

# National Public Seating - SW0070ECNP

National Public Seating®

Contract Highlights

**TAA Compliant** – Nationwide access to a comprehensive portfolio of furniture and related products designed and manufactured with American ingenuity to withstand the rigors of everyday use, providing multifunctional solutions for a variety of environments, including: cafeterias, auditoriums, music rooms, training rooms, science labs, art rooms, media centers, banquet halls, worship centers, outdoor, and industrial settings. From seating and table surfaces, to portable risers and stages, National Public Seating® (**NPS**) has a product for your needs.

**Eco-Friendly** – Partner with a “Green” company that embraces eco-friendly practices.

**Avoid the Bid Process** – Equalis Group Members will receive 43%+ off list discount based on product type and total list-price order amount.

**Quick Ship Availability** – The NPS catalog offers the nations most complete in-stock quick ship line of folding chairs & tables, stack chairs, science lab tables & stools, and performing arts furniture, offering solutions to meet almost every need, delivered with shortened lead times.

**Built to Last Quality** – All products are built to institutional-grade specs and are backed by a comprehensive 10-year standard warranty.

## Who is National Public Seating?

Established in 1997, National Public Seating’s mission has always been to provide high-quality furniture at fair value pricing on industry leading lead times. Our entry into the furniture market began with folding furniture for the education sector. As the markets evolved, we expanded our offering to match the market’s needs. Today, NPS is no longer simply a quick ship manufacturer, but rather a dedicated team of project solution specialists. While still maintaining our commitment to our core principles, our line has grown to include full offerings of: Folding and Stacking Furniture, Presentation Furniture, Science Lab Furniture, Storage Solutions, Performing Arts Furniture, Cafeteria Furniture, and Workstations. Products are sold through our global dealer network which serves various markets including K-12, Higher Ed, Government, Office, and Hospitality. We offer in-house design services and our catalog can be found in CET, 2020 and KITS Collaborator.

Our brands: National Public Seating, Oklahoma Sound, and Basics by NPS.
