a waiver of any such provision. Such failure to enforce or exercise shall not affect the validity of any Contract Document, or any part thereof, or the right of the State or a Customer to enforce any provision of, or exercise any right under, the Contract at any time in accordance with its terms. Likewise, a waiver of a breach of any provision of a Contract Document shall not affect or waive a subsequent breach of the same provision or a breach of any other provision in the Contract.

26.8 Mutual Responsibilities

- A.** No party to the Contract grants the other the right to use any trademarks, trade names, other designations in any promotion or publication without the express written consent by the other party.
- B.** The Contract is a non-exclusive contract and each party is free to enter into similar agreements with others.
- C.** The Customer and Supplier each grant the other only the licenses and rights specified in the Contract and all other rights and interests are expressly reserved.
- D.** The Customer and Supplier shall reasonably cooperate with each other and any Supplier to which the provision of a product and/or service under the Contract may be transitioned after termination or expiration of the Contract.
- E.** Except as otherwise set forth herein, where approval, acceptance, consent, or similar action by a party is required under the Contract, such action shall not be unreasonably delayed or withheld.

26.9 Invalid Term or Condition

To the extent any term or condition in the Contract conflicts with a compulsory applicable State or United States law or regulation, such Contract term or

condition is void and unenforceable. By executing any Contract Document which contains a conflicting term or condition, no representation or warranty is made regarding the enforceability of such term or condition. Likewise, any applicable State or federal law or regulation which conflicts with the Contract or any non-conflicting applicable State or federal law or regulation is not waived.

26.10 Severability

If any provision of a Contract Document, or the application of any term or condition to any party or circumstances, is held invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable and the application of such provision to other parties or circumstances shall remain valid and in full force and effect. If a court finds that any provision of this contract is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

26.11 Section Headings

The headings used in any Contract Document are for convenience only and do not constitute terms of the Contract.

26.12 Sovereign Immunity

Notwithstanding any provision in the Contract, the Contract is entered into subject to the State's Constitution, statutes, common law, regulations, and the doctrine of sovereign immunity, none of which are waived by the State nor any other right or defense available to the State.

26.13 Survival

As applicable, performance under all license, subscription, service agreements, statements of work, transition plans and other similar Contract Documents entered into between the parties under the terms of the Contract shall survive Contract expiration. Additionally, rights and obligations under the Contract which by their nature should survive including, without limitation, certain payment obligations invoiced prior to expiration or termination; confidentiality obligations; security incident and data breach obligations and indemnification obligations, remain in effect after expiration or termination of the Contract.

26.14 Entire Agreement

The Contract Documents taken together as a whole constitute the entire agreement between the parties. No statement, promise, condition,

understanding, inducement or representation, oral or written, expressed or implied, which is not contained in a Contract Document shall be binding or valid. The Supplier's representations and certifications, including any completed electronically, are incorporated by reference into the Contract.

26.15 Gratuities

The Contract may be immediately terminated, in whole or in part, by written notice if it is determined that the Supplier, its employee, agent, or another representative violated any federal, State or local law, rule or ordinance by offering or giving a gratuity to any State employee directly involved in the Contract. In addition, Suspension or Debarment of the Supplier may result from such a violation.

26.16 Import/Export Controls

Neither party will use, distribute, transfer or transmit any equipment, services, software or technical information provided under the Contract (even if incorporated into other products) except in compliance with all applicable import and export laws, conventions and regulations.

The determination by the Customer of insufficient funding shall be accepted by, and shall be final and binding on, the Supplier.

4. Termination for Cause

In addition to Contract terms relating to termination for cause, a customer may terminate its obligations, in whole or in part, to Supplier if it has provided Supplier with written notice of material breach and Supplier fails to cure such material breach within thirty (30) days of receipt of written notice. The Customer may also terminate a purchase order or other payment mechanism or Supplier's activities under the Contract immediately without a thirty (30) day written notice to Supplier, if Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements if such non-compliance relates or may relate to Supplier provision of products or services to the Customer or if Supplier's material breach is reasonably determined (i) to be an impediment to the function of the Customer and detrimental to the Customer, or (ii) when conditions preclude the thirty (30) day notice.

right to change this fee upward or downward upon sixty (60) calendar days' written notice to Supplier without further requirement for an Addendum.

Reports shall include usage of the statewide contract by every Customer during the applicable quarter. A singular report provided late will not be considered a breach of the statewide contract; provided, however, repeated failure to submit accurate quarterly usage reports and submit timely payments may result in suspension or termination, in whole or in part, of the Contract.

6.3 All Contract Usage Reports shall meet the following criteria:

- i. Electronic submission in Microsoft Excel format to strategic.sourcing@omes.ok.gov;
- ii. Quarterly submission regardless of whether there were transactions under the Contract during the applicable quarterly reporting period;

- h. General product category, if applicable;
- i. Quantity;
- j. Unit list price or MSRP, as applicable;
- k. Unit price charged to the purchasing entity; and
- l. Other Contract usage information requested by the State.

6.4 Payment of the contract management fee shall be delivered to the following address within forty-five (45) calendar days after the end of each quarterly reporting period:

State of Oklahoma
Office of Management and Enterprise Services, Central Purchasing
2401 North Lincoln Boulevard, Suite 116
Oklahoma City, Oklahoma 73105

To ensure payment is properly accounted for, Supplier shall provide the following information with payment: (i) reference to the applicable Contract Usage Report and quarterly reporting period and (ii) the applicable statewide contract number(s) and the amount of the contract management fee being paid for each contract number.

11 Ownership Rights

Any software developed by the Supplier under the terms of the Contract is for the sole and exclusive use of the State including but not limited to the right to use, reproduce, re-use, alter, modify, edit, or change the software as it sees fit and for any purpose. Moreover, except with regard to any deliverable based on Supplier Intellectual Property, the State shall be deemed the sole and exclusive owner of all right, title, and interest therein, including but not limited to all source data, information and materials furnished to the State, together with all plans, system analysis, and design specifications and drawings, completed programs and documentation thereof, reports and listing, all data and test procedures and all other items pertaining to the work and services to be performed pursuant to this Contract including all copyright and proprietary rights relating thereto. The State shall bear all expenses that incurred in connection with such copyright, trademark, and/or patent applications.

If any Acquisition pursuant to this Contract is funded wholly or in part with federal funds, the source code and all associated software and related documentation owned by the State may be

shared with other publicly funded agencies at the discretion of the State without permission from or additional compensation to the Supplier.

12 Intellectual Property Ownership

The following terms apply to ownership and rights related to Intellectual Property:

- 12.1** As between Supplier and Customer, the Work Product and Intellectual Property Rights therein are and shall be owned exclusively by Customer, and not Supplier. Supplier specifically agrees that the Work Product shall be considered “works made for hire” and that the Work Product shall, upon creation, be owned exclusively by Customer. To the extent that the Work Product, under applicable law, may not be considered works made for hire, Supplier hereby agrees that all right, title and interest in and to all ownership rights and all Intellectual Property Rights in the Work Product is hereby effectively transferred, granted, conveyed, assigned and relinquished exclusively to Customer, without the necessity of any further consideration, and Customer shall be entitled to obtain and hold in its own name all Intellectual Property Rights in and to the Work Product. Supplier acknowledges that Supplier and Customer do not intend Supplier to be a joint author of the Work Product within the meaning of the Copyright Act of 1976. Customer shall have access, during normal business hours (Monday through Friday, 8:00 a.m. to 5:00 p.m.) and upon reasonable prior notice to Supplier, to all Supplier materials, premises and computer files containing the Work Product. Supplier and Customer, as appropriate, will cooperate with one another and execute such other documents as may be reasonably appropriate to achieve the objectives herein. No license or other right is granted under the Contract to any Third-Party Intellectual Property, except as may be incorporated in the Work Product by Supplier.
- 12.2** Supplier, upon request and without further consideration, shall perform any acts that may be deemed reasonably necessary or desirable by Customer to evidence more fully the transfer of ownership and/or registration of all Intellectual Property Rights in all Work Product to Customer to the fullest extent possible including, but not limited to, the execution, acknowledgement and delivery of such further documents in a form determined by Customer. In the event Customer shall be unable to obtain Supplier’s signature due to the dissolution of Supplier or Supplier’s failure to respond to Customer’s repeated requests for such signature on any document reasonably necessary for any purpose set forth in the foregoing sentence, Supplier hereby irrevocably designates and appoints Customer and its duly authorized officers and agents as Supplier’s agent and Supplier’s attorney-in-fact to act for and in Supplier’s behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by Supplier, provided however that no such grant of right to Customer is applicable if Supplier fails to execute any document due to a good faith dispute by Supplier with respect to such document. It is understood that such power is coupled with an interest and is therefore irrevocable. Customer shall have the full and sole power to prosecute such applications and to take all other action concerning the Work Product, and Supplier shall cooperate, at Customer’s sole expense, in the preparation and

prosecution of all such applications and in any legal actions and proceedings concerning the Work Product.

