AUTHORIZED DEALERS / DISTRIBUTORS LIST

Please complete the form below if using distributors through which Participating Entities are able to purchase products, parts, or services awarded through this RFP. If awarded a contract, manufacturers shall ensure the Lead State Contract Administrator is provided with up-to-date information regarding the status of approved distributors.
 All sales through an approved vendor must be reported to the manufacturer to ensure proper reporting on contract usage to NASPO and compliance with participating entity reporting requirements.
 For the full life of the contract, including all renewal options, the Lead State Contract Administrator should be notified in writing, via email, if any distributors should be removed or added from the list of approved distributors.
 Distributors may provide service nationally or locally. The distributor coverage area should be listed in the appropriate section of this form (additional pages may be used if needed).
