

New methodology or rate.

States have flexibility in designing their payment methodologies and may offer alternatives. The State has proposed to CMS Per Member Per Month (PMPM) HH care coordination rates that are all-inclusive of primary care and behavioral health services for each HH enrollee. States cannot duplicate services covered under the Health Home rate. For example, Targeted case management, Medication Training and Peer to Peer Support will no longer be billable if an individual is enrolled in a HH. Outreach and engagement is billable for up to 3 months; can only bill once per month.

Table 1 – Proposed Health Home Rates

Population and Level of Service	Urban (PMPM)	Rural (PMPM)
SMI	\$127.35	\$ 146.76
SMI - PACT	\$453.96	\$ 453.96
SED, Wraparound	\$864.82	\$1009.60
SED, Transition or Service Coordination	\$297.08	\$ 345.34
Outreach & Engagement (SMI and SED)	\$53.98	\$53.98