- 12.3** Supplier hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Work Product which Supplier may now have or which may accrue to Supplier's benefit under U.S. or foreign copyright or other laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. Supplier acknowledges the receipt of equitable compensation for its assignment and waiver of such Moral Rights.
- 12.4** All documents, information and materials forwarded to Supplier by Customer for use in and preparation of the Work Product shall be deemed the confidential information of Customer, subject to the license granted by Customer to Supplier hereunder. Supplier shall not otherwise use, disclose, or permit any third party to use or obtain the Work Product, or any portion thereof, in any manner without the prior written approval of Customer.
- 12.5** These provisions are intended to protect Customer's proprietary rights pertaining to the Work Product and the Intellectual Property Rights therein and any misuse of such rights would cause substantial and irreparable harm to Customer's business. Therefore, Supplier acknowledges and stipulates that a court of competent jurisdiction may immediately enjoin a material breach of the Supplier's obligations with respect to confidentiality provisions of the Contract and the Work Product and a Customer's Intellectual Property Rights, upon a request by Customer, without requiring proof of irreparable injury, as same is presumed.
- 12.6** Upon the request of Customer, but in any event upon termination or expiration of this Contract or a statement of work, Supplier shall surrender to Customer all documents and things pertaining to the Work Product, generated or developed by Supplier or furnished by Customer to Supplier, including all materials embodying the Work Product, any Customer confidential information and Intellectual Property Rights in such Work Product, regardless of whether complete or incomplete. This section is intended to apply to all Work Product as well as to all documents and things furnished to Supplier by Customer or by anyone else that pertains to the Work Product.
- 12.7** Customer hereby grants to Supplier a non-transferable, non-exclusive, royalty-free, fully paid license to use any Work Product solely as necessary to provide services to Customer. Except as provided in this section, neither Supplier nor any subcontractor shall have the right to use the Work Product in connection with the provision of services to its other customers without the prior written consent of Customer, which consent may be withheld in Customer's sole discretion.
- 12.8** To the extent that any Third-Party Intellectual Property is embodied or reflected in the Work Product or is necessary to provide services, Supplier shall obtain from the applicable third party for the Customer's benefit, an irrevocable, perpetual, non-exclusive, worldwide, royalty-free license, solely for Customer's internal business purposes; likewise, with respect to any Supplier Intellectual Property embodied or reflected in the Work Product or

necessary to provide services, Supplier grants to Customer an irrevocable, perpetual, non-exclusive, worldwide, royalty-free license, solely for the Customer's internal business purposes. Each such license shall allow the applicable Customer to (i) use, copy, modify, display, perform (by any means), transmit and prepare derivative works of any Third-Party Intellectual Property or Supplier Intellectual Property embodied in or delivered to Customer in conjunction with the Work Product and (ii) authorize others to do any or all of the foregoing. Supplier agrees to notify Customer on delivery of the Work Product or services if such materials include any Third-Party Intellectual Property. The foregoing license includes the right to sublicense third parties, solely for the purpose of engaging such third parties to assist or carry out Customer's internal business use of the Work Product. Except for the preceding license, all rights in Supplier Intellectual Property remain in Supplier. On request, Supplier shall provide Customer with documentation indicating a third party's written approval for Supplier to use any Third-Party Intellectual Property that may be embodied or reflected in the Work Product.

- 12.9** Supplier agrees that it shall have written agreement(s) that are consistent with the provisions hereof related to Work Product and Intellectual Property Rights with any employees, agents, consultants, contractors or subcontractors providing services or Work Product pursuant to the Contract, prior to the provision of such services or Work Product and that it shall maintain such written agreements at all times during performance of this Contract which are sufficient to support all performance and grants of rights by Supplier. Copies of such agreements shall be provided to the Customer promptly upon request.
- 12.10** To the extent not inconsistent with Customer's rights in the Work Product or other provisions, nothing in this Contract shall preclude Supplier from developing for itself, or for others, materials which are competitive with those produced as a result of the services provided under the Contract, provided that no Work Product is utilized, and no Intellectual Property Rights of Customer therein are infringed by such competitive materials. To the extent that Supplier wishes to use the Work Product or acquire licensed rights in certain Intellectual Property Rights of Customer therein in order to offer competitive goods or services to third parties, Supplier and Customer agree to negotiate in good faith regarding an appropriate license and royalty agreement to allow for such.
- 12.11** If any Acquisition pursuant to the Contract is funded wholly or in part with federal funds, the source code and all associated software and related documentation and materials owned by a Customer may be shared with other publicly funded agencies at the discretion of such Customer without permission from or additional compensation to the Supplier.

13 Hosting Services

- 13.1** If Supplier or its subcontractor, affiliate or any other person or entity providing products or services under the Contract Hosts Customer Data in connection with an Acquisition, the provisions of Appendix 1, attached hereto and incorporated herein, apply to such Acquisition.

13.2 If the Hosting of Customer Data by Supplier or its subcontractor, affiliate or any other person or entity providing products or services under the Contract contributes to or directly causes a Data Breach, Supplier shall be responsible for the obligations set forth in Appendix 1 related to breach reporting requirements and associated costs. Likewise if such Hosting contributes to or directly causes a Security Incident, Supplier shall be responsible for the obligations set forth in Appendix 1, as applicable.

14 Change Management

When a scheduled change is made to products or services provided to a Customer that impacts the Customer's system related to such product or service, Supplier shall provide two (2) weeks' prior written notice of such change. When the change is an emergency change, Supplier shall provide twenty-four (24) hours' prior written notice of the change. Repeated failure to provide such notice may be an evaluation factor (as indicative of Supplier's past performance) upon renewal or if future bids submitted by Supplier are evaluated by the State.

15 Service Level Deficiency

In addition to other terms of the Contract, in instances of the Supplier's repeated failure to provide an acceptable level of service or meet service level agreement metrics, service credits shall be provided by Supplier and may be used as an offset to payment due.

16 Notices

In addition to notice requirements under the terms of the Contract otherwise, the following individuals shall also be provided the request, approval or notice, as applicable:

Appendix 1 to State of Oklahoma Information Technology Terms

The parties agree to the following provisions in connection with any Customer Data accessed, processed or stored by or on behalf of the Supplier and the obligations, representations and warranties set forth below shall continue as long as the Supplier has an obligation under the Contract

A. Customer Data

1. Customer will be responsible for the accuracy and completeness of all Customer Data provided to Supplier by Customer. Customer shall retain exclusive ownership of all Customer Data. Non-Public Data and Personal Data shall be deemed to be Customer's confidential information. Supplier shall restrict access to Customer Data to their employees with a need to know (and advise such employees of the confidentiality and non-disclosure obligations assumed herein).
2. Supplier shall promptly notify the Customer upon receipt of any requests from unauthorized third parties which in any way might reasonably require access to Customer Data or Customer's use of the Hosted environment. Supplier shall notify the Customer by the fastest means available and also in writing pursuant to Contract notice provisions and the notice provision herein. Except to the extent required by law, Supplier shall not respond to subpoenas, service or process, Freedom of Information Act or other open records requests, and other legal request related to Customer without first notifying the Customer and obtaining the Customer's prior approval, which shall not be unreasonably withheld, of Supplier's proposed responses. Supplier agrees to provide its completed responses to the Customer with adequate time for Customer review, revision and approval.
3. Supplier will use commercially reasonable efforts to prevent the loss of or damage to Customer Data in its possession and will maintain commercially reasonable back-up procedures and copies to facilitate the reconstruction of any Customer Data that may be lost or damaged by Supplier. Supplier will promptly notify Customer of any loss, damage to, or unauthorized access of Customer Data. Supplier will use commercially reasonable efforts to reconstruct any Customer Data that has been lost or damaged by Supplier as a result of its negligence or willful misconduct. If Customer Data is lost or damaged for reasons other than as a result of Supplier's negligence or willful misconduct, Supplier, at the Customer's expense, will, at the request of the State, use commercially reasonable efforts to reconstruct any Customer Data lost or damaged.

B. Data Security

1. Supplier will use commercially reasonable efforts, consistent with industry standards, to provide security for the Hosted environment and Customer Data and to protect against both unauthorized access to the Hosting environment, and unauthorized communications between the Hosting environment and the Customer's browser. Supplier shall implement and maintain appropriate administrative, technical and organizational security measures to safeguard against unauthorized access, disclosure or theft of Personal Data and Non-Public

Data. Such security measures shall be in accordance with recognized industry practice and not less stringent than the measures the service provider applies to its own personal data and non-public data of similar kind.

2. All Personal Data and Non-public Data shall be encrypted at rest and in transit with controlled access. Unless otherwise stipulated, the service provider is responsible for encryption of Personal Data.
3. Supplier represents and warrants to the Customer that the Hosting equipment and environment will be routinely checked with a commercially available, industry standard software application with up-to-date virus definitions. Supplier will regularly update the virus definitions to ensure that the definitions are as up-to-date as is commercially reasonable. Supplier will promptly purge all viruses discovered during virus checks. If there is a reasonable basis to believe that a virus may have been transmitted to Customer by Supplier, Supplier will promptly notify Customer of such possibility in a writing that states the nature of the virus, the date on which transmission may have occurred, and the means Supplier has used to remediate the virus. Should the virus propagate to Customer's IT infrastructure, Supplier is responsible for costs incurred by Customer for Customer to remediate the virus.
4. Supplier shall provide its services to Customer and its users solely from data centers in the U.S. Storage of Customer Data at rest shall be located solely in data centers in the U.S. Supplier shall not allow its personnel or contractors to store Customer Data on portable devices, including personal computers, except for devices that are used and kept only at its U.S. data centers. Supplier shall permit its personnel and contractors to access Customer Data remotely only as required to fulfill Supplier's obligations under the Contract.
5. Supplier shall allow the Customer to audit conformance to the Contract terms. The Customer may perform this audit or contract with a third party at its discretion and at Customer's expense.
6. Supplier shall perform an independent audit of its data centers at least annually at its expense and provide a redacted version of the audit report upon request. Supplier may remove its proprietary information from the redacted version. A Service Organization Control (SOC) 2 audit report or approved equivalent sets the minimum level of a third-party audit.
7. Any remedies provided in this Appendix are not exclusive and are in addition to other rights and remedies available under the terms of the Contract, at law or in equity.

C. Security Assessment

1. The State requires any entity or third-party Supplier Hosting Oklahoma Customer Data to submit to a State Certification and Accreditation Review process to assess initial security risk. Supplier submitted to the review and met the State's minimum security standards at time the Contract was executed. Failure to maintain the State's minimum security standards

during the term of the contract, including renewals, constitutes a material breach. Upon request, the Supplier shall provide updated data security information in connection with a potential renewal. If information provided in the security risk assessment changes, Supplier shall promptly notify the State and include in such notification the updated information; provided, however, Supplier shall make no change that results in lessened data protection or increased data security risk. Failure to provide the notice required by this section or maintain the level of security required in the Contract constitutes a material breach by Supplier and may result in a whole or partial termination of the Contract.

2. Any Hosting entity change must be approved in writing prior to such change. To the extent Supplier requests a different sub-contractor than the third-party Hosting Supplier already approved by the State, the different sub-contractor is subject to the State's approval. Supplier agrees not to migrate State's data or otherwise utilize the different third-party Hosting Supplier in connection with key business functions that are Supplier's obligations under the contract until the State approves the third-party Hosting Supplier's State Certification and Accreditation Review, which approval shall not be unreasonably withheld or delayed. In the event the third-party Hosting Supplier does not meet the State's requirements under the State Certification and Accreditation Review, Supplier acknowledges and agrees it will not utilize the third-party Supplier in connection with key business functions that are Supplier's obligations under the contract, until such third party meets such requirements.

D. Security Incident or Data Breach Notification: Supplier shall inform Customer of any Security Incident or Data Breach.

