Southwest Solutions Group

Contract Highlights

A comprehensive catalog of products for virtually every market and need, including the following manufacturers:

- **Eagle Group:** A wide range of solutions offered include wire shelving, carts, and stainless steel solutions for healthcare, laboratory and industrial settings.
- **Hamilton Casework Solutions:** Offering a range of casework solutions for every industry, such as workplace and laboratory islands, work centers, and pharmacy workstation partitions. Additional products include laminate lockers with SMART locks and standard locking capabilities. Additionally, custom solutions are offered to ensure your specific requirements and preferences are met.
- **Wirecrafters:** Solutions include secure enclosures, DEA-certified wire cages, partitions, machine guarding, pallet rack safety systems, and more.
- **Wisconsin Bench:** Solutions offered include cabinets, benches, and lockers, band and orchestra instrument storage, modular casework, mobile furniture, and custom solutions.
- **Rousseau Metal:** Solutions offered include metal cabinets with and without drawers, workbenches and workstation systems, heavy-duty industrial shelving, tool and parts storage, and multilevel storage.
- **Legacy Lockers:** Solutions offered include lockers with SMART and standard locks, and storage cabinets, and fire station beds. Laminate and veneer construction with wood or PVC substrate are available, along with custom solutions to meet specific requirements.
- **Kardex Remstar:** Solutions offered include Lektriever light duty automated vertical carousels, heavy duty industrial automated vertical carousels, tray based vertical lift modules, and integrated software solutions.
- **StoreMoreStore:** Solutions and services offered include efficient storage solutions such as turnkey document scanning technology, office furniture, industrial equipment, carts, stainless steel solutions, mailroom furniture, lockers, bin shelving, modular casework, wire shelving, secure and open

storage shelving, library shelving and furniture, pallet racking, heavy-duty storage systems, and laboratory furniture.

- **Pentagon:** Solutions offered include security shutters, retail closures, storage shutters, and retractable screens. Custom Solutions are also available to meet specific needs.
- **Liat Furniture:** Solutions tailored for K-12 and higher education environments. Products offered include a wide variety of individual and group seating solutions, maker space workstations, study carrels, library shelving, and furniture such as sofas, accent chairs, tables, and partitioning.

A 30% to 50% discount off the list price of our offerings. In addition, our products include installation and freight.

A dedicated internal team that specializes in custom systems and coordination. Our planning team is committed to providing timely solutions and designs for our 35 outside sales representatives and our inside sales team, with an impressive 72-hour turnaround time.

All projects begin with an in-depth design phase that ensures all needs are addressed and thoughtfully included. Our team is throughout the design, planning, installation, and maintenance phases, ensuring a seamless experience.

Ongoing maintenance services to ensure the long-term performance of products.
