

## The Revised Second Edition ASAM Patient Placement Criteria: Using ASAM PPC-2R

### Program Purpose

Clinicians involved in planning and managing care often lack a common language and systematic assessment and treatment approach that allows for effective, individualized service plans. The Patient Placement Criteria of the American Society of Addiction Medicine (ASAM) first published in 1991, provides a common language to help the field develop a broader continuum of care. The second edition (PPC-2) was published in 1996 and a revised second edition (ASAM PPC-2R) was published April, 2001. This one-day workshop is designed to introduce the ASAM Patient Placement Criteria to clinicians and administrators. This workshop will explain the underlying principles of the ASAM Patient Placement Criteria (PPC); update participants in new developments with the ASAM PPC and learn how to apply the ASAM Criteria in individualized treatment and care management. This workshop will enable participants to begin to implement the ASAM Criteria and through careful assessment, tailored services planning and broadening services provide a more flexible continuum of care.

### Learning Objectives

Upon completion of the workshop, the participant shall be able to:

1. Demonstrate an understanding of the underlying concepts and principles of the ASAM Patient Placement Criteria.
2. Discuss changes made in the revised second edition of the ASAM Criteria, ASAM PPC-2R that include criteria for those with co-occurring mental and substance-related disorders.
3. Apply the ASAM PPC-2R in clinical work to broaden services and better meet the needs of clients, including co-occurring clients.

### Facilitator

Ray Caesar LPC, LADC.

Director of Addiction Specialty Programs

**Ray Caesar** has worked in the addictions field for over thirty years, as a clinician, educator, consultant, author, and program director. His efforts have been in both the treatment and the prevention arenas. He has authored numerous pamphlets, manuals and one book. He has extensive background in program development, having created and operated several alcohol and drug treatment programs, ranging from outpatient to residential and inpatient detoxification units. He currently works for the Oklahoma Department of Mental Health and Substance Abuse Services. In this capacity he is responsible for the certification of all ADSAC (DUI) organizations, facilitators, assessors and assessment agencies. He is also in charge of the loan fund and development program for Oxford House and is the State Opioid Treatment Authority. Mr. Caesar received both his undergraduate in psychology and his graduate degree in counseling psychology from the University of Central Oklahoma in Edmond and is licensed as a professional counselor (LPC) and as an alcohol and drug counselor (LADC).