1. Supplier may need to communicate with outside parties regarding a Security Incident, which may include contacting law enforcement, fielding media inquiries and seeking external expertise as mutually agreed upon, defined by law or contained in the Contract. If a Security Incident involves Customer Data, Supplier will coordinate with Customer prior to any such communication.
2. Supplier shall report a Security Incident to the Customer identified contact set forth herein within five (5) days of discovery of the Security Incident or within a shorter notice period required by applicable law or regulation (i.e. HIPAA requires notice to be provided within 24 hours).
3. Supplier shall:
 - a. Maintain processes and procedures to identify, respond to and analyze Security Incidents;
 - b. Make summary information regarding such procedures available to Customer at Customer's request;
 - c. Mitigate, to the extent practicable, harmful effects of Security Incidents that are known to Supplier; and

d. Document all Security Incidents and their outcomes.

4. If Supplier has reasonable belief or actual knowledge of a Data Breach, Supplier shall (1) promptly notify the appropriate Customer identified contact set forth herein within 24 hours or sooner, unless shorter time is required by applicable law, and (2) take commercially reasonable measures to address the Data Breach in a timely manner.

E. Breach Responsibilities: This section only applies when a Data Breach occurs with respect to Personal Data or Non-Public Data within the possession or control of Supplier.

1. Supplier shall (1) cooperate with Customer as reasonably requested by Customer to investigate and resolve the Data Breach, (2) promptly implement necessary remedial measures, if necessary, and (3) document responsive actions taken related to the Data Breach, including any post-incident review of events and actions taken to make changes in business practices in providing the services, if necessary.
2. Unless otherwise stipulated, if a Data Breach is a direct result of Supplier's breach of its obligation to encrypt Personal Data and Non-Public Data or otherwise prevent its release, Supplier shall bear the costs associated with (1) the investigation and resolution of the Data Breach; (2) notifications to individuals, regulators or others required by state law; (3) credit monitoring services required by state or federal law; (4) a website or toll-free numbers and call center for affected individuals required by state law – all not to exceed the agency per record per person cost calculated for data breaches in the United States on the most recent Cost of Data breach Study: Global Analysis published by the Ponemon Institute at the time of the data breach; and (5) complete all corrective actions as reasonably determined by Supplier based on root cause.
3. If a Data Breach is a direct result of Supplier's breach of its obligations to encrypt Personal Data and Non-Public Data or otherwise prevent its release, Supplier shall indemnify and hold harmless the Customer against all penalties assessed to Indemnified Parties by governmental authorities in connection with the Data Breach.

F. Notices

In addition to notice requirements under the terms of the Contract and those set forth above, a request, an approval or a notice in connection with this Appendix provided by Supplier shall be provided to:

Chief Information Security Officer

3115 N. Lincoln Blvd

Oklahoma City, OK 73105

and

servicedesk@omes.ok.gov.

G. Supplier Representations and Warranties

Supplier represents and warrants the following:

1. The product and services provided in connection with Hosting services do not infringe a third party's patent or copyright or other intellectual property rights.
2. Supplier will protect Customer's Non-Public Data and Personal Data from unauthorized dissemination and use with the same degree of care that each such party uses to protect its own confidential information and, in any event, will use no less than a reasonable degree of care in protecting such confidential information.
3. The execution, delivery and performance of the Contract and any ancillary documents and the consummation of the transactions contemplated by the Contract or any ancillary documents by Supplier will not violate, conflict with, or result in a breach of any provision of, or constitute a default (or an event which, with notice or lapse of time or both, would constitute a default) under, or result in the termination of, any written contract or other instrument between Supplier and any third parties retained or utilized by Supplier to provide goods or services for the benefit of the Customer.
4. Supplier shall not knowingly upload, store, post, e-mail or otherwise transmit, distribute, publish or disseminate to or through the Hosting environment any material that contains software viruses, malware or other surreptitious code designed to interrupt, destroy or limit the functionality of any computer software or hardware or telecommunications equipment or circumvent any "copy-protected" devices, or any other harmful or disruptive program.

H. Indemnity

Supplier agrees to defend, indemnify and hold the State, its officers, directors, employees, and agents harmless from all liabilities, claims, damages, losses, costs, expenses, demands, suits and actions (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification), excluding damages that are the sole fault of Customer, arising from or in connection with Supplier's breach of its express representations and warranties in these Information Technology Terms and the Contract. If a third party claims that any portion of the products or services provided by Supplier under the terms of another Contract Document or these Information Technology Terms infringes that party's patent or copyright, Supplier shall defend, indemnify and hold harmless the State and Customer against the claim at Supplier's expense and pay all related costs, damages, and attorney's fees incurred by or assessed to, the State and/or Customer. The State and/or Customer shall promptly notify Supplier of any third party claims and to the extent authorized by the Attorney General of the State, allow Supplier to control the defense and any related settlement negotiations. If the Attorney General of the State does not authorize sole control of the defense and settlement negotiations to Supplier, Supplier shall be granted authorization to equally participate in any proceeding related to this section but Supplier shall remain responsible to indemnify Customer and the State for all associated costs, damages and fees incurred by or assessed to the State and/or Customer. Should the software become, or in Supplier's

opinion, be likely to become the subject of a claim or an injunction preventing its use as contemplated in connection with Hosting services, Supplier may, at its option (i) procure for the State the right to continue using the software or (ii) replace or modify the software with a like or similar product so that it becomes non-infringing.

I. Termination, Expiration and Suspension of Service

1. During any period of service suspension, Supplier shall not take any action to intentionally disclose, alter or erase any Customer Data.

2. In the event of a termination or expiration of the Contract, the parties further agree:

Supplier shall implement an orderly return of Customer Data in a format specified by the Customer and, as determined by the Customer:

a. return the Customer Data to Customer at no additional cost, at a time agreed to by the parties and the subsequent secure disposal of State Data;

b. transitioned to a different Supplier at a mutually agreed cost and in accordance with a mutually agreed data transition plan and the subsequent secure disposal of State Data or

c. a combination of the two immediately preceding options.

3. Supplier shall not take any action to intentionally erase any Customer Data for a period of:

a. 10 days after the effective date of termination, if the termination is in accordance with the contract period;

b. 30 days after the effective date of termination, if the termination is for convenience; or

c. 60 days after the effective date of termination, if the termination is for cause.

After such period, Supplier shall, unless legally prohibited or otherwise stipulated, delete all Customer Data in its systems or otherwise in its possession or under its control.

4. The State shall be entitled to any post termination or expiration assistance generally made available with respect to the services.

5. Disposal by Supplier of Customer Data in all of its forms, such as disk, CD/DVD, backup tape and paper, when requested by the Customer, shall be performed in a secure manner. Data shall be permanently deleted and shall not be recoverable, according to National Institute of Standards and Technology (NIST)-approved methods. Certificates of destruction shall be provided to Customer within thirty (30) calendar day of its request for disposal of data.

Appendix 2 to State of Oklahoma Information Technology Terms

INTRODUCTION

The use and maintenance of all items of software or equipment offered for purchase herein must be in compliance with the most current version of the U.S. Department of Justice, Federal Bureau of Investigation (“FBI”), Criminal Justice Information Services (CJIS) Division’s CJIS Security Policy (“CJIS Security Policy” or “Security Policy” herein).

The Entity or Affiliate acquiring the data or system is hereby ultimately responsible for compliance with the CJIS Security Policy and will be subject to an audit by the State of Oklahoma CJIS Systems Officer (“CSO”) and the FBI CJIS Division’s Audit Staff.

CJIS SECURITY POLICY REQUIREMENTS GENERALLY

The CJIS Security Policy outlines a number of administrative, procedural, and technical controls agencies must have in place to protect Criminal Justice Information (“CJI”). Our experience is that agencies will generally have many of the administrative and procedural controls in place but will need to implement additional technical safeguards in order to be in complete compliance with the mandate. A Criminal Justice Agency (“CJA”) and certain other governmental agencies procuring technology equipment and services that could be used in hosting or connecting or transmitting or receiving CJI data may need to use the check list herein to make sure that the software, equipment, location, security, and persons having the ability to access CJI will meet the CJIS requirements per the then current CJIS Security Policy. A completed Appendix H to said Security Policy will need to be signed by Vendor or a 3rd party if it has access to CJI, such as incident to the maintenance or support of the purchased hardware or software within which resides CJI. **Per Appendix “A” to said Security Policy, “access to CJI is the physical or logical (electronic) ability, right or privilege to view, modify or make use of CJI.”**

DIRECTIVE CONCERNING ACCESS TO CRIMINAL JUSTICE INFORMATION AND TO HARDWARE OR SOFTWARE WHICH INTERACTS WITH CJI and CERTIFICATION

The FBI CJIS Division provides state-of-the-art identification and information services to the local, state, tribal, federal, and international criminal justice communities for criminal justice purposes, as well as the noncriminal justice communities for noncriminal justice purposes.

This Directive primarily concerns access to CJI and access to hardware and software in the use, retention, transmission, reception, and hosting of CJI for criminal justice purposes and not for noncriminal justice purposes. In that regard, this Directive is not only applicable to such data, but also to the hardware and software interacting with such data, their location(s), and persons having the ability to access such data. The CJIS data applicable to the Security Policy is the data described as such in said Policy **plus all data transmitted over the Oklahoma Law Enforcement Telecommunications System (“OLETS”) which is operated by DPS.**

In order to have access to CJI or to the aforesaid hardware or software, the vendor must be familiar with the FBI CJIS Security Policy, including but not limited to the following portions of said Security Policy:

1. the Definitions and Acronyms in §3 & Appendices “A” & “B”;

2. the general policies in §4;
3. the Policies in §5;
4. the appropriate forms in Appendices “D”, “E”, “F” & “H”; and
5. the Supplemental Guidance in Appendices “J” & “K”.

This FBI Security Policy is located and may be downloaded at: <https://www.fbi.gov/services/cjis/cjis-security-policy-resource-center>.

By executing the Contract to which this Directive is attached, the vendor hereby CERTIFIES that the foregoing directive has and will be followed, including but not limited to full compliance with the FBI CJIS Security Policy, as amended and as applicable.

