

Oklahoma Office of Homeland Security

Medical Preparedness and Response for Bombing Incidents MGT-348

April 10-11, 2012
Oklahoma City, OK

Course Overview: This course addresses medical preparedness for and response to blast effects through a combination of lectures, small group activities and tabletop participant exercises. Participants completing this course will gain an enhanced understanding and awareness of issues and considerations relating to bombing incidents. Content areas include identification of targets, explosives characteristics, pre-attack indicators, pre- and post detonation response, bombing injuries, security, and resource management.

Prerequisites: IS-100, IS-200 and IS-700

Participant Audience: Nurses, Physicians, Emergency Room Personnel, Trauma Surgeons, Emergency Medical Services, (EMS) Personnel, Emergency Managers, Hospital Administrators

Date and Location: April 10-11, 2012; 8 am-5 pm. INTEGRIS Cancer Institute of Oklahoma 5911 W Memorial Rd, Conference Rm. C, OKC, OK 73142