Schedule C – Cloud Services – Public Sector

Oracle America, Inc. 500 Oracle Parkway Redwood Shores, CA 94065	("Oracle", "we", "us", or "our")
--	----------------------------------

Your Name ("You"):	State of Oklahoma, by and through the Office of Management and Enterprise
General Terms Reference:	US-GMA-80421183
Schedule Reference:	US-GMA-80421183

This Public Sector Cloud Services Schedule (this "Schedule C") is a Schedule to the General Terms Agreement ("General Terms") referenced above. This Schedule C shall coterminate with the General Terms; provided that each ordering document issued and executed under the General Terms and this Schedule C shall continue to be in full force and effect, and the terms of the General Terms and this Schedule C shall continue to apply thereto, in each case, unless and until such ordering document has expired or been terminated. For purposes of the Services under this Schedule C, the General Terms (including Attachments B and D) and this Schedule C constitute, collectively, the "Master Agreement"; other Schedules to the General Terms, such as Schedule P (Program Schedule), do not apply to the Services ordered under this Schedule C. As used in this Schedule C, "You" or "Your" shall refer to the Customer placing an order under the General Terms and this Schedule C.

1. USE OF THE SERVICES

1.1 Oracle will make the Oracle services listed in Your order (the "Services") available to You pursuant to the Master Agreement and Your order. Except as otherwise stated in the Master Agreement or Your order, You have the non-exclusive, worldwide, limited right to use the Services during the period defined in Your order, unless earlier terminated in accordance with the Master Agreement or Your order (the "Services Period"), solely for Your internal business operations. You may allow Your Users (as defined below) to use the Services for this purpose, and You are responsible for their compliance with the Master Agreement and Your order.

1.2 The Service Specifications describe and govern the Services. During the Services Period, we may update the Services and Service Specifications (with the exception of the Data Processing Agreement as described below) to reflect changes in, among other things, laws, regulations, rules, technology, industry practices, patterns of system use, and availability of Third Party Content (as defined below). Oracle updates to the Services or Service Specifications will not materially reduce the level of performance, functionality, security or availability of the Services during the Services Period of Your order.

1.3 You may not, and may not cause or permit others to: (a) use the Services to harass any person; cause damage or injury to any person or property; publish any material that is false, defamatory, harassing or obscene; violate privacy rights; promote bigotry, racism, hatred or harm; send unsolicited bulk e-mail, junk mail, spam or chain letters; infringe property rights; or otherwise violate applicable laws, ordinances or regulations; (b) perform or disclose any benchmarking or availability testing of the Services; (c) perform or disclose any performance or vulnerability testing of the Services without Oracle's prior written approval, or perform or disclose network discovery, port and service identification, vulnerability scanning, password cracking, or remote access testing of the Services; or (d) use the Services to perform cyber currency or crypto currency mining ((a) through (d) collectively, the "Acceptable Use Policy"). In addition to other rights that we have in the Master Agreement and Your order, we have the right to take remedial action if the Acceptable Use Policy is violated, and such remedial action may include removing or disabling access to material that violates the policy.

2. FEES AND PAYMENT

2.1 Once placed, Your order is non-cancelable and the sums paid nonrefundable, except as provided in the Master Agreement or Your order. Fees for services listed in an order are exclusive of taxes and expenses, unless expressly stated otherwise in Your order. Pursuant to 68 O.S. §§ 1352, 1356, and 1404, State agencies are exempt from the assessment of State sales, use, and excise taxes. Further, State agencies and political subdivisions of the State are exempt from Federal Excise Taxes pursuant to Title 26 of the United States Code.

Attachment E-1

2.2 If You exceed the quantity of Services ordered, then You promptly must purchase and pay fees for the excess quantity.

3. OWNERSHIP RIGHTS AND RESTRICTIONS

3.1 You or Your licensors retain all ownership and intellectual property rights in and to Your Content (as defined below). We or our licensors retain all ownership and intellectual property rights in and to the Services, derivative works thereof, and anything developed or delivered by or on behalf of us under the Master Agreement. For the avoidance of doubt, the Services shall not include development or modification of customized computer software within the meaning of 62 O.S. 34.31.

3.2 You may have access to Third Party Content through use of the Services. Unless otherwise stated in Your order, all ownership and intellectual property rights in and to Third Party Content and the use of such content is governed by separate third party terms between You and the third party.

3.3 You grant us the right to host, use, process, display and transmit Your Content as necessary to provide the Services pursuant to and in accordance with the Master Agreement and Your order. You have sole responsibility for the accuracy, quality, integrity, legality, reliability, and appropriateness of Your Content, and for obtaining all rights related to Your Content required by Oracle to perform the Services.

3.4 You may not, and may not cause or permit others to: (a) modify, make derivative works of, disassemble, decompile, reverse engineer, reproduce, republish, download or copy any part of the Services (including data structures or similar materials produced by programs); (b) access or use the Services to build or support, directly or indirectly, products or services competitive to Oracle; or (c) license, sell, transfer, assign, distribute, outsource, permit timesharing or service bureau use of, commercially exploit, or make available the Services to any third party except as permitted by the Master Agreement or Your order.

4. NONDISCLOSURE

Your Content residing in the Services will be considered Confidential Information subject to the terms of this section, Section 11 of the General Terms and Your order. Oracle will protect the confidentiality of Your Content residing in the Services for as long as such information resides in the Services. Oracle will protect the confidentiality of Your Content residing in the Services in accordance with the Oracle security practices defined as part of the Service Specifications applicable to Your order.

5. PROTECTION OF YOUR CONTENT

5.1 In order to protect Your Content provided to Oracle as part of the provision of the Services, Oracle will comply with the applicable administrative, physical, technical and other safeguards, and other applicable aspects of system and content management, available at <http://www.oracle.com/us/corporate/contracts/cloud-services/index.html>.

5.2 To the extent Your Content includes Personal Information (as that term is defined in the applicable data privacy policies and the Data Processing Agreement (as that term is defined below)), Oracle will furthermore comply with the following:

- a. the relevant Oracle privacy policies applicable to the Services, available at <http://www.oracle.com/us/legal/privacy/overview/index.html>; and
- b. the *Data Processing Agreement for Oracle Services* (the "Data Processing Agreement"), which is attached hereto as Exhibit A and is incorporated herein by reference, unless stated otherwise in Your order. In the event of any conflict between the terms of the Data Processing Agreement and the terms of the Service Specifications (including any applicable Oracle privacy policies), the terms of the Data Processing Agreement shall take precedence.

The Oracle Services Privacy Policy, current as of the Effective Date of the Master Agreement, is attached hereto as Exhibit B. The Oracle Services Privacy Policy is subject to change, but such changes will not materially reduce the level of security of Your Content.

Attachment E-1

5.3 Without prejudice to Sections 5.1 and 5.2 above, You are responsible for (a) any required notices, consents and/or authorizations related to Your provision of, and our processing of, Your Content (including any Personal Information) as part of the Services, (b) any security vulnerabilities, and the consequences of such vulnerabilities, arising from Your Content, including any viruses, Trojan horses, worms or other harmful programming routines contained in Your Content, and (c) any use by You or Your Users of the Services in a manner that is inconsistent with the terms of the Master Agreement. To the extent You disclose or transmit Your Content to a third party, we are no longer responsible for the security, integrity or confidentiality of such content outside of Oracle's control.

5.4 Unless otherwise specified in Your order (including in the Service Specifications), Your Content may not include any sensitive or special data that imposes specific data security or data protection obligations on Oracle in addition to or different from those specified in the Service Specifications. If available for the Services, You may purchase additional services from us (e.g., Oracle Payment Card Industry Compliance Services) designed to address specific data security or data protection requirements applicable to such sensitive or special data You seek to include in Your Content.

6. WARRANTIES, DISCLAIMERS AND EXCLUSIVE REMEDIES

6.1 Each party represents that it has validly entered into the Master Agreement and that it has the power and authority to do so. We warrant that during the Services Period, we will perform the Services using commercially reasonable care and skill in all material respects as described in the Service Specifications. If the Services provided to You were not performed as warranted, You must promptly provide us with a written notice that describes the deficiency in the Services (including, as applicable, the service request number notifying us of the deficiency in the Services).

6.2 WE DO NOT WARRANT THAT THE SERVICES WILL BE PERFORMED ERROR-FREE OR UNINTERRUPTED, THAT WE WILL CORRECT ALL SERVICES ERRORS, OR THAT THE SERVICES WILL MEET YOUR REQUIREMENTS OR EXPECTATIONS. WE ARE NOT RESPONSIBLE FOR ANY ISSUES RELATED TO THE PERFORMANCE, OPERATION OR SECURITY OF THE SERVICES THAT ARISE FROM YOUR CONTENT OR THIRD PARTY CONTENT OR SERVICES PROVIDED BY THIRD PARTIES.

6.3 FOR ANY BREACH OF THE SERVICES WARRANTY, YOUR EXCLUSIVE REMEDY AND OUR ENTIRE LIABILITY SHALL BE THE CORRECTION OF THE DEFICIENT SERVICES THAT CAUSED THE BREACH OF WARRANTY, OR, IF WE CANNOT SUBSTANTIALLY CORRECT THE DEFICIENCY IN A COMMERCIALY REASONABLE MANNER, YOU MAY END THE DEFICIENT SERVICES AND WE WILL REFUND TO YOU THE FEES PAID FOR THE DEFICIENT SERVICES FOR THE PERIOD OF TIME DURING WHICH THE SERVICES WERE DEFICIENT.

6.4 TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS INCLUDING FOR SOFTWARE, HARDWARE, SYSTEMS, NETWORKS OR ENVIRONMENTS OR FOR MERCHANTABILITY, SATISFACTORY QUALITY AND FITNESS FOR A PARTICULAR PURPOSE.

7. INTENTIONALLY OMITTED

8. INTENTIONALLY OMITTED

9. TERM AND TERMINATION

9.1 Services shall be provided for the Services Period defined in Your order. Notwithstanding anything to the contrary in the Service Specifications, the Services You order will not be automatically renewed.

We may suspend Your or Your Users' access to, or use of, the Services if we believe that: (a) there is a significant threat to the functionality, security, integrity, or availability of the Services or any content, data, or applications in the Services; (b) You or Your Users are accessing or using the Services to commit an illegal act; or (c) there is a violation of the Acceptable Use Policy. When reasonably practicable and lawfully permitted, we will provide You with advance notice of any such suspension. We will use reasonable efforts to re-establish the Services promptly after we determine that the issue causing the suspension has been resolved. During any suspension period, we will make Your Content (as it existed on the suspension date) available to You. Any suspension under this section shall not excuse You from Your obligation to make payments under the Master

Attachment E-1

Agreement; as Oracle will continue to provide certain Services during the period of suspension, including the protection and security of Your Content as provided herein.

9.2 Intentionally omitted.

9.3 Intentionally omitted.

9.4 At the end of the Services Period, we will make Your Content (as it existed at the end of the Services Period) available for retrieval by You during a retrieval period set out in the Service Specifications. As provided in the Cloud Hosting and Delivery policies and except as otherwise provided in the Services Specifications, for a period of 60 days upon termination of the Oracle Cloud Services, Oracle will make available, via secure protocols and in a structured, machine-readable format, Your Content residing in the production Cloud Services environment, or keep the service system accessible, for the purpose of data retrieval by You.. At the end of such retrieval period, and except as may be required by law, we will delete or otherwise render unrecoverable any of Your Content that remains in the Services. Our data deletion practices are described in more detail in the Service Specifications.

10. THIRD-PARTY CONTENT, SERVICES AND WEBSITES

10.1 The Services may enable You to link to, transfer Your Content or Third Party Content to, or otherwise access third parties' websites, platforms, content, products, services, and information ("Third Party Services"). Oracle does not control and is not responsible for such Third Party Services. You are solely responsible for complying with the terms of access and use of Third Party Services, and if Oracle accesses or uses any Third Party Services on Your behalf to facilitate performance of the Services, You are solely responsible for ensuring that such access and use, including through passwords, credentials or tokens issued or otherwise made available to You, is authorized by the terms of access and use for such services. If You transfer or cause the transfer of Your Content or Third Party Content from the Services to a Third Party Service or other location, that transfer constitutes a distribution by You and not by Oracle.

10.2 Any Third Party Content we make accessible is provided on an "as-is" and "as available" basis without any warranty of any kind. You acknowledge and agree that we are not responsible for, and have no obligation to control, monitor, or correct, Third Party Content. We disclaim all liabilities arising from or related to Third Party Content.

10.3 You acknowledge that: (i) the nature, type, quality and availability of Third Party Content may change at any time during the Services Period; and (ii) features of the Services that interoperate with Third Party Services such as Facebook™, YouTube™ and Twitter™, etc. ,depend on the continuing availability of such third parties' respective application programming interfaces (APIs). We may need to update, change or modify the Services under the Master Agreement as a result of a change in, or unavailability of, such Third Party Content, Third Party Services or APIs. If any third party ceases to make its Third Party Content or APIs available on reasonable terms for the Services, as determined by us in our sole discretion, we may cease providing access to the affected Third Party Content or Third Party Services without any liability to You. Any changes to Third Party Content, Third Party Services or APIs, including their unavailability, during the Services Period does not affect Your obligations under the Master Agreement or the applicable order, and You will not be entitled to any refund, credit or other compensation due to any such changes.

11. SERVICE MONITORING, ANALYSES AND ORACLE SOFTWARE

11.1 We continuously monitor the Services to facilitate Oracle's operation of the Services; to help resolve Your service requests; to detect and address threats to the functionality, security, integrity, and availability of the Services as well as any content, data, or applications in the Services; and to detect and address illegal acts or violations of the Acceptable Use Policy. Oracle monitoring tools do not collect or store any of Your Content residing in the Services, except as needed for such purposes. Oracle does not monitor, and does not address issues with, non-Oracle software provided by You or any of Your Users that is stored in, or run on or through, the Services. Information collected by Oracle monitoring tools (excluding Your Content) may also be used to assist in managing Oracle's product and service portfolio, to help Oracle address deficiencies in its product and service offerings, and for license management purposes.

11.2 We may (i) compile statistical and other information related to the performance, operation and use of the Services, and (ii) use data from the Services in aggregated form for security and operations management, to create statistical analyses, and for research and development purposes (clauses i and ii are

Attachment E-1

collectively referred to as "Service Analyses"). We retain all intellectual property rights in Service Analyses. For the avoidance of doubt, nothing in this Schedule C shall be deemed to transfer or otherwise assign to Oracle Your ownership rights in and to Your Content or Your Applications.

11.3 We may provide You with the ability to obtain certain Oracle Software (as defined below) for use with the Services. If we provide Oracle Software to You and do not specify separate terms for such software, then such Oracle Software is provided as part of the Services and You have the non-exclusive, royalty free, worldwide, limited right to use such Oracle Software, subject to the terms of the Master Agreement and Your order), solely to facilitate Your use of the Services. You may allow Your Users to use the Oracle Software for this purpose, and You are responsible for their compliance with the license terms. Your right to use any Oracle Software will terminate upon the earlier of 30 days after Oracle's notice (by web posting or otherwise) or the end of the Services associated with the Oracle Software. Notwithstanding the foregoing, if Oracle Software is licensed to You under separate terms, then Your use of such software is governed by the separate terms. Your right to use any part of the Oracle Software that is licensed under the separate terms is not restricted in any way by the Master Agreement.

12. ADDITIONAL EXPORT TERMS

You acknowledge that the Services are designed with capabilities for You and Your Users to access the Services without regard to geographic location and to transfer or otherwise move Your Content between the Services and other locations such as User workstations. You are solely responsible for the authorization and management of User accounts across geographic locations, as well as export control and geographic transfer of Your Content.

13. ADDITIONAL NOTICE TERMS

13.1 Any notice required under the Master Agreement shall be provided to the other party in writing as specified in the General Terms.

13.2 We may give notices applicable to our Services customers by means of a general notice on the Oracle portal for the Services, and notices specific to You by electronic mail to Your e-mail address on record in our account information or by written communication sent by first class mail or pre-paid post to Your address on record in our account information.

14. OTHER

14.1 We are an independent contractor, and each party agrees that no partnership, joint venture, or agency relationship exists between the parties.

14.2 Our business partners and other third parties, including any third parties with which the Services have integrations or that are retained by You to provide consulting services, implementation services or applications that interact with the Services, are independent of Oracle and are not Oracle's agents. We are not liable for, bound by, or responsible for any problems with the Services or Your Content arising due to any acts of any such business partner or third party, unless the business partner or third party is providing Services as our subcontractor on an engagement ordered under the Master Agreement and, if so, then only to the same extent as we would be responsible for our resources under the Master Agreement.

14.3 Prior to entering into an order governed by the Master Agreement, You are solely responsible for determining whether the Services meet Your technical, business or regulatory requirements. Oracle will cooperate with Your efforts to determine whether use of the standard Services are consistent with those requirements. Additional fees may apply to any additional work performed by Oracle or changes to the Services. You remain solely responsible for Your regulatory compliance in connection with Your use of the Services.

14.4 Upon forty-five (45) days written notice and no more than once every twelve (12) months, Oracle may audit Your use of Cloud Services to ensure Your use of the Cloud Services is in compliance with the terms of the applicable order and the Master Agreement. Any such audit shall not unreasonably interfere with Your normal business operations. Oracle shall comply with reasonable security and safety rules, policies, and procedures ("security rules") while performing any such audit, provided that (i) such security rules are applicable to the performance of the audit; (ii) You make such security rules available to Oracle prior to the commencement

Attachment E-1

of the audit; and (iii) such security rules do not modify or amend the terms and conditions of this Master Agreement or the applicable order(s).

You agree to cooperate with Oracle's audit and to provide reasonable assistance and access to information reasonably requested by Oracle.

The performance of the audit and data obtained during the audit (including findings or reports that result from the audit) shall be subject to the provisions of section 4 (Nondisclosure) of this Schedule C.

Any usage in excess of Your rights under the applicable order(s) shall be considered a change to the scope of services of the applicable order(s) and You shall be responsible for paying the additional fees related to use of the Services in excess of Your rights. You agree that Oracle shall not be responsible for any of Your costs incurred in cooperating with the audit.

If You in good faith provide Oracle with written notice of an alleged error in the amount of underpaid fees due Oracle as a result of an audit under this section (the "dispute"), then the parties will endeavor to resolve the dispute in accordance with this paragraph. Each party will appoint a Vice President (or equivalent level) to discuss the dispute and no formal proceedings for the judicial resolution of such dispute, except for the seeking of equitable relief, may begin until either Vice President (or equivalent level) concludes, after a good faith effort to resolve the dispute, that resolution through continued discussion is unlikely. The party concluding that resolution through continued discussion is unlikely will provide notice thereof to the other party. In addition, the parties shall refrain from exercising any termination right and shall continue to perform their respective obligations under the General Terms, this Schedule C and the applicable ordering document(s), while they endeavor to resolve the dispute under this paragraph.

14.5 It is expressly agreed that the terms of the Master Agreement and any Oracle order shall supersede the terms in any purchase order, procurement internet portal, or other similar non-Oracle document and no terms included in any such purchase order, portal, or other non-Oracle document shall apply to the Services ordered. In the event of any inconsistencies between the terms of an order and the Master Agreement, the order shall take precedence except as otherwise provided by Section 2.2 of the Master Agreement; however, unless expressly stated otherwise in an order, the terms of the Data Processing Agreement shall take precedence over any inconsistent terms in an order. The Master Agreement and orders hereunder may not be modified and the rights and restrictions may not be altered or waived except in a writing signed or accepted online by authorized representatives of You and of Oracle; however, Oracle may update the Service Specifications, including by posting updated documents on Oracle's websites. No third party beneficiary relationships are created by the Master Agreement. The Uniform Computer Information Transactions Act does not apply to the Master Agreement or to orders placed under it.

Data Processing Agreement

Data Processing Agreement for Oracle Services

("Data Processing Agreement")

Version January 1, 2023

1. Scope and Applicability

This Data Processing Agreement applies to Oracle's Processing of Personal Information on Your behalf as a Processor for the provision of the Services specified in Your Services Agreement. Unless otherwise expressly stated in Your Services Agreement, this version of the Data Processing Agreement shall be effective and remain in force for the term of Your Services Agreement.

2. Responsibility for Processing of Personal Information and Description of Processing Activities

2.1 You are a Controller and Oracle is a Processor for the Processing of Personal Information as part of the provision of the Services. Each party is responsible for compliance with its respective obligations under Applicable Data Protection Law.

2.2 Oracle will Process Personal Information during the term of the Services Agreement solely for the purpose of providing the Services in accordance with the Services Agreement and this Data Processing Agreement.

2.3 In particular and depending on the Services, Oracle may Process Personal Information for hosting and storage; backup and disaster recovery; service change management; issue resolution; applying new product or system versions, patches, updates and upgrades; monitoring and testing system use and performance; IT security purposes including incident management; maintenance and performance of technical support systems and IT infrastructure; and migration, implementation, configuration and performance testing.

2.4 As part of the provision of the Services and depending on the Services, Oracle may Process Personal Information about Your Individuals, including Your end users, employees, job applicants, contractors, collaborators, partners, suppliers, customers and clients.

2.5 Personal Information about Your Individuals may include, but is not limited to, personal contact information such as name, home address, home telephone or mobile number, fax number, email address, and passwords; information concerning family, lifestyle and social circumstances including age, date of birth, marital status, number of children and name(s) of spouse and/or children; employment details including employer name, job title and function, employment history, salary and other benefits, job performance and other capabilities, education/qualification, identification numbers, and business contact details; financial details; goods and services provided; unique IDs collected from mobile devices, network carriers or data providers; geolocation data; IP addresses and online behavior and interest data.

2.6 Unless otherwise specified in the Services Agreement, You may not provide Oracle with any data that imposes specific data security or data protection obligations on Oracle in addition to or different from those

specified in the Data Processing Agreement or Services Agreement (e.g. certain regulated health or payment card information). If available for the Services, You may purchase additional services from Oracle (e.g., Oracle Payment Card Industry Compliance Services) designed to address specific data security or data protection requirements applicable to sensitive or special data You seek to include in Your Content. You remain responsible for compliance with Your specific regulatory, legal or industry data security obligations which may apply to such data.

2.7 Additional or more specific descriptions of Processing activities may be included in the Services Agreement.

2.8 Oracle is a Service Provider in respect to Personal Information processed in performance of the Services. Oracle will not: (a) Sell or Share any Personal Information; (b) retain, use, or disclose any Personal Information (i) for any purpose other than for the Business Purposes specified in the Services Agreement, including for any Commercial Purpose, or (ii) outside of the direct business relationship between Oracle and You; or (c) combine Personal Information received from or on behalf of You with Personal Information received from or on behalf of any third party, or collected from Oracle's own interaction with Individuals, except to perform a Business Purpose that is permitted by the CCPA and the Services Agreement. Oracle will notify You of its use of Oracle Affiliates and Third Party Subprocessors in accordance with Section 5 of this Data Processing Agreement; and ensure Oracle Affiliates and Third Party Subprocessors are subject to applicable written agreements per Section 5 of this Data Processing Agreement. The parties acknowledge that the Personal Information You disclose to Oracle is provided only for the limited and specified Business Purposes set forth in the Services Agreement. Oracle shall provide the same level of protection to Personal Information as required by the CCPA and as more fully set out in the Services Agreement. You may take such reasonable steps as may be necessary (a) to remediate Oracle's unauthorized use of Personal Information, and (b) to ensure that Personal Information is used in accordance with the terms of this Data Processing Agreement by exercising Your rights under Section 8 of this Data Processing Agreement. Oracle shall notify You if it makes a determination that it is not able to meet its obligations under the CCPA in connection with its provision of the Services.

3. Your Instructions

3.1 In addition to Your instructions incorporated into the Services Agreement, You may provide additional instructions in writing to Oracle with regard to Processing of Personal Information in accordance with Applicable Data Protection Law. Oracle will promptly comply with all such instructions to the extent necessary for Oracle to (i) comply with its Processor obligations under Applicable Data Protection Law; or (ii) assist You to comply with Your Controller obligations under Applicable Data Protection Law relevant to Your use of the Services.

3.2 Oracle will follow Your instructions at no additional cost to You and within the timeframes reasonably necessary for You to comply with your obligations under Applicable Data Protection Law. Oracle will immediately inform You if, in its opinion, Your instruction infringes Applicable Data Protection Law. Oracle is not responsible for providing legal advice to You.

3.3 To the extent Oracle expects to incur additional charges or fees not covered by the fees for Services payable under the Services Agreement, such as additional license or third party contractor fees, it will promptly inform You thereof upon receiving Your instructions. Without prejudice to Oracle's obligation to comply with Your instructions, the parties will then negotiate in good faith with respect to any such charges or fees.

4. Privacy Inquiries and Requests from Individuals

4.1 If You receive a request or inquiry from an Individual related to Personal Information Processed by Oracle under the Services Agreement, including Individual requests to access, delete or erase, restrict, rectify, receive and transmit (data portability), block access to or object to Processing of specific Personal Information, You can securely access Your Services environment that holds Personal Information to address the request. Additional information on how to access the Services to address privacy requests or inquiries from Individuals is available in the applicable Oracle Product or Service Feature Guidance documentation available on My Oracle Support (or other applicable primary support tool or support contact provided for the Services).

4.2 To the extent access to the Services is not available to You or otherwise not responsive to the request or inquiry, You can submit a “service request” via My Oracle Support (or other applicable primary support tool or support contact provided for the Services, such as Your project manager) with detailed written instructions to Oracle on how to assist You with such request.

4.3 If Oracle directly receives any requests or inquiries from Individuals that have identified You as the Controller, it will promptly pass on such requests to You without responding to the Individual. Otherwise, Oracle will advise the Individual to identify and contact the relevant controller(s).

5. Oracle Affiliates and Third Party Subprocessors

5.1 You provide Oracle general written authorization to engage Oracle Affiliates and Third Party Subprocessors as necessary to assist in the performance of the Services.

5.2 To the extent Oracle engages such Third Party Subprocessors and/or Oracle Affiliates, it requires that such entities are subject to the same level of data protection and security as Oracle under the terms of this Data Processing Agreement and Applicable Data Protection Law. You will be entitled, upon written request, to receive copies of the relevant privacy and security terms of Oracle’s agreement with any Third Party Subprocessors and Oracle Affiliates that may Process Personal Information. Oracle remains responsible for the performance of the Oracle Affiliates’ and Third Party Subprocessors’ obligations in compliance with the terms of the Services Agreement.

5.3 Oracle maintains lists of Oracle Affiliates and Third Party Subprocessors that may Process Personal Information. These lists are available via [My Oracle Support](#), Document ID 2121811.1 (or other applicable primary support tool, user interface or contact provided for the Services, such as the [NetSuite Support Portal](#) or Your Oracle project manager). To receive notice of any intended changes to these lists of Oracle Affiliates and Third Party Subprocessors, You can (i) sign up per the instructions on My Oracle Support, Document ID 2288528.1; or (ii) Oracle will provide you notice of intended changes where a sign up mechanism is not available. For ACS and Consulting Services, any additional Third Party Subprocessors that Oracle intends to use will be listed in Your order for ACS or Consulting Services, or in a subsequent “Oracle Subprocessor Notice”, which Oracle will send to you by e-mail as necessary.

5.4 Within thirty (30) calendar days of Oracle providing such notice to You under Section 5.3 above, You may object to the intended involvement of a Third Party Subprocessor or Oracle Affiliate in the performance of the Services by submitting a “service request” via (i) My Oracle Support (or other applicable primary support tool) or (ii) for ACS and Consulting Services, the project manager for the Services. You and Oracle

will work together in good faith to find a mutually acceptable resolution to address such objection, including but not limited to reviewing additional documentation supporting the Third Party Subprocessor's or Oracle Affiliate's compliance with the Data Processing Agreement or Applicable Data Protection Law, or delivering the Services without the involvement of such Third Party Subprocessor. To the extent You and Oracle do not reach a mutually acceptable resolution within a reasonable timeframe, You shall have the right to terminate the relevant Services (i) upon serving thirty (30) days prior notice; (ii) without liability to You or Oracle and (iii) without relieving You from Your payment obligations under the Services Agreement up to the date of termination. If the termination in accordance with this Section 5.4 only pertains to a portion of Services under an order, You will enter into an amendment or replacement order to reflect such partial termination.

6. Cross-border data transfers

6.1 For Cloud Services, Personal Information will be stored in the data center region specified in Your order for such Services or, if applicable, the geographic region that You have selected when activating the production instance of such Services.

6.2 Without prejudice to Section 6.1 above, Oracle may Process Personal Information globally as necessary to perform the Services, such as for support, incident management or data recovery purposes.

6.3 To the extent such global access involves a transfer of Personal Information subject to cross-border transfer restrictions under Applicable European Data Protection Law to countries outside Europe not covered by an adequacy decision, such transfers are subject to (i) Oracle's Binding Corporate Rules for Processors or BCR-p (also referred to as the Oracle Processor Code) and (ii) the terms of Module 2 (Controller to Processor) of the EU Standard Contractual Clauses 2021/914 of 4 June 2021.

The most current version of Oracle's Binding Corporate Rules for Processors (Oracle Processor Code) is available on <https://www.oracle.com/corporate/contracts/cloud-services/contracts.html#data-processing>, and is incorporated by reference into the Services Agreement and this Data Processing Agreement. Oracle has obtained EEA authorization for its Binding Corporate Rules for Processors (Processor Code) and will maintain such authorization for the duration of the Services Agreement. Transfers to Third Party Subprocessors shall be subject to security and data privacy requirements consistent with Oracle's Binding Corporate Rules for Processors (Oracle Processor Code), the terms of Module 2 (Controller to Processor) of the EU Standard Contractual Clauses 2021/914 of 4 June 2021, this Data Processing Agreement and the Services Agreement.

6.4 To the extent such global access involves a transfer of Personal Information subject to cross-border transfer restrictions under Applicable UK Data Protection Law, to countries outside the United Kingdom not covered by an Adequacy Decision by the UK ICO, such transfers are subject to (i) the terms of Module 2 (Controller to Processor) of the EU Standard Contractual Clauses 2021/914 of 4 June 2021 as supplemented by the International Data Transfer Addendum to the EU Commission Standard Contractual Clauses version B1.0 (the "IDTA"), which are incorporated herein by reference; and (ii) when approved by the UK ICO, the approved UK Binding Corporate Rules for Processors, in the form that will be approved by the UK ICO for use in the UK and will be published on Oracle's public websites. The IDTA will be read in conjunction with the Services Agreement and the Data Processing Agreement.

6.5 The parties will review any supplemental measures, which may be required based on applicable Data Protection Law for the transfer of Personal Information to countries that do not offer an adequate level of

protection. The parties will work together in good faith to find a mutually acceptable resolution to address such supplementary measures, including but not limited to reviewing technical documentation for the Services, and discussing additional available technical safeguards and security services.

6.6 To the extent such global access involves a transfer of Personal Information subject to cross-border transfer restrictions under other Applicable Data Protection Laws globally, such transfers shall be subject to (i) for transfers to Oracle Affiliates, the terms of the Oracle Intra-Company Data Transfer and Mandate Agreement, which requires all transfers of Personal Information to be made in compliance with Applicable Data Protection Law and all applicable Oracle security and data privacy policies and standards globally; and (ii) for transfers to Third Party Subprocessors, security and data privacy requirements consistent with the relevant requirements of this Data Processing Agreement and Applicable Data Protection Law.

7. Security and Confidentiality

7.1 Oracle has implemented and will maintain appropriate technical and organizational security measures for the Processing of Personal Information designed to prevent accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to Personal Information. These security measures govern all areas of security applicable to the Services, including physical access, system access, data access, transmission and encryption, input, data backup, data segregation and security oversight, enforcement and other security controls and measures. Additional details regarding the specific security measures that apply to the Services You have ordered are set out in the relevant security practices for these Services:

7.2 All Oracle and Oracle Affiliates employees, and Third Party Subprocessors that Process Personal Information, are subject to appropriate written confidentiality arrangements, including confidentiality agreements, regular training on information protection, and compliance with Oracle policies concerning protection of confidential information.

8. Audit Rights and Assistance with Data Protection Impact Assessments

8.1 You may audit Oracle's compliance with its obligations under this Data Processing Agreement up to once per year, including inspections of the applicable Services data center facility that hosts Personal Information. In addition, to the extent required by Applicable Data Protection Law, You or Your Regulator may perform more frequent audits.

8.2 If You engage a third party auditor, the third party must be mutually agreed to by You and Oracle

(except if such third party is a Regulator). Oracle will not unreasonably withhold its consent to a third party auditor requested by You. The third party must execute a written confidentiality agreement acceptable to Oracle or otherwise be bound by a statutory or legal confidentiality obligation.

8.3 To request an audit, You must submit a detailed proposed audit plan to Oracle at least two weeks in advance of the proposed audit date. The proposed audit plan must describe the proposed scope, duration, and start date of the audit. Oracle will review the proposed audit plan and provide You with any concerns or questions. Oracle will work cooperatively with You to agree on a final audit plan within a reasonable timeframe.

8.4 The audit must be conducted during regular business hours at the applicable facility, subject to the agreed final audit plan and Oracle's health and safety or other relevant policies, and may not unreasonably interfere with Oracle business activities.

8.5 Upon completion of the audit, You will provide Oracle with a copy of the audit report, which is subject to the confidentiality terms of Your Services Agreement. You may use the audit reports only for the purposes of meeting Your regulatory audit requirements and/or confirming compliance with the requirements of this Data Processing Agreement.

8.6 Each party will bear its own costs in relation to the audit, unless Oracle promptly informs you upon reviewing Your audit plan that it expects to incur additional charges or fees in the performance of the audit that are not covered by the fees payable under Your Services Agreement, such as additional license or third party contractor fees. The parties will negotiate in good faith with respect to any such charges or fees.

8.7 Without prejudice to the rights granted in Section 8.1 above, if the requested audit scope is addressed in a SOC, ISO, NIST, PCI DSS, HIPAA or similar audit report issued by a qualified third party auditor within the prior twelve months and Oracle provides such report to You confirming there are no known material changes in the controls audited, You agree to accept the findings presented in the third party audit report in lieu of requesting an audit of the same controls covered by the report.

8.8 You may also request that Oracle audit a Third Party Subprocessor or provide confirmation that such an audit has occurred (or, where available, obtain or assist You in obtaining a third-party audit report concerning the Third Party Subprocessor's operations) to verify compliance with the Third Party Subprocessor's obligations.

8.9 Oracle provides You with information and assistance reasonably necessary for You to conduct Your data protection impact assessments or consult with Your Regulator(s), by granting You electronic access to a record of Processing activities and Oracle Product/Service privacy & security functionality guides for the Services. This information is available via (i) My Oracle Support, Document ID 111.1 or other applicable primary support tool provided for the Services, such as the [NetSuite Support Portal](#), or (ii) upon request, if such access to My Oracle Support (or other primary support tool) is not available to You.

9. Incident Management and Breach Notification

9.1 Oracle has implemented controls and policies designed to detect and promptly respond to incidents that create suspicion of or indicate destruction, loss, alteration, unauthorized disclosure or access to Your Content (as such term is defined in the Services Agreement) transmitted, stored or otherwise Processed. Oracle will promptly define escalation paths to investigate such incidents in order to confirm if an

Information Breach has occurred, and to take reasonable measures designed to identify the root cause(s) of the Information Breach, mitigate any possible adverse effects and prevent a recurrence.

9.2 Oracle will notify you of a confirmed Information Breach without undue delay but at the latest within 24 hours. As information regarding the Information Breach is collected or otherwise reasonably becomes available to Oracle, Oracle will also provide You with (i) a description of the nature and reasonably anticipated consequences of the Information Breach; (ii) the measures taken to mitigate any possible adverse effects and prevent a recurrence; and (iii) where possible, information about the types of information that were the subject of the Information Breach. You agree to coordinate with Oracle on the content of Your intended public statements or required notices for the affected Individuals and/or notices to the relevant Regulators regarding the Information Breach.

10. Return and Deletion of Personal Information

10.1 Upon termination of the Services, Oracle will promptly return, including by providing available data retrieval functionality, and subsequently delete any remaining copies of Personal Information on Oracle systems or Services environments, except as otherwise stated in the Services Agreement.

10.2 For Personal Information held on Your systems or environments, or for Services for which no data retrieval functionality is provided by Oracle as part of the Services, You are advised to take appropriate action to back up or otherwise store separately any Personal Information while the production Services environment is still active prior to termination.

11. Legal Requirements

11.1 Oracle may be required by law to provide access to Personal Information, such as to comply with a subpoena or other legal process, or to respond to government requests, including public and government authorities for national security and/or law enforcement purposes.

11.2 Oracle will promptly inform You of requests to provide access to Personal Information and use reasonable efforts to redirect the authority that made the request to You, unless otherwise required by law.

11.3 To the extent Oracle is required to respond to the request, it will first assess on a case-by-case basis whether the request is legally valid and binding on Oracle, including whether the request is consistent with Applicable Data Protection Law. Any request that is not legally valid and binding on Oracle will be resisted in accordance with applicable law.

12. Data Protection Officer

12.1 Oracle has appointed a Chief Privacy Officer and a local Data Protection Officer in certain countries. Further details on how to contact Oracle's Chief Privacy Officer and, where applicable, the local Data Protection Officer, are available at <https://www.oracle.com/legal/privacy/index.html>.

- to provide select business-to-business services to Oracle customers using publicly available information about companies which may include personal information such as the name of a company's CEO that is publicly available.

These purposes are described below in further detail.

To communicate and respond to your requests and inquiries to Oracle

If you get in touch with us (such as by submitting contact forms on our sites, reaching out to us via Oracle Sales chat, attending Oracle events or other occasions, sending an email or by visiting social media platforms), we process information about you to communicate with you and to respond to your requests or other inquiries. We can also process personal information to interact with you on third party social networks.

To create an Oracle SSO account and deliver functionality on our sites and for their technical and functional management

When you choose to register with us (such as to make use of our communities), we need to process the personal information provided by you so that we can create an Oracle account for you. Please note, this only applies to personal information controlled by Oracle, not personal information Oracle processes on behalf of our customers.

To engage in transactions with customers, suppliers and business partners and to process purchases of our products and services

If you place an order for our products and services, or if you provide services to Oracle, our employees, customers or partners as a supplier or business partner, Oracle processes information about you to engage in and administer the relevant transactions (such as by sending invoices and making payments), administer your order, and help you get started and adopt our products and services (e.g., by contacting you to activate your Cloud services credits). We may also process your personal information to post testimonials on our sites, but will first obtain your consent to use your name and testimonial.

To provide select services to Oracle customers using publicly-available information which may include personal information such as the name of a company's CEO

For some business-to-business services, we may collect the publicly available names of company directors and officials to better understand the status of these companies and help inform our services which relate to providing customers information about other companies.

This Schedule P shall coterminate with the General Terms provided, however, that each ordering document issued and executed under the General Terms and this Schedule P shall continue to be in full force and effect, and the terms of the General Terms and this Schedule P shall continue to apply thereto, in each case, unless and until such ordering document has expired or been terminated. As used in this Schedule P, "You" or "Your" shall refer to the Customer placing an order under the General Terms and this Schedule P.

1. DEFINITIONS

1.1 "**Commencement Date**" refers to the date of shipment of tangible media or the effective date of the order if shipment of tangible media is not required.

1.2 Capitalized terms used but not defined in this Schedule P have the meanings set forth in the General Terms.

2. RIGHTS GRANTED

2.1 Upon the full signing of Your order by both Oracle and You, You have the non-exclusive, non-assignable, royalty free, perpetual (unless otherwise specified in the order), limited right to use the Programs and receive any Program-related Service Offerings You ordered solely for Your internal operations and subject to the terms of the Master Agreement, including the definitions and rules set forth in the order and the Program Documentation.

2.2 Upon payment for Program-related Service Offerings, You have the non-exclusive, non-assignable, royalty free, perpetual, limited right to use for Your internal operations anything developed by Oracle and delivered to You under this Schedule P ("deliverables"); however, certain deliverables may be subject to additional license terms provided in the order.

For Programs that are specifically designed to allow Your customers and suppliers to interact with You in the furtherance of Your internal business operations, such use is allowed under the General Terms and this Schedule P.

2.4 You may make a sufficient number of copies of each Program for Your licensed use and one copy of each Program media.

3. RESTRICTIONS

3.1 The Programs may contain or require the use of third party technology that is provided with the Programs. Oracle may provide certain notices to You in Program Documentation, readmes or notice files in connection with such third party technology. Third party technology will be licensed to You either under the terms of the Master Agreement or, if specified in the Program Documentation, readmes or notice files, under Separate Terms. Your rights to use Separately Licensed Third Party Technology under Separate Terms are not restricted in any way by the Master Agreement. However, for clarity, notwithstanding the existence of a notice, third party technology that is not Separately Licensed Third Party Technology shall be deemed part of the Programs and is licensed to You under the terms of the Master Agreement. For purposes of clarification, a Customer who acquires Separately Licensed Third Party Technology under an order shall be the licensee of such Separately Licensed Third Party Technology and therefore, the recipient of the applicable notices and any associated source code for Separately Licensed Third Party Technology. Your entry into this Master Agreement does not constitute Your waiver of any rights or defenses available to You under applicable law with respect to Your use of Separately Licensed Third Party Technology.

Attachment E-2

If You are permitted under an order to distribute the Programs, You must include with the distribution all such notices and any associated source code for Separately Licensed Third Party Technology as specified, in the form and to the extent such source code is provided by Oracle, and You must distribute Separately Licensed Third Party Technology under Separate Terms (in the form and to the extent Separate Terms are provided by Oracle). - d. disclose results of any Program benchmark tests without Oracle's prior written consent, except as required by applicable law, provided that You give Oracle prior notice and an opportunity to oppose such disclosure (unless prohibited by law).

The technical support policies are incorporated in this Schedule P and are subject to change at Oracle's discretion; however, Oracle policy changes will not result in a material reduction in the level of technical support services provided for supported Programs during the period for which fees for technical support have been paid. You should review the policies prior to entering into the order for the applicable technical support services. You may access the current version of the technical support policies at <http://oracle.com/contracts>.

5.2 If You decide to purchase technical support for any Program license within a license set, You are required to purchase technical support at the same level for all licenses within that license set. You may desupport a subset of licenses in a license set only if You agree to terminate that subset of licenses. The technical support fees for the remaining licenses will be priced in accordance with the technical support policies in effect at the time of termination or as otherwise agreed in writing by Oracle and You. Upon 45 days written notice, Oracle may audit Your use of the Programs to ensure Your use of the Programs is in compliance with the terms of the applicable order and the Master Agreement. Any such audit shall not unreasonably interfere with Your normal business operations. You agree to cooperate with Oracle's audit and provide reasonable assistance and access to information. Such assistance shall include, but shall not be limited to, the running of Oracle data measurement tools on Your servers and providing the resulting data to Oracle. Oracle shall comply with reasonable security and safety rules, policies, and procedures, including but not limited to any facility or system access rules applicable to outside parties ("security rules") while performing any such audit, provided that such security rules are applicable to the performance of the audit; You make such security rules available to Oracle prior to the commencement of the audit; and such security rules do not modify or amend the terms and conditions of the Master Agreement or the applicable order. If the audit identifies non-compliance, You shall be responsible for remedying such non-compliance, which may include, without limitation, the payment of any fees for additional licenses for Programs or the discontinuation of noncompliant use. If the remedy requires You to pay fees, You will submit a contract modification to document the amount of such fees. The performance of the audit and non-public data obtained during the audit (including findings or reports that result from the audit) shall be subject to the provisions of (Nondisclosure) of the General Terms. You agree that Oracle shall not be responsible for any of Your costs incurred in cooperating with the audit.

If You in good faith provide Oracle with written notice of an alleged error in the amount of underpaid fees due Oracle as a result of an audit under this section (the "dispute"), then the parties will endeavor to resolve the dispute in accordance with this paragraph. Each party will appoint a Vice President (or equivalent level) to discuss the dispute and no formal proceedings for the judicial resolution of such dispute, except for the seeking of equitable relief, may begin until either Vice President (or equivalent level) concludes, after a good faith effort to resolve the dispute, that resolution through continued discussion is unlikely. The party concluding that resolution through continued discussion is unlikely will provide notice thereof to the other party. In addition, the parties shall refrain from exercising any termination right and shall continue to perform their respective obligations under the General Terms, this Schedule P and the applicable ordering document(s), while they endeavor to resolve the dispute under this paragraph.

Oracle Open Source Service Offering(s) are available for certain systems, and may be subject to additional restrictions as set forth in the Oracle Open Source Support Policies. - b. Give Oracle sole control of the defense and any settlement negotiations; and
- c. Give Oracle the information, authority, and reasonable assistance it needs to defend against or settle the claim; reasonable out-of-pocket expenses incurred by You in providing such assistance will be reimbursed by Oracle.

3.2. If Oracle believes or it is determined that any Covered Programs may have violated a third party's intellectual property rights, Oracle may choose to either modify the Covered Programs to be non-infringing (while substantially preserving their utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, then Oracle may, upon 30 days notice to You, terminate Your right to receive indemnification for Your further use of the Covered Programs and refund any unused, prepaid service fees, You have paid for the Covered Programs.

3.3. Notwithstanding the above, Oracle will not defend or indemnify You in connection with claims, damages, liabilities, costs or expenses arising out of, or caused by, or related to: (a) Your distribution of the Covered Programs; (b) Your alteration of the Covered Programs; (c) Your use of a version of the Covered Programs which has been superseded, if the infringement claim could have been avoided by using the current version of the Covered Programs; (d) Your use of the Covered Programs outside the scope of use identified in the user documentation or the Oracle Open Source Support Policies; (e) Your use of the Covered Programs when You were not a subscriber to the Oracle Linux Service Offering(s) and/or Oracle VM Service Offering(s); (f) any information, design, specification, instruction, software, data, or material not furnished by Oracle; (g) the combination of any Covered Programs with any products or services not provided by Oracle; (h) Your claim, lawsuit, or action against a third party. 4.1. Oracle warrants that the Oracle Open Source Service Offering(s) will be provided in a professional manner consistent with industry standards. Attachment E-4

4.3. ORACLE DOES NOT GUARANTEE THAT ANY PROGRAMS ASSOCIATED WITH THE ORACLE OPEN SOURCE SERVICE OFFERING(S) (INCLUDING BUT NOT LIMITED TO THE ORACLE LINUX, ORACLE VM OR ORACLE VERRAZZANO PROGRAMS) WILL PERFORM ERROR-FREE OR UNINTERRUPTED OR THAT ORACLE WILL CORRECT ALL PROGRAM ERRORS. FOR ANY BREACH OF THE ABOVE WARRANTIES, YOUR EXCLUSIVE REMEDY, AND ORACLE'S ENTIRE LIABILITY, SHALL BE THE REPERFORMANCE OF THE DEFICIENT ORACLE OPEN SOURCE SERVICE OFFERING(S), OR IF ORACLE CANNOT SUBSTANTIALLY CORRECT A BREACH IN A COMMERCIALY REASONABLE MANNER, YOU MAY END THE RELEVANT ORACLE OPEN SOURCE SERVICE OFFERING(S) AND RECOVER THE FEES PAID TO ORACLE FOR THE DEFICIENT ORACLE OPEN SOURCE SERVICE OFFERING(S).

5. LIMITATION OF LIABILITY FOR INFRINGEMENT CLAIMS

For purposes of this Schedule OSSS, the limitation of liability in the General Terms referenced above shall not be construed to limit Oracle's indemnification obligation or Your exclusive remedy for any infringement claims or damages, liabilities, costs or expenses under Section 3 of this Schedule OSSS.

6. GOVERNING LAW AND JURISDICTION

Intentionally Omitted.

7. AUDIT

Upon 45 days written notice, Oracle may audit Your use of the Oracle Open Source Service Offering(s) to ensure Your use of the Oracle Open Source Service Offering(s) is in compliance with the terms of the applicable order and the Master Agreement. If You in good faith provide Oracle with written notice of an alleged error in the amount of underpaid fees due Oracle as a result of an audit under this section (the "dispute"), then the parties will endeavor to resolve the dispute in accordance with this paragraph. Each party will appoint a Vice President (or equivalent level) to discuss the dispute and no formal proceedings for the judicial resolution of such dispute, except for the seeking of equitable relief, may begin until either Vice President (or equivalent level) concludes, after a good faith effort to resolve the dispute, that resolution through continued discussion is unlikely. The party concluding that resolution through continued discussion is unlikely will provide notice thereof to the other party. In addition, the parties shall refrain from exercising any termination right and shall continue to perform their respective obligations under the General Terms, this Schedule OSSS and the applicable ordering document(s), while they endeavor to resolve the dispute under this paragraph.

Similarly, a Customer may terminate any Ordering Document if funds sufficient to pay amounts due thereunder in a subsequent fiscal period are not (x) appropriated by the applicable state legislature, federal government or other appropriate government entity in such fiscal period or (y) received in such fiscal period from a previously committed federal or State grant. In the event of such insufficiency, Supplier will be provided fifteen (15) calendar days prior written notice of intent to terminate, together with reasonable details regarding the non-appropriation of funds, as reasonably requested by Supplier or as mandated by applicable law. The determination by the State or Customer, as applicable, as to whether sufficient appropriations are available shall be accepted by Supplier as final and binding. Notwithstanding the foregoing, (i) each Customer agrees to pay for all Products delivered and Service Offerings performed (subject to, in the case of fixed price consulting engagements, the terms of the applicable acceptance provision (if any)) prior to the termination date stated in such Customer's notice of non-appropriations and (ii) the State's or applicable Customer's right to use any part of the Products shall terminate on such termination date.</p>

Notwithstanding the foregoing, in the event of a material breach by a Customer, Supplier shall have the right to 1) terminate any orders with the breaching Customer, provided that for breaches arising out of nonpayment for State Entity Acquisitions where OMES has placed an order on behalf of another State Entity and payment obligations are identified in the order as shifted to that State Entity, Supplier may only terminate orders placed by that State Entity (or by OMES on behalf of that State Entity); and 2) decline to accept orders from an Affiliate who is a breaching Customer for the term of the Contract.</p> <p>B The State may terminate the Contract in whole or in part if (i) it has provided Supplier with written notice of material breach, including any event identified in OAC 260: 115-9-1(j) that would constitute a material breach of this Contract, and (ii) Supplier fails to cure such material breach within thirty (30) days of receipt of written notice. Similarly, a Customer may terminate its obligations, in whole or in part, to Supplier if it has provided Supplier with written notice of a breach of a material term of the Contract, and Supplier fails to cure such breach within thirty (30) days of receipt of written notice. Supplier may terminate an Ordering Document in the event (i) it has provided the Customer with written notice of breach of a material term of the Ordering Document and (ii) the Customer fails to cure such breach within thirty (30) days of receipt of written notice. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded.</p> <p>C The non-breaching party may agree in its sole discretion to extend the 30 day period for so long as the breaching party continues reasonable efforts to cure the breach.</p> <p>D The State and Customer agree that if State or Customer is in default under the Contract, the State or Customer may not use those Products or Service Offerings ordered if the breach remains uncured after the cure period. If the State or Customer has used a contract with Supplier or an affiliate of Supplier to pay for the fees due under an order and State or Customer is in default under that contract, State or Customer may not use the Products and/or Service Offerings that are subject to such contract.
